(*a*) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and

(*b*) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election, and

(*c*) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and

(Part II.—Chapter III.—Election and appointment of Councillors and Aldermen.—Clauses 56-60).

(*d*) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void.

Explanation.—For the purposes of this sub-section "treating" means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

(*a*) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice, and

(*b*) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of such corrupt practice with any such recommendations as they may desire to make for the exemption of any such persons from any disqualifications they may have incurred in this connection under this Chapter.

Provided that—

(*i*) when any loan, or part thereof, which is raised after the commencement of this Act, is consolidated under section 114, the Corporation shall transfer to the Sinking Fund established for such consolidated loan the sum standing at credit of the Sinking Fund of the original loan, or if part only of a loan is consolidated, then such part of the sum standing at credit of the Sinking Fund of the original loan as is proportionate to the amount of the original loan which is incorporated in the consolidated loan ; and

(*ii*) when any loan, or part thereof, which was raised before the commencement of the Calcutta Municipal (Loans) Act, 1914, has been consolidated, the Corporation shall transfer such amounts as the Government of India may direct from the Sinking Fund maintained under clause (*i*) of section 112, and from Sinking Fund A maintained before the commencement of the said Act to the Sinking Fund established for consolidated loans under section 114, sub-section (*4*). 121. (*1*) All Sinking Funds established under this Act shall be subject to annual examination by the Accountant-General, Bengal, who shall ascertain whether the cash and the current value of the securities at credit of such funds are actually equal to the amount which would have accumulated had investments been regularly made and had the rate of interest as originally estimated been obtained therefrom. [*Cf.* 1899, s. 141F.]

(*2*) The Corporation shall forthwith pay into any Sinking Fund any amount which the Accountant-General may certify to be deficient, unless the Local Government specially sanction a gradual readjustment.

Provided that no such attachment shall defeat or prejudice any debt for which the fund attached was previously pledged in accordance with law, but all such prior charges shall be paid out of the proceeds of the fund before any part of the proceeds is applied to the satisfaction of the debt due to the Government.

(*a*) land or buildings in or on which any trade or business is carried on ; and

(*b*) land or buildings in respect of which rent is derived, whether such rent is or is not applied exclusively to religious purposes or purposes of public charity.

gross annual rent at which the land or building might reasonably be expected to let from year to year, less, in the case of a building, an allowance of ten *per cent.* for the cost of repairs and for all other expenses necessary to maintain the building in a state to command such gross rent; and

(*b*) the annual value of any building not erected for letting purposes and not ordinarily let shall be deemed to be five *per cent.* on the sum obtained by adding the estimated present cost of erecting the building, less a reasonable amount to be deducted on account of depreciation (if any), to the estimated value of the land valued with the building as part of the same premises:

Provided as follows:—

(*i*) the annual value of a *bustee* shall be deemed to be the gross annual rent at which the land contained within it might reasonably be expected to let from year to year, *plus* the gross annual rent at which the huts or structures erected thereon might reasonably be expected to let from year to year, after deducting therefrom the rent of the land and an allowance of ten *per cent.* for the cost of repairs and for all expenses necessary to maintain such huts or structures in a state to command such gross rent;

(*ii*) in calculating the value of any land or building under this section, the value of any machinery on such land or in such building shall be excluded; but all fixtures, including lifts and electric and other fittings, which add to the convenience of the building, shall be valued;

(*iii*) if in the case of a building valued under clause (*b*), any exceptional circumstances exist which render a valuation of five *per cent.* on the cost of erecting the building less depreciation, excessive, a lower percentage may be taken;

(*iv*) when any building has been valued at a special percentage taken under proviso (*iii*), it may be re-valued at any time after the exceptional circumstances referred to in that proviso have ceased to exist.

Annual value of land or building belonging to the Calcutta Improvement Trust.

(*3*) No person shall erect or add to any building between a street alignment and the building-line without first obtaining the permission of the Corporation to do so :

Provided that it shall not be necessary to obtain permission under this sub-section to erect, between a street alignment and the building-line,—

(*a*) a porch or balcony, or,

(*b*) along not more than one-third of the frontage, an outhouse not exceeding fifteen feet in height.

(*4*) If the Corporation grant permission under sub-section (*3*), they may require the applicant to execute an agreement in accordance with the proviso to sub-section (*1*).

Power to Corporation to take possession of, and add to street, land situated within prescribed street alignment or covered by projecting buildings.

305. (*1*) The Corporation may at any time take possession of— [*Cf.* 1899, s. 352.]

(*a*) any land (abutting on a public street) upon which any building or wall, or portion thereof projecting beyond the front of the adjoining building or wall, on either side of such first-mentioned building or wall, has collapsed or been demolished or burnt down, and

(*b*) any land not covered by buildings (including land on which a building has collapsed or been demolished or burnt down) which is situated within a street alignment prescribed under section 303,

after making full compensation to the owner thereof for any direct damage which he may sustain thereby.

(*2*) Any land taken possession of under sub-section (*1*) shall forthwith be added to and become part of the said street, and shall vest in the Corporation.

Explanation.—The expression "direct damage," as used in sub-section (*1*) with reference to land, means the market-value of the land taken and the depreciation, if any, in the ordinary market-value of the rest of the land resulting from the area being reduced in size ; but does not include damage due to any particular use to which the owner may allege that he intended to put the land although such use may be injuriously affected by the reduction of the site.

Power to Corporation to set buildings forward to improve line of public street.

306. The Corporation may, upon such terms as they think fit, allow any building or wall to be set forward for the purpose of improving the line of a public street. [*Cf.* 1899, s. 353.]

(Part V.—Chapter XX.—Streets and public places.—Clauses 307-311.)

Opening, improvement and closing of public street.

Power to Corporation to make, improve and close streets

307. The Corporation may— [*Cf.* 1899, s. 354]

(*a*) lay out and make new streets;

(*b*) construct new bridges and sub-ways;

(*c*) turn, divert, discontinue or permanently close any public street or part thereof; and

(*d*) widen, open, enlarge, or otherwise improve any public street.

Power to Corporation to dispose of so much of a permanently-closed street as is not required

308. (*1*) When any public street, or part thereof, is permanently closed under section 307, the Corporation may sell or lease the site of so much of the road-way and foot-path as is no longer required, making due compensation to, or providing means of access for, any person who may suffer damage by such closing. [*Cf.* 1899, s. 355]

(*2*) In determining such compensation under section 513, the court shall make allowance for any benefit accruing to the same premises or any adjacent premises belonging to the same owner from the construction or improvement of any other public street at or about the same time that the public street, on account of which the compensation is paid, is closed.

Projected public streets.

Projected public streets

309. (*1*) The Corporation may from time to time prepare schemes and plans of projected public streets, showing the direction of such streets, the street alignment and building-line on each side of them, their intended width, and such other details as may appear desirable. [*Cf.* 1899, s. 356]

(*2*) The width of such projected streets, inclusive of space for foot-paths, shall not be less than forty feet or, in a *bustee*, twenty feet:

Provided that—

(*a*) this sub-section shall not apply in any case in which the projected street, or any part thereof, runs along an existing street and the Corporation consider it impracticable to widen the street to the extent of forty feet or twenty feet, as the case may be; and

(*b*) if the width of the projected street be less than forty feet, the building-line for masonry buildings on each side thereof shall not be less than twenty feet from the centre line of such street.

Provisions of section 304 to apply to projected public streets

310. The provisions of section 304 shall, with all necessary modifications, apply to public streets projected under section 309.

Acquisition of land and buildings.

Power to Corporation to acquire land and buildings for improvement of public streets

311. (*1*) The Corporation may acquire— [*Cf.* 1899, s. 357]

(*a*) any land required for the purpose of opening, widening, extending or otherwise improving any public street, or of making any new public street, and

(*b*) the buildings (if any) standing upon such land.

(Part V.—Chapter XX.—Streets and public places.—Clause 312.)

(2) The Corporation, with the sanction of the Local Government, may acquire, in addition to land and buildings acquired under sub-section (1), any land outside any proposed street alignment, with the buildings (if any) standing thereupon, which the Corporation may, for any of the purposes mentioned in sub-section (1), consider it expedient to acquire.

Abandonment of acquisition.

Abandonment of acquisition in consideration of special payment.

312. (1) In any case in which the Local Government have sanctioned the acquisition of land under section 311, sub-section (2), the owner of the land, or any person having an interest therein, may make an application to the Corporation, requesting that the acquisition of the land may be abandoned in consideration of the payment by such person of a sum to be fixed by the Corporation in that behalf. [*Cf.* 1899, s 357, and Ben Act V of 1911, s. 78.]

(2) The Corporation shall admit every such application, if it—

(*a*) reaches them before the time fixed by the Collector under section 9 of the Land Acquisition Act, 1891, for making claims in reference to the land, and I of 1894.

(*b*) is made by all persons who have interests in the land greater than a lease for years having seven years to run.

(3) If the Corporation admit any such application, they shall forthwith inform the said Collector, and the Collector shall thereupon stay, for a period of three months, all further proceedings for the acquisition of the land and the Corporation shall proceed to fix the sum in consideration of which the acquisition of the land may be abandoned.

(4) Within the said period of three months, or, with the permission of the Corporation, at any time before the Collector has taken possession of the land under section 16 of the Land Acquisition Act, 1894, the person from whom the Corporation have arranged to accept the sum so fixed may, if the Corporation are satisfied that the security offered by him is sufficient, execute an agreement with the Corporation, either— I of 1894.

(*i*) to pay the said sum two years after the date of the agreement, or

(*ii*) to leave the said sum outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at the rate of six *per cent. per annum*, and to make the first annual payment of such interest three years after the date of the agreement:

Provided that the Corporation may, at any time before the Collector has taken possession of the land under section 16 of the Land Acquisition Act, 1894, accept immediate payment of the said sum instead of an agreement as aforesaid. I of 1894.

(5) When any agreement has been executed in pursuance of sub-section (4), or when any payment has been accepted in pursuance of the proviso to that sub-section, in respect of any land, the proceedings for the acquisition of the land shall be deemed to be abandoned.

(Part V.—Chapter XX.—Streets and public places.—Clauses 313-315.)

(6) Every payment due from any person under any agreement executed under sub-section (4) shall be a charge on the interest of that person in the said land.

(7) If any instalment of interest payable under an agreement executed in pursuance of clause (*ii*) of sub-section (4) be not paid on the date on which it is due, the sum fixed by the Corporation under sub-section (3) shall be payable on that date, in addition to the said instalment.

(8) At any time after an agreement has been executed in pursuance of clause (*ii*) of sub-section (4), any person may pay off the charge created thereby, with interest, at the rate of six *per cent. per annum* up to the date of such payment

(9) When an agreement in respect of any land has been executed by any person in pursuance of sub-section (4), no suit with respect to such agreement shall be brought against the Corporation by any other person (except an heir, executor or administrator of the person first aforesaid) claiming to have an interest in the land.

Recovery of money payable in pursuance of section 312

313. When an agreement has been executed by any person in pursuance of section 312, sub-section (4), in respect of any land, and any money payable in pursuance of that section is not duly paid, the same shall be recoverable by the Corporation (together with interest up to the date of realization, at the rate of six *per cent. per annum*), under the provisions of this Act :

[*Cf* 1899, s. 67, and Ben. Act V of 1911, s. 78.]

and, if not so recovered, the Corporation may, after giving public notice of their intention to do so, and not less than one month after the publication of such notice, sell the interest of the said person or successor in such land by public auction, and may deduct the said money and the expenses of the sale from the proceeds of the sale, and shall pay the balance (if any) to the defaulter.

Agreement or payment under section 312 not to bar acquisition under a fresh declaration.

314. If any land in respect of which an agreement has been executed, or a payment has been accepted, in pursuance of section 312, sub-section (4), be subsequently required for any of the purposes of this Act, the agreement or payment shall not be deemed to prevent the acquisition of the land in pursuance of a fresh declaration published under section 6 of the Land Acquisition Act, 1894.

[*Cf* 1899, s. 67, and Ben. Act V of 1911, s. 80.]

Provided that the Corporation may allow a private street to be made or laid out of a width less than forty feet but not less than twenty feet, if the distance between the building-lines for masonry buildings on each side of the street be not less than forty feet:

Provided also that, at the time of sanctioning the making of a private street less than forty feet in width, the Corporation may reserve the right to call upon the person to whom such sanction is granted, or his successor in interest, at any time after a period to be fixed by the Corporation, to widen such street to the full width of forty feet, and such person or his successor in interest shall thereupon be bound to obey such requisition.

(*3*) Within sixty days after the receipt of any notice under sub-section (*1*), the Corporation shall either sanction the making of the street, or disallow it, or ask for further information with respect to such street.

(*4*) Such sanction may be refused—

(*i*) if the proposed street would conflict with any arrangements which have been made, or which are in the opinion of the Corporation likely to be made, for carrying out any general scheme of street improvement, or

(*ii*) if the proposed street does not conform to the provisions of this Act referred to in sub-section (*2*), or

(*iii*) if the proposed street is not designed so as to connect at one end with a street which is already open.

(*5*) If further information is asked for under sub-section (*3*), no steps shall be taken to make or lay out the street until orders have been passed upon receipt of such information.

Prohibition of breach of section 315.

316. No person shall make or lay out any street referred to in section 315, sub-section (*1*),— [*Cf.* 1899, s. 859.]

(*a*) until he has obtained the sanction of the Corporation under that section, or

(*b*) in contravention of any orders made thereunder.

Alteration or demolition of street made in breach of section 315.

317. (*1*) If any person makes or lays out any street referred to in section 315, sub-section (*1*), without having obtained the sanction of the Corporation under that section, or in contravention of any orders made thereunder, they may, whether or not the offender be prosecuted under this Act, by written notice,— [*Cf.* 1899, s. 860.]

(*a*) require the offender to show sufficient cause, by a written statement signed by him and sent to the Corporation on or before such day as may be specified in the notice, why such street should not be altered to their satisfaction or, if such alteration be impracticable, why such street should not be demolished, or

(Part V.—Chapter XX—Streets and public places.—Clauses 318, 319.)

(*b*) require the offender to appear before them, either personally or by a duly authorized agent, on such day and at such time and place as may be specified in the notice, and show cause as aforesaid.

318. (*1*) If any private street or any part thereof be not levelled, paved, metalled, flagged, channelled, sewered, drained and lighted to the satisfaction of the Corporation, they may, by written notice to the owner of such private street or the respective owners or occupiers of the land fronting, adjoining or abutting upon such street or part, as the case may be, require them to level, pave, metal, flag, channel, sewer, drain and light such street or part. [*Cf.* 1899, s. 361.]

319. If any private street which conforms to the provisions of this Act referred to in section 315, sub-section (*2*), be levelled, paved, metalled, flagged, channelled, sewered, drained and lighted to the satisfaction of the Corporation, and if a majority of— [*Cf.* 1899, s. 362.]

(*a*) the owners of buildings in such street, or

(*b*) the owners of the street, or

(*c*) the owners or occupiers who have paid the expenses referred to in section 318, sub-section (*2*),

signify in writing their consent thereto, the Corporation may, if they think fit, declare the same, by written notice put up in any part of such street, to be a public street, and thereupon the same shall become a public street and shall vest in the Corporation.

CHAPTER XXII.

(*a*) any *bustee* the total area of which, as comprised within the limits defined under section 331, is less than one *bigha*, or,

(*b*) any masonry building in a *bustee* or land pertaining to such building, unless such building and land be purchased or acquired by the Corporation.

Improvement of bustees.

Power to Corporation to require preparation of standard plan by owner of *bustees*.

333. (*1*) The Corporation may at any time, if it appears to them that any *bustee*, for sanitary or other reasons, requires improvement, serve a written notice upon the owner of such *bustee* requiring him to prepare and submit a plan of the *bustee*, to the scale of twenty-five feet to the inch, showing— [*cf.* 1899, s. 400.]

(*a*) the manner in which the *bustee* should be laid out, with the huts standing in regular lines and with a free passage, in front of and behind each line, of such width as may be necessary for proper ventilation and for scavenging,

(*b*) the proposed drains,

(*c*) the water-supply, bathing arrangements (if any) and privy accommodation to be provided for the use of the tenants,

(*d*) the streets and passages which are to be maintained for the benefit of the tenants,

(*e*) the land (if any) which is to be kept as common land,

(*f*) the tanks, wells and low lands which are to be filled up and the tanks which are to be conserved, and

Provided that when there are two or more owners of a *bustee* the Corporation may require them to prepare and submit a joint plan of the *bustee*.

(*2*) The streets referred to in clause (*d*) of sub-section (*1*) shall be not less than twenty feet wide and not more than two hundred feet apart, and the passages referred to in that clause shall be not less than fifteen feet wide.

(*3*) If there is any masonry building within the limits of the *bustee*, the said plan shall be so prepared as clearly to distinguish such building and the land pertaining to it.

(Part V.—Chapter XXII.—Bustees.—Clauses 334-337.)

(*4*) The said plan—

(*i*) shall be considered by the Corporation and modified in such manner as may be required, and

(*ii*) shall, when approved by them, be deemed to be the standard plan of the *bustee*.

Preparation of standard plan by Corporation where owners disagree, etc.

334. (*1*) If, after the service of a notice under section 333 on the owners of any *bustee*, such owners— [*Cf.* s. 401.] 1899,

(*a*) do not agree among themselves in the preparation of a plan as required by such notice, or

(*b*) for any reason prefer to have a plan prepared for them by the Corporation, or

(*c*) fail to comply within sixty days with such notice,

the Corporation shall cause a plan to be prepared to the scale and showing the particulars prescribed in the said section.

(*2*) When a plan has been prepared under sub-section (*1*), the Corporation shall fix a day for the hearing of objections (if any) made by or on behalf of owners of the *bustee*.

and, after hearing such objections, may, in their discretion, approve such plan either with or without modifications.

(*3*) Every plan of a *bustee* approved under sub-section (*2*) shall be deemed to be the standard plan of the *bustee*.

(*4*) When the Corporation cause a plan to be prepared under sub-section (*1*), they may charge the said owners therefor at a rate not exceeding five rupees *per bigha*.

Prohibition of building contrary to standard plan

336. When a standard plan has been approved for any *bustee* under section 333 or section 334, no new building which is a hut shall be erected and no hut shall be added to in such *bustee* unless the hut, or the portion to be added, as the case may be, occupies a site, or portion of a site, marked in the standard plan as the site for a hut. [*Cf.* s. 403.] 1899,

Power to Corporation to require removal of hut not in conformity with standard plan.

337. (*1*) When a standard plan has been approved for any *bustee* under section 333 or section 334, the Corporation may at any time, by written notice, require the owner of any hut in such *bustee*, which is not in conformity with the standard plan, to remove the whole or any portion of such hut. [*Cf.* s. 404.] 1899,

(*2*) When a hut or portion of a hut has been removed in compliance with a requisition made under sub-section (*1*), the owner shall be entitled to receive from the Municipal Fund such compensation calculated according to the estimated value of the structure removed, less the value of the materials as the Corporation may determine.

Power to Corporation to require carrying out of other improvements in conformity with standard plan.

338. (*1*) The Corporation may at any time, by written notice, require the owner of any *bustee* for which a standard plan has been prepared under section 333 or section 334— [*Cf.* 1899, s. 406]

(*a*) to construct the drains, privies, streets and passages, provide the water-supply and bathing arrangements, and carry out the other improvements shown in such plan, so far as may be practicable having regard to the existing arrangement of the huts, and

(*b*) if any tank, well or low land is shown in such plan as to be conserved or filled up, to conserve or fill up such tank, well or low land.

(*2*) Until such notice is complied with, the Corporation may refuse to sanction the erection of a new building which is a hut or the making of any addition to any hut in the *bustee*.

Inspection, report and preparation of standard plan by registered medical practitioner and engineer, in cases requiring expedition.

339. (*1*) If it appears to the Corporation that any *bustee*,— [*Cf.* 1899, s. 408]

(*a*) by reason of the manner in which the huts are crowded together, or

(*b*) for any other reason,

is in such an unhealthy condition that the procedure provided by the foregoing sections of this chapter would be too dilatory to meet the emergency,

they may cause the *bustee* to be inspected by two persons appointed in that behalf, one of whom shall be a registered medical practitioner and the other an engineer.

(*2*) The said persons shall forthwith—

(*a*) make, sign and submit a written report on the sanitary condition of the *bustee*, and

(*b*) annex to the report a plan approved by them as a proper standard plan of such *bustee*, and

(*c*) certify—

(*i*) which of the improvements required to bring the *bustee* into conformity with such plan should be taken in hand forthwith in consequence of the unhealthy condition of the *bustee*, and

(*ii*) which (if any) of such improvements should be deferred for action under the foregoing sections of this chapter.

(*3*) The improvements referred to in sub-clause (*i*) and sub-clause (*ii*) of sub-section (*2*) shall be specified in two separate Schedules which shall be annexed to the report and called Schedule A and Schedule B, respectively.

(*4*) The said Schedules shall clearly indicate—

(*a*) the huts which should wholly or in part be removed,

(*b*) the streets, passages and drains which should be constructed,

(*c*) the water-supply, bathing arrangements and privy accommodation to be provided for the use of the tenants,

(*d*) the tanks, wells and low lands which should be filled up,

(*e*) any other improvements which the two persons appointed under sub-section (*1*) may consider necessary in order to remove or abate the unhealthy condition of the *bustee*, and

(*f*) any masonry building within the *bustee*, and any land pertaining to such building which it may be necessary to purchase or acquire for the purpose of making such streets or passages, or effecting any such improvement. [*Cf.* 1899, Sch. XVII, rule 16A (*a*).]

(*5*) A report (together with the Schedules annexed thereto) made and signed under this section by any two persons appointed under sub-section (*1*) shall be sufficient evidence of the result of such inspection.

Approval by Corporation of standard plan and Schedules annexed to such report.

340. 342. When any improvements required by a notice under section 341 are carried out by the Corporation under section 500, all expenses incurred thereby, including such reasonable compensation as the Corporation may think fit to pay to the owners or occupiers of huts removed, [*Cf.* 1899, s. 409]

shall be paid by the owner of the *bustee* to the Corporation and shall constitute a charge upon such *bustee* :

Provided that, if it appears to the Corporation that any such owner is unable, by reason of poverty, to pay such expenses or any portion thereof, they may order the same to be paid out of the Municipal Fund.

(Part V.—Chapter XXII.—Bustees.—Clauses 343-346)

346. (*1*) Notwithstanding anything contained in sections 340 to 345, the Corporation may, after receipt of a report made under section 339 with respect to any *bustee*, pass a resolution to the effect that the *bustee* is an unhealthy area and that, in their opinion, the purchase or acquisition of the *bustee*, or of any portion thereof, is necessary for the purpose of making the improvements referred to in the said report. [*Cf.* 1899, s. 413.]

(*2*) When any such resolution has been passed, the Corporation shall make a plan for the improvement of the said *bustee* or portion thereof, together with such estimates as may be necessary for a due understanding of the same.

(*3*) The Corporation shall submit such plan to the Local Government, together with the said estimate and a copy of their resolution relating to the same;

and, if the plan be approved by the Local Government, the Corporation may purchase or acquire the said *bustee* or portion thereof;

and such plan shall be deemed to be the standard plan of the *bustee*.

(*4*) When any *bustee* or portion of a *bustee* has been so purchased or acquired, the Corporation shall either—

(*a*) sell or let the same or part thereof to any person for the purpose and under the condition that he will, as respects the land so sold or leased to him, carry out the improvements shown in such standard plan, or

347. (*1*) No standard plan approved for a *bustee* under this chapter shall, without the consent of the owner thereof, show more than— [*Cf* 1899, s. 414.]

(*a*) one-third of the whole area of such *bustee* as streets or passages, or

(*b*) one-half of such area as open lands not to be built upon, whether such open lands be common ground, streets, passages or spaces behind a line of huts.

(*2*) In calculating the said proportions of one-third and one-half of any such area, no tank situated therein that has not been filled up shall be taken into account.

Regulation of plots by standard plan, and compensation for adjustment of plots

348. (*1*) When the land included in a *bustee* is owned by more owners than one, each owning one or more separate plots of such land, the standard plan approved under this chapter for such *bustee* shall, as far as practicable, provide— [*Cf* 1899, s. 415.]

(*a*) for one or more huts being completely contained in each such plot, and

(*b*) for such proportion of each such plot being taken for streets, passages and open land as is specified in section 347.

(*2*) If a greater proportion of any one such plot than the proportion specified in section 347 is so taken, such standard plan shall indicate—

(*3*) If no person can equitably be called upon to pay such compensation, the same shall be paid by the Corporation.

Streets and passages shown in standard plan, if not public streets, to remain private

349. (*1*) Every street or passage in a *bustee* which is shown in the standard plan approved under this chapter for that *bustee* and which is not already a public street, shall, unless the Corporation and the owners of the land on which such street or passage is situated otherwise consent as provided in section 319, be deemed to be a private street; and the portion thereof which falls on the land of each owner shall belong to such owner: [*cf* 1899, s 416]

Provided that any portion of any such street or passage which is situated on land purchased or acquired by the Corporation under section 344 shall remain the property of the Corporation.

(*2*) Every such private street shall, at all times, be kept open for scavenging purposes, and for all other purposes of this Act in such manner as the Corporation may require, and shall also be kept open for the use of all the tenants of the *bustee*:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, no use of any such street shall, by reason of any lapse of time, be held to confer a right of way on the public so as to bring the street within the definition of a "public street," in clause (*53*) of section 3. IX of 1908

Bathing arrangements and privy accommodation in *bustee* as shown in standard plan, to be kept open for use of tenants.

350. The bathing arrangements and privy accommodation in a *bustee*, which are shown in the standard plan approved under this chapter for such *bustee* as being common to the use of all or some of the tenants of the *bustee*, shall at all times be kept available for the use of such tenants:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, if at any time the land on which any such bathing arrangements or privy accommodation are provided ceases to form part of such *bustee*, no such use shall, by reason of any lapse of time, be held to confer any right on any person so as prejudicially to affect the rights of the owner of such land. IX of 1908

351. (*1*) The owner of any land in a *bustee*, for which a standard plan has been approved under this chapter, shall maintain in proper order and repair, to the satisfaction of the Corporation, such streets, passages, drains, bathing arrangements, privy accommodation, means of water-supply and other works on such land as may be shown in the plan.

(*2*) The Corporation may, at any time, cause a written notice to be served upon such owner requiring him so to maintain such streets, passages, drains, bathing arrangements, privy accommodation, means of water-supply and other works.

354. (*1*) The owner of any land included in a *bustee* and bearing a separate number in the assessment-book may, at any time, whether a standard plan for the *bustee* has been prepared under this chapter or not, send a written notice to the Corporation that he intends to remove all the huts standing on such land: [*Cf.* 1899, s 419]

Provided that the receipt of any such notice by the Corporation shall not be a bar to the approval by the Corporation, under this chapter, of a standard plan of such *bustee*.

(*2*) From the date of such notice no application shall be entertained for erecting on such land any new building which is a hut or adding to any hut standing thereon.

(*3*) Such owner shall, within six months after the date of such notice, remove all huts standing on such land; and, if he does not do so, the notice shall be deemed to be cancelled.

(*4*) When all such huts have been so removed, such land shall, according to its situation, either—

(*i*) be altogether excluded from the limits of the *bustee*, or

(*ii*) be shown, in a standard plan approved for the *bustee* under this chapter, as not being a part of such *bustee*:

Provided that, if in the standard plan any street or passage is shown on such land, the provisions of sections 338, 341, 345, 349, 351 and 352 shall, with all necessary modifications, be deemed to apply to such street or passage.

(*5*) If, after all the huts standing on any land have been removed under sub-section (*3*), any application is received for erecting any hut on such land, the Corporation may, by written notice, require the owner of the land to carry out such improvements therein as they may think fit.

(Part V.—Chapter XXII.—Bustees.—Clauses 355, 356.)

(*6*) When all the huts standing on any land within a *bustee* have been removed under sub-section (*3*), the Corporation may either—

(*a*) cancel the standard plan (if any) already approved, under this chapter, for such *bustee*, or

355. (*1*) In any *bustee*, not being a remodelled *bustee*, or in any area in which it appears to the Corporation that huts are likely to be erected, the Corporation may prescribe alignments, not more than twenty feet in width, for such private streets as they may think fit. [*Cf.* 1899, Sch. XVII, rule 37A.]

(*2*) When the land within such *bustee* or area is owned by more owners than one, each owning one or more separate plots of such land, such alignments shall, as far as practicable, be so prescribed as not to occupy, within any such plot, more than one-fourth of the area thereof.

(*3*) If, in any such plot, more than one-fourth of the area thereof is occupied by such alignments, the Corporation shall pay to the owner of the plot such compensation as they may deem reasonable:

Provided that no such compensation shall be paid in respect of any such plot as long as any hut or other structure is left standing within any such alignment in the plot.

(*4*) No hut or portion of a hut shall be erected within any alignment prescribed under sub-section (*1*).

374. Subject to the provisions of this Act, land and buildings shall respectively be inspected, cleansed, secured, repaired, drained, or otherwise regulated in accordance with the rules contained in Schedule XVII. [See 1899, Chapter XXIX.]

Procedure in case of buildings deemed unfit for human habitation.

375. (*1*) If, for any reason, any building or portion of a building intended for, or used as, a dwelling-place appears to the Corporation to be unfit for human habitation, they may apply to a Magistrate to prohibit the further use of such building or portion thereof for such purpose; [*Cf.* 1899, s. 444.]

and the Magistrate, after such inquiry as he thinks fit to make, may, by written order, prohibit the further use thereof, or may pass such other order as he may deem just and proper.

(*2*) When any such prohibition has been made, the Corporation may—

(*i*) inspect such building by day or by night, and

(*ii*) take such order as may be necessary to preclude the further use of the same, or of the portion specified in the prohibition, as a human habitation.

(*3*) When any such prohibition has been made, no owner or occupier of such building shall use, or suffer the same, or the portion specified in the prohibition, to be used for human habitation until—

(*a*) the Health Officer certifies in writing that the causes rendering it unfit for human habitation have been removed to his satisfaction, or

(*b*) a Magistrate, by written order, withdraws the prohibition.

Power to Corporation to require demolition of building unfit for human habitation

376. (*1*) When a Magistrate has prohibited the use of a building for human habitation under section 375 and such prohibition has been in force for three months, the Corporation shall take into consideration the question of the demolition of such building, [*Cf.* 9 Edw. VII, c. 44, s. 18.]

and shall give notice of the time (being some time not less than one month after the service of the notice) and place at which such question will be considered to the owner, if he be known and resident in Calcutta, or to the occupier (if any) of the building,

and the said owner or occupier, as the case may be, shall be entitled to be heard when the question is so taken into consideration.

(*2*) If, upon such consideration, the Corporation are of opinion that the building has not been rendered fit for human habitation, and that the necessary steps

(Part V.—Chapter XXVI.—Inspection and regulation of premises, and of factories, trades and places of public resort.—Clauses 377, 378.)

are not being taken with all due diligence to render it so fit,

they shall cause a written notice to be served on the said owner or occupier and also to be put on some conspicuous part of such building, requiring such owner or occupier to demolish the building.

(3) If such owner or occupier undertakes to execute forthwith the work necessary to render the building fit for human habitation, and the Corporation consider that it can be so rendered fit for human habitation,

the Corporation may postpone the operation of the said notice for such time as they think sufficient for the purpose of giving the said owner or occupier an opportunity of executing the necessary work.

Power to Corporation to call for statement of accommodation.

377. (1) The owner of any building shall, within a period of seven days after receipt of a written notice from the Corporation requiring him to do so, submit to the Corporation a signed statement of the following particulars with respect to such building or any part thereof, namely,— [*Cf.* Bom. (*i*) the total number of persons dwelling in such building or part,

(*ii*) the manner of use of each room by day and by night, and

(*iii*) the number, sex and age of the occupants of each room used for sleeping.

Abatement of overcrowding in dwelling-house or dwelling-place

378. (1) If it comes to the knowledge of the Corporation from a statement received under section 377, or after an inspection made under rule 1 of Schedule XVII, or in any other way, that a dwelling-house, or a public building or hut which is used as a dwelling-place, or any room in any such house, public building or hut, is so overcrowded as to endanger the health of the inmates thereof, they may apply to a Magistrate to abate such overcrowding; [*Cf.* 1899, s 445.]

and the Magistrate, after such inquiry as he thinks fit to make, may, by written order, require the owner of the building or room, within a reasonable time (not exceeding four weeks) to be prescribed in the said order, to abate such overcrowding by reducing the number of lodgers, tenants or other inmates of the building or room, or may pass such other order as he may deem just and proper.

(Part V.—Chapter XXVI.—Inspection and regulation of premises, and of factories, trades and places of public resort.—Clauses 379, 380.)

(2) The Corporation may, by written order, declare what amount of superficial and cubic space shall be deemed, for the purposes of sub-section (1), to be necessary for each occupant of a building or room.

(2) The Corporation may refuse to give such permission, if they are of opinion that the establishment, alteration, enlargement or extension of such factory, workshop or workplace in the proposed position would be objectionable by reason of the density of the population in the neighbourhood thereof, or would be a nuisance to the inhabitants of the neighbourhood.

Premises not to be used for certain purposes without a license

380. (1) No person shall use or permit to be used any premises for any of the following purposes without or otherwise than in conformity with the terms of a license granted by the Corporation in this behalf, namely,— [*Cf.* 1899, s. 466(1)].

the Corporation may, by written notice, require the occupier of the said premises to discontinue such use within one month after the service of the notice:

Conditions as to use of building-sites.

1. No piece of land shall be used as a site for the erection of a building,— [*Cf* Sch r 1] 1899, XVII,

(*1*) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the Corporation may consider practicable; and,

(*2*) if the site is within thirty feet of a tank, unless the owner takes, or satisfies the Corporation that he will take, such order as will prevent any risk of the drainage of the building passing into the tank; and,

(*3*) if the site is a filled-up tank, or has been filled up with, or used for depositing, rubbish, offensive matter or sewage, unless the Corporation have caused the site to be examined and granted a certificate to the effect that it is, from sanitary and engineering points of view, fit to be built upon; and,

(*4*) if the building to be erected is a public building, a dwelling-house or a hut intended for human habitation, unless the site is certified by the Corporation to be dry and well-drained, or unless the Corporation are satisfied that it is capable of being well-drained and that the owner will take the necessary steps to drain it.

(*iv*) no building exceeding eighty feet in height shall be erected without the special permission of the Corporation.

Explanation.—If a building be placed at the edge of the street, its height, measured from two feet above the centre of the street, and excluding parapets as aforesaid, shall not exceed the average width of the street facing the site, but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no portion of the building, after the height is increased, intersects any of the aforesaid lines.

(*5*) Notwithstanding anything contained in sub-rules (*1*), (*2*) or (*4*),—

(*a*) a building of not more than one storey and not exceeding twelve feet in height (excluding two feet for the plinth) above the centre of the street, and

(*b*) if, in any street which is less than sixteen feet in width, the owner of any building-site abutting on the street makes a free gift to the Corporation of all land comprised within such site, which falls within eight feet of the centre line of such street, then a two-storeyed building not more than twenty-eight feet high,

may be erected without complying with the requirements of the said sub-rules.

(*c*) a building to which rule 24 applies :

Provided that, in cases (*a*) and (*b*), the height of the building shall, in accordance with the provisions of rule 3, be regulated by the width of the public square or street on which it abuts.

(*5*) For the purposes of this rule, the back of a building shall be deemed to be that face of the building which is furthest from any street at the side of which the building is situated :

Provided that, where a building is situated at the side of more than one street, the back of the building shall, unless the Corporation otherwise direct, be deemed to be that face of the building which is furthest from the widest of such streets.

there shall be between the buildings an open space extending along the entire length of such side and forming part of the side of the said domestic building:

Provided that attachment of any building to the adjacent building shall not be allowed (except with the permission of the Corporation) if either of the buildings is a dwelling-house.

(*2*) The minimum distance across such space from every part of the said domestic building to the boundary line of the land or building immediately opposite such part shall be—

(*a*) six feet, if there is a building next to such boundary line or within two feet of it, or

(*5*) Whenever such provisional permission is granted, and in any case provided for by sub-rule (*4*), the applicant shall, within fifteen days, send to the Corporation a regular application for permission to execute the work; and if he fails to do so, the provisional permission shall be deemed to be withdrawn.

(*b*) is in a filthy or unwholesome state, or

(*c*) is complained of by any two or more of the persons residing in its neighbourhood as a nuisance,

the Corporation, after due inquiry, may give written notice to the owner, if he be known and resident in Calcutta, or to any person who is known or believed to claim to be the owner, if such person be resident in Calcutta,

(Schedule XVII.—Rules for the inspection and regulation of land and buildings.—Rule 8.)

(*2*) If the Corporation, in exercise of the powers conferred by section 500, execute any work referred to in a notice issued under sub-rule (*1*), and if the person liable to pay the expenses of such work fails to pay the same, the Corporation may, until such expenses are paid,—

(*i*) lease any part of the land used in connection with the said well, pool, ditch, tank, pond, pit, cistern, reservoir, water-butt, receptacle, place or water, or any part of the said ground, as the case may be, or

(*ii*) retain possession of the same, or the site thereof, and utilize it for public purposes.

Power to Corporation to regulate excavations.

8. (*1*) The Corporation may, by a general order, or by an order to affect such portion of Calcutta as may be specified therein, prohibit— [*Cf.* 1899, s. 148.]

(*a*) the making of excavations for the purpose of taking earth therefrom, or of storing rubbish or offensive matter therein, and

(*b*) the digging of cesspools, tanks, ponds, wells or pits, without the special permission of the Corporation.

(*2*) Every such order shall be published in the *Calcutta Gazette*.

(*3*) No person shall make any excavation referred to in clause (*a*) of sub-rule (*1*), or dig any cesspool, tank, pond, well or pit, in contravention of any such order.

(*4*) If any such excavation, cesspool, tank, pond, well or pit is made or dug after the publication of any such order and without the permission required thereby, the Corporation may, by written notice, require the owner or occupier of the land on which the same is made or dug to fill it up with earth or other material approved of by the Corporation.

Dated this day of

(*Signature of municipal officer or other person issuing the notice.*)

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Municipal Act, 1899 (Bengal Act III of 1899), has been in force since the 1st April, 1900, and the constitution which it prescribes is no longer suited to modern conditions. The Corporation have frequently represented the difficulties which arise owing to the existence of the three independent and co-ordinate municipal authorities; and the Royal Commission upon Decentralization were strongly impressed with the necessity of relieving the Chairman of the ever-growing responsibility of presiding at all meetings of the Corporation and the General Committee, and at practically all Special and Sub-Committees. The present Bill provides for the abolition of co-ordinate authorities, for the paramountcy of the Corporation in matters relating to municipal administration, and for the appointment of a President—to be called Mayor—and a Chief Executive Officer, both of whom will be elected by the Corporation, the election of the latter being subject to approval by Government. Matters relating to elections and assessment will be mainly in the hands of the Chief Executive Officer, who will also be invested with such powers and duties as the Corporation may think fit: he will be permitted to delegate them to such officers as he considers necessary, and it will be open to the Corporation to revise their delegated powers from time to time. Broadly speaking the Chief Executive Officer will carry on the purely administrative work, and the Mayor, who will be elected from among the members of the Corporation, will preside at the meetings of the Corporation. The Chief Executive Officer will have the right of attending all meetings of the Corporation and of offering explanation and information, but he will not have the right to vote or make any proposition at such meetings. Provision has also been made for the election of Deputy Mayors and for the appointment of Deputy Executive Officers. The present posts of Vice-Chairman and Deputy Chairman will no longer be necessary and it is proposed to abolish them. Besides this, it is proposed to enlarge the constitution of the Corporation, and an endeavour has been made to provide for the adequate representation of all sections of the community. The opportunity has also been taken to revise the Act of 1899 so as to overcome practical difficulties which have been experienced as the result of over twenty years' working, and some new provisions have been introduced dealing with matters of municipal administration which are not provided for by the existing law.

II. It is proposed to increase the number of members of the Corporation from fifty to eighty, of whom nine-tenths will be elected by various constituencies, nearly three-fourths being elected by the general electorate. This number has been fixed with the object of providing for the representation of all classes of the community, and in particular of the Muhammadans, who, though comprising slightly over a quarter of the population of the city, are practically unrepresented at present, except through Government nominees, owing to the disproportionate smallness of their voting power as compared with that of other communities. To secure an adequate representation of the Muhammadan community it is proposed to reserve seats for Muhammadans, to be elected by the general electorate, in those wards where there is a substantial element of Muhammadan voters. Under this system, out of the 55 seats to be filled by election by the general electorate 13 seats, as shown in Schedule III, will be reserved for Muhammadan Councillors. The European community will be entitled to return their representatives through the general electorates in the European wards; in addition to this it is proposed to increase the representatives of the Bengal Chamber of Commerce on the enlarged Corporation from four to six. Following the English system, provision has been made for the election of five Aldermen, who will be co-opted by the Municipal Councillors. This will involve a reduction in the number of Government nominees from fifteen to eight. The existing and the proposed constitutions are indicated below for purposes of easy comparison :—

III. (*a*) The provisions of the Bill dealing with the election of Councillors and Aldermen, the qualifications of voters and of candidates, and the procedure at elections follow as closely as possible the Bengal Electoral Rules as passed by Parliament for the Bengal Legislative Council, while retaining the distinctive features of franchise and procedure that are considered necessary for the Corporation. Provision has been made for securing returns of election expenses, for dealing with corrupt practices and undue influence, and for the final decision of doubts and disputes as to the validity of elections. The whole of Act XXXIX of 1920 (The Indian Elections Offences and Inquiries Act) has been made applicable to the election of Councillors.

(*b*) The qualifications of electors are at present—(*i*) ownership or occupation of land, (*ii*) possession of a trades and professions license, or (*iii*) payment of Rs. 24 as rates and taxes. Generally speaking a payment of about Rs. 24 per annum forms the minimum qualification in each case. It is proposed that persons paying Rs. 12 per annum as rates or taxes, or both, or Rs. 25 per mensem as rent should be entitled to vote. Plural voting will be abolished except that a rate-payer will have one vote in every ward in which he pays rates, taxes or rent qualifying him for the vote, and that voters will have as many votes as there are vacancies, giving one vote for each candidate.

IV. It is proposed to amplify the provisions contained in section 96 of the existing Act relating to the appointment of Special Committees. The Bill provides for the appointment of two kinds of Committees, namely, Standing Committees and Special Committees. The Corporation are authorized to delegate any of their powers, duties or functions to Standing Committees. These Committees will deal with all matters comprised in their delegation as they arise, and their proceedings, when confirmed by the Corporation, will become resolutions of that body. Power has however been given to the Presidents of these Committees to direct that action shall be taken in accordance with the decision of the Committees without waiting for confirmation of their proceedings by the Corporation, if they consider that serious inconvenience would result from delay in taking such action. The Corporation may also delegate certain subjects (to be specified in a resolution) to Standing Committees for final disposal without being subject to confirmation. Special Committees are intended to be appointed to inquire into and report upon specific matters which may arise in the course of the administration, and they will confine their inquiry to such matters. They will ordinarily deal with important questions in which a full inquiry is necessary, while the Standing Committees will deal with matters of ordinary administration. With regard to Standing Committees, however, certain special provisions have been introduced. The number of members of such Committees is limited to twelve and no Councillor or Alderman may be a member of more than three Standing Committees or the President of more than one. The object of these provisions is to induce Councillors to take a special interest in some particular branch or branches of the administration, and thus to enhance the efficiency of the work done by these Committees.

V. (*a*) Under the existing Act the different municipal rates are levied as one consolidated rate, but the various funds are nevertheless kept distinct.

This only leads to complications in the accounts without producing any corresponding advantage. The Bill provides for the amalgamation of the four existing funds, and for only one consolidated rate which will not exceed the maximum of 23 *per cent.* on the annual valuation as at present levied under Chapter X of the existing Act.

(*b*) A special procedure will be adopted, as in Bombay, for the assessment of Government buildings and lands. Power has been taken by the Local Government to direct that open spaces and parade grounds, which are the property of Government, shall be exempted from the consolidated rate.

(*c*) A special procedure has been prescribed for the assessment of all buildings and lands comprised within the area of an improvement scheme under execution by the Improvement Trust. At present a great deal of unnecessary labour is thrown both on the Trust and on the Assessment Department of the Corporation in transferring to the account of the Trust the assessment of acquired holdings and in retransferring them after sale. Considerable labour is also involved in dealing with remissions claimed by the Trust separately for each property. The Bill provides that all properties which belong to the Board of Trustees and are included within the area of an improvement scheme shall be given one single valuation, as in the case of the properties of the Port Commissioners. When any land or building, or portion thereof, comprised within the scheme area is transferred by the Trust, a new apportionment of the assessment may be made on the application of the Trust instead of an application being required from a moiety of the owners. Again, the Chief Executive Officer is authorized immediately to revalue any building or land, or portion thereof, transferred by the Trust, in view of the fact that the value of such land or building will usually be enhanced in value by the improvements executed by the Trust, and an all-round allowance is to be made for remissions for vacancies instead of requiring a separate application to be made in respect of each individual holding.

(*d*) It is proposed to introduce a tax on dogs. The tax proposed is Rs. 2 per annum, and is intended to act more as a check upon the growing nuisance of ownerless dogs than as a means of revenue.

(*e*) Under the present law, motor lorries, trailers, and similar vehicles pay the same tax as bullock-carts, viz., Rs. 4 every half-year, although they cause infinitely more damage to roads. The tax at present paid on motor-cars is also inadequate, and it is proposed to increase the levy on all motor-vehicles to a reasonable figure. Provision has also been made to prescribe by means of by-laws a minimum width for the tyres of carts, and to increase this width proportionately to the load.

VI. The distinction between "street alignment" and "building-line" has been made clear. The provisions relating to *bustees* have been remodelled. Proposed section 356 provides for the removal of huts from a street alignment, or from the space within 6 feet on either side of a prescribed hut alignment, after the expiration of seven years from the time when the street or hut alignment was prescribed. The principle of this provision is new, but it has received the approval of the Corporation. Otherwise the provisions of Chapter XXII merely aim, in the light of several legal decisions, at making the meaning of the original sections more explicit and clear.

VII. In connection with the regulation of buildings, provision has been made for the licensing of Building Surveyors as recommended by the Corporation. No plan of a proposed new building will be sanctioned unless it is prepared and signed by a Licensed Building Surveyor, and the construction of all buildings costing Rs. 5,000 or upwards must be supervised by a Licensed Building Surveyor or by a person approved by the Corporation.

VIII. The development of building sites which, owing to size or shape or to the want of road frontage or proper means of access, are unsuitable for building upon is to a certain extent provided for by sections 364 to 366 of the existing Act, but there are so many practical difficulties in the way that these sections have never actually been worked. In Bombay the important question of the development of building sites is dealt with in a separate Act (see Bombay Act I of 1915) on the lines of the Housing, Town-planning, etc., Act, 1909 (9 Edw. 7, c. 44), and it is thought that it will be best to deal with

building sites in Calcutta in a separate Bill. It is proposed, therefore, to omit altogether from the present Bill the provisions of sections 364 to 366 of the existing Act.

IX. Power is given to require the demolition of a building, which has been declared unfit for human habitation, provided such declaration has been in force for three months.

X. The Corporation are given power to construct swimming-baths, and where an emergency arises, to open depôts for the purpose of trading in food-stuffs, fuel, cloth and other similar necessaries of life, always with the previous sanction of the Local Government.

XI. The question of food adulteration is dealt with in the Bill in a more comprehensive manner than has been attempted hitherto. A definition of "adulterated" has been inserted in clause 3 and it is made an offence to sell, expose or hawk about for sale, manufacture, or store for sale any article of human food which comes within that definition. Besides this, proposed section 401 makes special provision for the regulation of the sale of milk, butter, *ghee*, mustard oil, wheat, flour, or any other article of food, or any drug which may hereafter be notified in that behalf by the Local Government. A strict standard of purity is prescribed in respect of each of these articles, and it is made an offence to sell, expose for sale, manufacture or store for sale anything which falls short of this standard. The existing law has been found inadequate to check food adulteration in Calcutta, and in the interests of the public health it is considered necessary to have recourse to more drastic legislation, and in particular to provide for the purity of the main staple articles of food which appear to be most liable to adulteration.

XII. The Corporation desire that they should be given ample powers to ensure the purity of the milk-supply, and the Bill contains provisions, based on English legislation, which are intended to meet their wishes. It is essential for adequate control over the milk-supply of Calcutta that the Corporation should be enabled to reach the sources of supply, which for the most part lie outside municipal limits. The surrounding municipalities are, however, not ready to surrender to the Corporation the power of inspecting and controlling cowsheds within their own jurisdiction and the exercise of large powers by Corporation officers in these areas would be liable to cause friction. It is thought that the desired object can be achieved by the licensing of all Calcutta dairymen and the registration of all dairies in Calcutta. The granting of a license will be subject to certain statutory conditions (*cf.* proposed section 421 of the Bill), and the Health Officer is given power (*v.* proposed section 423) to obtain information regarding the sources of any supply believed to be infected or exposed to infection, and in such cases to cause dairies and milch cattle, even outside the city limits, to be inspected. Proposed section 425 enables the Health Officer to seize diseased milch cattle and to send them to a veterinary hospital for treatment.

XIII. It is proposed to include within Calcutta, for the purpose of reclamation, a small plot of land now lying within the Tollygunge Municipality, the inclusion being subject to the condition that the Corporation should pay to the Tollygunge Municipality compensation equivalent to the amount of the revenue for ten years now derived by the latter from this area.

XIV. Every change of any importance which it is proposed to make in the existing law is explained in detail in the subjoined Notes on Clauses, it being thought desirable, in the case of a measure of this magnitude and importance, to afford the Council the fullest possible assistance in its consideration. A Table has also been prepared and annexed to the Bill showing which provisions of the existing Act have been omitted from the Bill and giving brief reasons for such omissions. The Table also indicates where the provisions of the existing Act which have been retained are reproduced in the Bill.

NOTES ON CLAUSES.

CHAPTER I.

Clause 1.

Sub-clause (*3*), *proviso*, reproduces the corresponding provision in section 1 (*3*), proviso, of Bengal Act III of 1899, as originally enacted. It is necessary that a general election and appointment of Councillors should be held and made in good time before the 1st April on which the proposed Act comes into operation, so that the new Corporation may be fully constituted by that date. The subject-matter of the proviso would not be covered by section 23 of the Bengal General Clauses Act, 1899. Ben. Act I of 1899

Clause 2.

Sub-clause (*1*) formally repeals the Calcutta Municipal Act, 1899, and the Calcutta Municipal (Loans) Act, 1914, and the Calcutta Municipal (Amendment) Act, 1917, which amended the first Act. Ben Act III of 1899. Ben Act IV of 1914

Sub-clauses (*2*) and (*3*) are saving clauses which are necessitated by the fact that section 25 of the Bengal General Clauses Act, 1899, does not cover all the requirements of the present case. Ben Act I of 1899.

Clause 3.

Sub-clause (*1*) defines the term "adulterated" in relation to food and drugs, there being no such definition in the existing law. The new definition is inserted with reference to the new and more stringent provisions as regards the manufacturing, storing and selling of articles of food and drugs in Chapter XXVIII of the Bill. (*See paragraph XI of the Statement of Objects and Reasons.*)

Sub-clauses (*2*), (*11*), (*14*), (*17*), (*23*) and (*57*) introduce new definitions of the terms "agent," "candidate," "Commissioners," "corrupt practice," "election agent" and "returned candidate" respectively for the purposes of the provisions dealing with elections and election petitions.

Sub-clause (*3*) introduces a definition of "assessment-book." Since the term is used frequently throughout the Bill it is desirable to have a definition in this clause.

Sub-clause (*6*) inserts a definition of the term "building," the absence of which in the existing law has given rise to much difficulty in interpreting the building rules and regulations. The definition is based on the definition of "building" in section 3 (*8*) of the City of Bombay Municipal Act, 1888. Bom Act I of 1888

Sub-clause (*7*) amends sub-clause (*3*) of section 3 of the existing Act so as to cover the case of projected public streets referred to in clause 309 and following clauses.

Sub-clause (*9*).—The definition of "*bustee*" has been made wider than in the existing law, and the definition of '*bustee land*" has been omitted for reasons explained in the note on clause 162, *post*.

Sub-clause (*16*) inserts a definition of "connected-urinal" on the lines of the definition of "connected-privy" in the existing Act.

Sub-clauses (*19*) and (*20*) define the terms "dairy" and "dairyman" for the purposes of the provisions regarding milk-supply in new chapter XXIX.

Sub-clause (*21*) introduces an altered definition of the term "dangerous disease" in view of the wording of clause 423.

Sub-clause (*29*) defines the phrase "Executive Officer."

Sub-clause (*30*) defines the term "food" for the purposes of the provisions dealing with food and drugs. The definition is taken from section 2(*2*) of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919).

Sub-clause (*32*) introduces a definition of "half-year." The financial year, as defined in section 3 (*16*) of the Bengal General Clauses Act, 1899, is the standard of time governing the business transactions of the Corporation.

Ben. Act I of 1899.

Sub-clause (*35*) now makes it clear that the walls of a hut are "material portions" thereof.

Sub-clause (*39*) defines the term "milk" in relation to the provisions regarding milk-supply.

Sub-clause (*43*) inserts a definition of "new building" which is based on the definition of the same term in the London Building Act. This definition takes the place of the definition in the existing Act of the term "re-erect" which has given rise to much difficulty in interpreting the building rules and regulations.

57 & 58 Vict., c. cxxiii.

Sub-clause (*45*) makes an amendment in the definition of "occupier" so as to cover the case of an owner using his own building as a factory or other place of business.

Sub-clause (*50*) amends the definition of "private street" in the existing Act so as to meet the case of an owner who divides up his land into separate plots for building purposes. The terms "square" and "court" are omitted since they are not properly included in this definition.

Sub-clause (*51*) introduces a definition of "public analyst" for the purposes of the provisions regarding food and drugs.

Sub-clause (*53*).—The terms "square" and "court," which occur in the definition of "public street" in the existing Act, have been omitted for the same reasons as in the case of the definition of "private street."

Sub-clause (*55*) introduces a definition which is necessitated by the passing of the Bengal Medical Act, 1914.

Ben. Act VI of 1914

Sub-clause (*60*) inserts a definition of "service-urinal" on the lines of the definition of "service-privy" in the existing Act.

Sub-clause (*66*) inserts a definition of "year" on the same lines as the definition of "half-year."

CHAPTER II.

Clauses 5 and 6.

These clauses deal with the constitution of the Corporation, which has already been explained in the Statement of Objects and Reasons. (*See paragraph II thereof.*)

Clause 7.

This clause is based on rule 4 of the Bengal Legislative Rules and introduces a new Schedule III enumerating the names of the constituencies and the number of Councillors to be elected by each constituency and the number of seats to be reserved for Muhammadan Councillors in any constituency.

Clause 8.

This clause provides for the election of five Aldermen by the Councillors.

Clause 9.

This clause reproduces section 14 of the existing Act, but the provisions making it obligatory on the Corporation to devote not less than certain fixed sums of money every year to the extension of drainage, the improvement of *bustees* and the development of the added area have been omitted as these matters have now received their full share of attention and it is not considered necessary to impose any further special obligations in respect of them. The objects to which the Corporation may devote their funds have, at the request of that body, been specified in greater detail.—*See* sub-clauses (*iv*), (*v*), (*vi*) and (*xii*) of this clause,

Clause 10.

This clause reproduces section 17 of the existing Act with such consequential amendments as are required by the abolition of the General Committee. It now merely provides that the Corporation shall "consider" the annual report.

Clause 11.

This clause provides for the delegation of the Corporation's powers, duties or functions to the Chief Executive Officer, and the Chief Executive Officer is authorized to redelegate his powers, etc., to such officers as he considers necessary.

The exercise or discharge of the powers, duties or functions is subject to control and revision by the delegating authority, except where the Corporation in delegating their powers to the Executive Officers direct otherwise.

Clause 13.

The minimum cost of any project requiring Government sanction before any work can be commenced in pursuance thereof, is now fixed at 2 lakhs, instead of 1 lakh as in the existing Act.

Clause 17.

The existing section has been modified in consequence of the amalgamation of the existing rates and the provision of one consolidated rate. (*See paragraph V of the Statement of Objects and Reasons.*)

CHAPTER III.

Clause 18.

This clause corresponds to section 37 of the existing Act and provides for the qualifications of electors. Persons paying at least twelve rupees *per annum* either in respect of the consolidated rate or in respect of taxes levied under Chapter XI or Chapter XII or in respect of both such rate and taxes or paying at least twenty-five rupees *per mensem* as rent are entitled to be electors. *Sub-clause* (*2*) amends sub-section (*3*) of section 37 of the present Act so as to entitle an association of individuals to vote only by a representative but not to be enrolled in the election-roll. *Sub-clause* (*4*) introduces provisions about qualifications of electors of the three special constituencies, viz., the Bengal Chamber of Commerce, the Trades Association and the Calcutta Port Commissioners.

This clause also abolishes plural voting in any one constituency and provides that notwithstanding the number of qualifications which a voter possesses his name shall be entered only once in the electoral-roll of any one constituency.

Clause 19.

This clause, which is based on rule 5 of the Bengal Electoral Rules, corresponds to section 39 of the existing Act. It contains a list of the general disqualifications for being elected or appointed a Councillor or an Alderman.

Clause 20.

This clause is based on rule 6 of the Bengal Electoral Rules, and provides that a person must be registered on the electoral-roll of a general constituency to be eligible for election as a Councillor to represent a general constituency, and that his name must be registered on the electoral-roll of a special consituency to make him eligible to represent that constituency.

Clause 21.

This clause is based on rule 7 of the Bengal Electoral Rules, and introduces provisions for the general conditions of registration on the electoral-roll.

Clause 22.

This clause, which is based on rule 9 of the Bengal Electoral Rules, corresponds to section 36 of the existing Act. It contains the rule making power about the preparation of the electoral-roll and makes Schedule IV of the existing Act unnecessary.

Clause 23.

This clause reproduces rule 10 of the Bengal Electoral Rules, and provides that every person registered on the electoral-roll of a constituency shall have the right to voto at an election of that constituency.

Clause 24.

This clause reproduces rule 11 of the Bengal Electoral Rules, and contains the provision about nomination of candidates.

Clause 25.

This clause introduces a provision regarding the return of candidates without a poll being held.

Clause 26.

This clause is based on rule 12 of the Bengal Electoral Rules. *Sub-clause* (*1*) corresponds to section 52 of the existing Act, but provision has been made prohibiting Government to give votes at an election. *Sub-clause* (*7*) provides for cases where equality of votes is found to exist between any candidates at an election.

Clause 27.

This clause is based on rule 13 of the Bengal Electoral Rules, and corresponds to section 54 of the existing Act. Power is given to the Local Government to make rules for the conduct of election. Schedule V of the existing Act will be therefore unnecessary.

Clause 28.

This clause, which is based on rule 14 of the Bengal Electoral Rules, provides for cases of election of the same person by more than one constituency.

Clauses 29 to 32.

These clauses are based on rules 15, 16, 17 and 19 of the Bengal Electoral Rules. It is considered desirable that persons who seek election as Councillors shall also appoint election agents, and submit a return of election expenses. These provisions will tend to purify municipal elections.

Clause 35.

This clause is based on rule 21 of the Bengal Electoral Rules, and corresponds to section 60 of the existing Act. It is considered desirable to give to the Local Government power to extend the term of office of Councillors and Aldermen for a period not exceeding one year.

Clause 36.

This clause provides for the resignation of office by a Councillor or an Alderman.

Clause 37.

This clause, which is based on rule 23 of the Bengal Electoral Rules and section 40 of the existing Act, provides that on the occurrence of any of the disabilities mentioned in the clause the Local Government shall declare the seat to be vacant.

Clause 40.

It is considered desirable to include in the Bill a provision based on rule 25 (*3*) of the Bengal Electoral Rules for dealing with any possible difficulty regarding the holding of first elections under the proposed Act.

Clause 41.

This clause which contains provisions for general elections is based on rule 26 of the Bengal Electoral Rules, and corresponds to section 53 of the existing Act.

Clauses 42 to 58.

It is considered desirable to include in the Bill provisions for the final decision of doubts and disputes as to the validity of an election based on rules 29 to 45 of the Bengal Electoral Rules. Provision has also been made in *clause* 55 for declaring void an election which is vitiated by a corrupt practice as described in Schedule IV.

Clause 59.

It is considered desirable to apply the provisions of Part II of the Indian Elections Offences and Inquiries Act, 1920, to an inquiry into an election petition under the proposed Act.

Clause 60.

This clause reproduces rule 46 of the Bengal Electoral Rules. It confers on the Local Government the power to interpret the provisions of Chapter III otherwise than in connection with an election inquiry

CHAPTER IV.

Clause 61.

This clause is based on the provisions of sections 63, 64 and 65 of the existing Act. The restriction by which certain appointments and the limits of certain salaries were subject to the approval of the Local Government is confined to the appointment of certain principal officers mentioned in sub-clause (*1*)

Clause 62.

This clause which is new enumerates the powers of the Chief Executive Officer.

Clause 66

The existing law has been amplified by providing the Corporation with power to make rules for the grant of compassionate allowances and gratuities to the families of deceased municipal officers and servants, and of deputation allowances to municipal officers and servants on the establishment.

The amount of pensions, gratuities and compassionate allowances, will in no case, except with the special sanction of the Government of India, be more favourable than those given to Government servants of similar standing and status.

Clause 67.

This clause adds to the provisions of section 70 of the existing Act by providing for contributions to a Provident Fund. The term "family" has also been defined for the purposes of this chapter, the definition followed being that in force in the Civil Service Regulations (Article 740).

CHAPTER V.

Clause 68.

At all meetings of the Corporation, according to the proposed changes in the constitution, the Mayor is to replace the Chairman, and this clause provides that all meetings of the Corporation save those referred to in clause 69, are to be convened by him.

Clause 69.

This clause is taken from section 36 of the City of Bombay Municipal Act, 1888. It is necessary that the first meeting of a new Corporation, before the Mayor has been elected, should be convened by the Chief Executive Officer. Bom Act III of 1888.

Clause 70.

This clause provides for the election of a Mayor and Deputy Mayor of the Corporation, and for the filling of vacancies. It follows the Bombay precedent

Clause 73.

The same powers are given to the Mayor and the Deputy Mayor when, presiding at the meetings of the Corporation, as are now enjoyed by the Chairman under section 81 of the existing Act.

Clause 74.

In view of the increase in the number of members of the Corporation the quorum for meetings has been raised to eighteen.

Clauses 78 and 80.

It is proposed that the Corporation should deal with all contracts and tenders. Sub-clause (5) of clause 80 empowers the Corporation to dispense with calling for tenders in special cases on the lines of section 72(3) of the City of Bombay Municipal Act, 1888. The want of such a power has often been felt by the Corporation. Bom Act III of 1888

Clauses 82 and 83.

These clauses take the place of sections 95 and 96 of the existing Act and provide for the constitution of Standing and Special Committees, as explained in paragraph IV of the Statement of Objects and Reasons.

CHAPTER VI.

Clause 88.

It is proposed to amalgamate the different Municipal Funds prescribed by section 103 of the existing Act and to have only one consolidated rate instead of the several rates which are now levied as one consolidated rate. (*See paragraph V of the Statement of Objects and Reasons.*)

Clause 90.

This clause provides that all moneys payable to the credit of the Municipal Fund shall be paid into the Imperial Bank of India.

Clause 91.

Sub-clause (*1*) increases the number of persons authorized to sign cheques on behalf of the Corporation.

Sub-clause (*3*) reproduces section 112(*3*) of the existing Act with this modification, that the limit of Rs. 1,000 as regards the drawing of cheques is omitted. The placing of such a limit has been found to cause unnecessary trouble in making payments.

Clause 92.

Sub-clause (*2*) places beyond the possibility of doubt the legality of the payment of the Calcutta Improvement Trust contribution, which has been doubted in some quarters.

Clause 93.

Sub-clause (*g*).—This new sub-clause is added to cover sums payable as compensation under any rule or by-law made under the proposed Act.

Clause 97.

The wording of section 119 of the existing Act has been modified. Surplus cash may be deposited in the Imperial Bank of India or in any other bank or banks in Calcutta approved by the Local Government.

CHAPTER VII.

Clause 99.

This clause corresponds to section 121 of the existing Act, but the drafting has been altered owing to the proposed abolition of the General Committee and other constitutional changes. The provisions of this clause have also been made more comprehensive in view of the omission of the provisions of sections 122, 123, 124 and 125 of the existing Act, which are no longer required since the General Committee are to be abolished. It is also proposed to increase the minimum closing balance to six lakhs as that sum has been found necessary to meet ordinary liabilities, and this has accordingly been provided for in clause 100.

CHAPTER VIII.

Clauses 102 to 123.

This chapter reproduces Chapter X of the existing Act as substituted by the Calcutta Municipal (Loans) Act, 1914, with the necessary modifications resulting from the changes in the municipal constitution or in other points of detail which are proposed in this Bill. In accordance with the policy adopted throughout the Bill, all provisions in the existing Act requiring that certain matters shall be referred to "special meetings" of the Corporation have been omitted. Power has been taken in clause 112 (2) (*ii*) for the raising of short term loans by the Corporation. The Corporation have frequently asked for this power.

Ben Act IV 1914

CHAPTER IX.

Clauses 124 to 127.

These clauses reproduce sections 142, 143, 144 and 146 of the existing Act with such modifications as are necessary owing to the abolition of the General Committee and other constitutional changes. No provision need now be made for the payment of auditors [*see* section 143 (*3*) of the existing Act], as the audit of the municipal accounts is now conducted by the Accountant-General free of charge.

No provision requiring the Executive Officer to send to each Councillor and Alderman a copy of the auditors' report (*see* section 144 of the existing Act) is now necessary, as the auditors now submit their report to the Corporation direct.

CHAPTER X.

Clauses 128 and 129.

The changes made in the provisions of sections 147 and 148 of the existing Act and the omission of the provisions of section 149 of that Act are due to the amalgamation of the separate funds. The reduction of the water-rate under the proviso to section 147 of the existing Act is negligible, being estimated at only 01 per cent. The proposed changes have been explained in detail in paragraph V of the Statement of Objects and Reasons.

Clause 130.

Power has been taken by the Local Government in sub-clause (*2*) to direct the exemption of open spaces and parade grounds, being the property of Government, from the consolidated rate.

Sub-clause (*4*) reproduces section 150 (*3*) of the existing Act, but it is proposed to dispense with the control of the Local Government in the matter of exempting certain buildings and land from the consolidated rate.

Clause 131.

Proviso (*ii*) reproduces section 151 (*ii*) of the existing Act with modifications which are intended to meet the contention that lifts or electric fittings are machinery and should therefore be excluded from the valuation of a building.

Clauses 132, 133 and 134.

These clauses and sub-clauses (*h*), (*i*) and (*j*) of clause 135 (*4*) introduce special statutory procedure for the assessment of Improvement Trust properties. At present a great deal of unnecessary labour is thrown both on the Trust and on the assessment department of the Corporation in transferring to the account of the Trust the assessment of acquired holdings and in retransferring them after sale. Considerable labour is also involved in dealing with remissions claimed by the Trust separately for each property. These clauses provide for all properties which belong to the Board of Trustees and are included within the area of an improvement scheme being given one single valuation, as in the case of the properties of the Port Commissioners. When any land, or building or portion thereof comprised within the scheme area, is transferred by the Trust, a new apportionment of the assessment may be made on the application of the Trust instead of an application being required from a moiety of the owners. Again, the Executive Officer is authorized immediately to revalue any building, or land or portion thereof transferred by the Trust, in view of the fact that such land or building will usually be enhanced in value by the improvements executed by the Trust.

Clause 135.

The opportunity has been taken to modify the provisions of section 152 of the existing Act considerably. Sub-section (*1*) of that section has been recast so as to save and continue valuations made under the existing Act, and the word "districts" has been replaced by the word "wards" in this clause. This last change merely follows the existing practice, as the "districts" for assessment purposes have always been the wards. As a result of the changes made in this clause, Schedule VII of the existing Act will no longer be necessary. Sub-clause (*2*) has been inserted to provide for the valuation of the new areas which it is proposed to include in Calcutta. Again in sub-clause (*4*) (*a*) it is proposed to omit the reference to "lands that are waste or are used for agricultural purposes." There is no reason why such lands should be revalued within the six-yearly period, and in practice such intermediate valuations are never made. Sub-clause (*4*) (*d*) has been introduced with a view to providing for the valuation of any new building erected during the currency of the assessment period. The provision for such valuation is not very clear in the existing Act. Sub-clauses (*4*) (*h*), (*i*) and (*j*) have been explained in the notes on clauses 132, 133 and 134.

Clause 137.

As mentioned in the note on clause 135, the "districts" prescribed by section 154 of the existing Act have, in practice, always been the wards This clause therefore provides that the valuations shall be carried out by wards. For the same reason, 'ward' has replaced 'district' in clause 140.

Clause 139.

The corresponding section 156 of the existing Act does not provide for all the details which are necessary in order to arrive at a correct valuation to be entered in the return. This deficiency has been made good.

Clause 141.

There is very little advantage in differentiating between the case of *bustees* and other lands and buildings so far as the question of the notice to be given when the assessment is increased is concerned, and *bustees* have therefore been included in clause 141. The removal of this distinction has also necessitated a consequential change in the provisions of section 160 (*2*) of the existing Act, which are reproduced in clause 142 (*2*).

Clause 146.

Sub-clause (*1*) (*c*)—Under the existing law the names and places of abode of persons primarily liable to pay the consolidated rate have to be entered in the municipal assessment-book. The proposed sub-clause renders the underlying intention quite definite by specifically requiring the entry in the assessment-book of the names and places of abode of owners and of the names only of occupiers.

Sub-clause (*2*) prescribes the municipal assessment-book. A definition of "assessment-book" has been inserted in the Bill. [*See note on clause 3* (*3*).]

Clause 148.

This clause is based upon section 149 of the City of Bombay Municipal Act, 1888. In order to prepare a correct election-roll, and also for many other reasons, it is necessary that the assessment-book should be kept correct up to date, and it is considered that little hardship will be entailed in requiring that all transfers of title in immovable property should be reported to the Executive Officer. Bom Act III of 1888.

Clause 150.

This clause reproduces the provisions of section 169 of the existing Act, but the wording has been modified with a view to make the intention clearer.

Clauses 154 and 155.

The wording of sections 173 and 174 of the existing Act has been simplified, but without any substantial change in their purport.

Clause 157.

This clause reproduces section 176 of the existing Act, but it is thought desirable to calculate the period of limitation from the date of payment instead of from the date on which notice is given. The present procedure has proved unworkable, and is also unfair in some cases.

Clause 158.

This clause is taken from section 152 of the City of Bombay Municipal Act, 1888. Under the existing law remission of rates is granted for the period during which a holding is unoccupied, and it is very difficult for the Corporation to know when it is re-occupied unless the owner is required to give notice of the fact. A clause to this effect is considered to be very necessary to prevent loss of rates. Bom. Act III of 1888

Clause 159.

The language of the existing section has been considerably simplified without however altering its provisions.

Clause 160.

This clause, which corresponds to section 178 of the existing Act, has been made to apply to "land" as well as to buildings.

Clause 162.

This clause reproduces section 180 and part of section 182 of the existing Act, with modifications. It is proposed to abandon the practice of assessing masonry building in a *bustee* as *bustee* holdings, and to value them under the ordinary provisions relating to the valuation of buildings. Under the existing law "*bustee land*", as defined in section 3 (*6*), excludes any portion of a *bustee* in which the owner of the land is also the owner of a hut. This gives rise to difficulty when the huts of the tenants fall, as they occasionally do, into the hands of the landlord. In the Bill, the above definition is not included, and it is therefore necessary to provide in this clause that the deduction of one-eighth from the rate should not be allowed in case of huts owned by the landlord of the *bustee* as that deduction is intended to be allowed for the expense and possible loss involved in collecting the hut-owner's share of the rates. Sub-clause (*2*) is taken from section 182 of the existing Act, which it is proposed to omit from the Bill.

Clause 165.

This clause reproduces section 185 of the existing Act, but the portion relating to provisional registration is omitted as it has been found that such registration is never resorted to in practice.

Clause 167

This clause corresponds to section 187 of the existing Act and, with the exception of the provisos, the changes made are purely verbal and have been inserted merely with a view to render the intention clearer. The provisos are new and are intended to cover the case of a holding which is sub-divided or amalgamated on re-valuation. Such cases were apparently not contemplated when section 187 of the existing Act was originally enacted, but it is most necessary that they should be provided for. The course proposed is that the rate should be paid on the new valuation pending the determination of the objection, and, if it is reduced on the objection being decided, a refund of the excess should be made.

Sub-clause (*3*) contains provisions similar to those obtaining in Bombay determining the manner in which the amount of money due to the Corporation in lieu of the consolidated rate on account of Government buildings and lands shall be ascertained.

CHAPTER XI.

Clause 168.

This clause reproduces section 188 of the existing Act with certain amendments. The exemption, by clause (*a*) of section 188, of carriages, none of the wheels of which exceed 24 inches in diameter, from the payment of the tax on carriages has operated to exclude motor-cars and other similar vehicles having wheels which do not exceed 24 inches in diameter. As, however, there are no grounds for the exemption of such cars, it is desirable that the provisions of the above-mentioned clause should be repealed. Clause (*e*) has been omitted as being no longer necessary.

Clause 170.

Sub-clause (2), proviso.—This proviso has been added with the object of making it clear that the tax leviable in respect of carriages and animals is not to be levied over again in any one half-year should such carriages or animals change hands during that period.

Clause 175.

This clause reproduces section 196 of the existing Act, with some verbal alterations made with a view to make the intention clearer.

Clauses 176 and 177.

These clauses introduce new provisions for imposing a yearly tax on dogs. These provisions are much the same as those relating to the tax on carriages and animals, except that the license will be an annual one and all licensed dogs will be required to carry a number-ticket. (*See paragraph V (d) of the Statement of Objects and Reasons.*)

CHAPTER XII.

Clause 178.

This clause reproduces section 198 of the existing Act, the wording of which has been altered so as to get rid of the separate references to "persons" and "associations" in view of the definition of "person" in section 3(*32*) of the Bengal General Clauses Act, 1899, which includes companies and associations. A similar change has been made in other clauses where the word "person" occurs. The first proviso is new and is designed to meet the contention that the grant of a license under section 198 is some sort of guarantee that the licensee will not be required to secure any other license which he may be required, under other sections of the existing Act, to take out in order to enable him to carry on his business in the manner in which he desires. The tax on trades and professions is merely a means of raising revenue, and the Corporation are bound, under section 198 of the existing Act, to grant the necessary license; but it was never intended that the grant of such license should exempt the holder from taking out any other license under the law. As, however, the point is sometimes disputed, it is considered advisable to insert in the Bill a provision which will make the position quite clear.

Ben Act I 1899.

Clause 179.

This clause is the same as section 199 of the existing Act, with the exception that some of the particulars required to be stated in every license under the existing law now form part of the general requirements governing the issue of licenses which are contained in clause 488.

Clause 181.

This clause reproduces section 201 of the existing Act, but it is proposed to make its provisions applicable to owners as well as to occupiers of premises.

CHAPTER XIII.

Clauses 182 and 183.

These clauses reproduce sections 203 and 204 of the existing Act, respectively, but introduce provisions for the levy of the scavenging-tax on account of markets. A very large quantity of refuse accumulates on premises which are used as markets, and the intention of section 203 of the existing Act (read with Schedule IX) evidently was that this scavenging-tax should also be payable in the case of markets; but the reference to the number of animals kept has given rise to the interpretation that such a tax can only be levied in the case of cattle markets. The new provision in these clauses meets this difficulty. In clause 182 it is considered unnecessary to provide for the fixing of any rates other than those prescribed in Schedule VIII, which have been carefully calculated according to the cost of removing the refuse. It is not proposed to retain in the Bill the power to make by-laws for prescribing rates for license-fees which is given by section 203 of the existing Act, or the provisions *re* preparation of half-yearly lists of licensees which are incorporated in section 205 of that Act.

CHAPTER XIV.

This chapter corresponds to Chapter XVI of the existing Act and is almost identical with it. The changes made are purely verbal.

CHAPTER XV.

Clause 186.

This clause amalgamates the provisions of sections 208 and 210 of the existing Act.

Clause 187.

Sub-clause (1) corresponds to section 209(*1*) of the existing Act, but it is proposed to provide for an enhanced fee in the case of carts propelled by mechanical power and of trailers drawn by such carts. This is intended to meet the case of motor-lorries and road-trains, which do a great deal of damage to the roads and which at present pay the same fee as bullock-carts. A provision has also been introduced for making a charge of one rupee for the number-plates to be affixed to carts, such fee being returnable if the number-plate is given back in serviceable condition. At present cheap locally made number-plates are affixed which are frequently imitated. It is proposed, therefore, to use enamelled number-plates in future, which will be more expensive, but which it will be difficult to imitate.

Clause 188.

This clause reproduces the provisions of section 209(*4*) of the existing Act which it is thought desirable to insert as a separate clause in the Bill.

CHAPTER XVI.

Clause 200.

This clause introduces provisions for the issue of a fresh warrant for the recovery of the balance of the sum due, if the sale-proceeds of the property distrained under the original warrant are not sufficient to cover the whole of such sum.

Clause 202.

The provisions of section 223 of the existing Act do not cover the case of a purchaser of a share of any land or building. It is proposed to remedy this defect by extending the provisions of this clause to such purchasers.

Clause 208.

It is proposed to authorize the Corporation to realize the carriage and horse tax from hackney-carriage owners in the same way as from other owners of horses and carriages. The exception made in section 229 (*1*) of the existing Act with regard to hackney-carriage owners is apparently based upon section 190 of that Act, which provides that hackney-carriages shall not be registered under the Calcutta Hackney-carriage Act, 1891, until the carriage and horse tax has been paid; but hackney-carriage owners ordinarily keep a certain number of spare horses the tax on which cannot be realized under the provisions of section 190. The provisions of this clause will facilitate the levying of the tax on all horses owned and used by hackney-carriage owners.

Ben. Act II of 1891.

Clause 212.

This clause corresponds to section 233 of the existing Act, but it has been considered desirable to apply the provisions of certain other sections, besides those already mentioned in sub-section (*2*) of that section, to the case of a warrant of distress issued for the recovery of certain taxes other than the consolidated rate.

Clause 213.

This clause provides for the seizure of the goods of hawkers who have not taken out a license. This is the only available method of realizing the tax in such cases, as it is impossible to trace these hawkers and to apply to them the ordinary provisions for the recovery of taxes. A similar power is given by section 214 of the City of Bombay Municipal Act, 1888, with regard to vehicles which have not paid toll.

Bom. Act III of 1888.

Clause 215.

In addition to reproducing the provisions of section 235 of the existing Act this clause provides specifically for striking off the books irrecoverable demands, other than demands on account of the consolidated rate or any other tax. At present the Chairman, in the exercise of his ordinary executive authority, orders such sums as he considers to be irrecoverable to be written off, but it is considered desirable to make specific provision for this in the Bill.

CHAPTER XVII.

Clause 217.

This clause provides for the continuation of the supply of unfiltered water wherever it is already being supplied, and leaves it to the discretion of the Corporation to extend the supply to any part of Calcutta in which it does not exist.

Clause 218.

This clause combines the provisions of sections 238 and 239 of the existing Act; but the power of the Corporation under the latter section to supply unfiltered water to bathing platforms is done away with, as unfiltered water is considered insanitary for bathing purposes and as filtered water can now easily be supplied to all bathing platforms.

Clause 219.

This clause reproduces the provisions of section 240 of the present Act, but gives the Corporation power to provide hydrants in the filtered as well as in the unfiltered water systems.

Clause 220.

This clause makes it clear that a pressure of not less than 40 feet must be kept up in the municipal mains for the supply of filtered water throughout the 24 hours, though power is given to the Corporation to authorize a lower pressure, if necessary.

Clause 222.

This clause combines the provisions of sections 244 and 245 of the existing Act, but provides for the use of filtered water to extinguish fire in case of emergency.

Clause 224.

This clause reproduces the provisions of section 247 (2) of the existing Act, but the last part of the sub-section is not included as it is considered unnecessary.

Clause 225.

It is proposed to increase the free allowance of filtered water from 4,000 to 5,000 gallons for every rupee of water-rate; but as no separate water-rate is now imposed, the allowance has been calculated on the consolidated rate on the assumption that the water-rate would be six *per cent.* out of a total consolidated rate of twenty *per cent.* This calculation would give a free allowance of fifteen hundred gallons for every rupee paid as the consolidated rate. It is also provided that the free allowance shall in no case be less than twenty, or more than fifty, gallons per head per day, calculated upon the ordinary number of persons residing on the premises. In the case of the poor, a free allowance, based solely on the amount of rates paid, sometimes causes hardship, and it is thought that every person ought to be entitled to at least twenty gallons of filtered water a day irrespective of the rates which he pays. On the other hand, it is considered that fifty gallons per head per day is more than sufficient for anybody, and it is proposed to limit the free allowance to this quantity, even though the valuation of the premises would entitle the occupier to a much larger supply. In the possible contingency of the Corporation hereafter deciding to discontinue the unfiltered water-supply, power is given to the Local Government to increase the free allowance of filtered water.

Clause 226.

This clause permits the occupier of any premises to bring into the premises a supply of filtered water and also of unfiltered water. Under section 249 of the existing Act it is only the occupier of a masonry building who is permitted to have water connection. It is proposed to allow such connections to any premises whether consisting of buildings or open lands or both, with the reservation, as provided in clause 231, that huts shall not be directly connected with the water-supply except for the purpose of flushing privies attached to them.

Clause 229.

This clause corresponds to section 282 of the existing Act which has thus been transposed to a more appropriate position.

Clause 230.

This clause corresponds to section 253 of the existing Act, but the word "premises," as including buildings as well as land, has been substituted for the word "building." In proviso (*a*) power is given to the Corporation to pay the cost of connecting any premises with the water-supply under this clause out of the Municipal Fund if the owner is too poor to bear the same.

Clause 231.

This clause introduces provisions to prohibit the direct connection of a hut to the water-supply except for the purpose of flushing a connected-privy attached to the hut. (*See note on clause 226.*)

Clause 232.

Sub-clause (1) proviso, reproduces the proviso to section 254 of the existing Act with the additional requirement that only filtered water is to be supplied in cases where the Corporation think that the supply of unfiltered water may lead to contamination.

Clause 234.

This clause provides for the contingency of the Corporation desiring to discontinue the unfiltered water-supply. No such proposal is actually in contemplation now, but it is undesirable that the Corporation should be legally bound to maintain an unfiltered water-supply, even though it might be more satisfactory to substitute filtered water for it.

Clause 237.

This clause introduces provisions based on section 273 of the City of Bombay Municipal Act, 1888. It is certainly desirable that the Corporation should own and maintain all service water-pipes and fittings in streets, but the expenses and responsibility of maintaining them are considerable. It is desirable, however, that the Corporation should have the power of taking over such pipes and fittings, if they are willing to undertake the expense of maintaining them. Bom. Act III of 1888.

Clause 239.

It is proposed to give the Corporation a free hand in the matter of fixing water-meters. In some cases such meters are fixed in whole districts. The provisions of sub-sections (*2*), (*4*) and (*5*) of section 270 of the existing Act have not been included in the Bill. They were inserted in the Act for the purposes of the then proposed block-meter system, which was subsequently abandoned. No occupier ever applies to have a meter attached to his premises, and there is no reason why he should do so.

Clause 240.

This clause reproduces the provisions of section 271 of the existing Act, but introduces new provisions to deal with matters which have given rise to difficulties under the existing law. If there are several separate occupiers in a building it is impossible to ascertain which of them has used more than the allowable quantity of water, and the only method of realizing the excess charge is to make the owner pay it and recover from his tenants. This is provided for in sub-clause (*2*). Sub-clauses (*3*) and (*4*) deal with cases in which there is a change of occupier during a quarter. They make the last occupier liable for the whole excess unless he has had the meter read at the time when he came into occupation.

Clause 242.

This clause is necessary in view of the fact that the rules regulating the use, maintenance and testing, etc., of meters have been transferred to Schedule XIII.

Clause 243.

Sub-clause (*1*) is taken from section 286 of the City of Bombay Municipal Act, 1888. When a meter, for instance, is tampered with in private premises, it is almost impossible to discover the offenders. It is therefore proposed to provide that the occupier shall be presumed to be liable, until the contrary is proved. Bom Act III of 1888

Sub-clause (*2*) merely reproduces the provisions of section 276(*2*) of the existing Act, which, it is thought, fall more appropriately into this place.

Clause 244.

This clause reproduces the existing section except that two other municipalities have been added, namely, Panihati and Tollyganj.

Clause 248.

Three new sub-clauses (*h*), (*i*) and (*j*) have been added to the provisions of section 283 (*1*) of the existing Act. The first explains itself. The second is intended to enable the supply of water to be cut off without 24 hours' notice in cases in which a tap is found missing and the water is running continuously to waste. Such cases are by no means uncommon. The third additional sub-clause enables the Corporation to cut off the water at once in order to prevent damage to the public street. Provision has also been made in sub-clause (*2*) of this clause for realizing the cost of restoring the connection as well as that of cutting it off, but it is proposed to exclude from the application of this provision cases in which the connection is cut off in unoccupied premises and in premises declared unfit for human habitation.

CHAPTER XVIII.

Clause 255.

This clause amalgamates the provisions of sections 290 and 291 of the existing Act. Power has expressly been given to the Corporation to carry municipal drains under buildings, as it has been held that "land" in section 290 (*1*) and (*2*) of the existing Act means vacant land not occupied by buildings.

Clause 256.

This clause corresponds to section 292 of the existing Act. It is proposed in sub-clause (*2*) to include the owner of a private street, wall or other structure in the liability for the expenses of removing or otherwise dealing with the same under this clause. This is expedient as the "person offending" may be a contractor or a servant of the owner.

Clauses 265 and 266.

These clauses reproduce sections 301 and 302 of the existing Act, but it has not been thought necessary to retain in clause 265 any provisions dealing with the construction of new house-drains seeing that clause 266 (*1*) adequately provides for such constructions. Section 301(*3*) now appears as clause 266 (*2*). It is to be noted that the owner alone is made liable under these clauses.

Clause 268.

Sub-clause (*2*) corresponds to section 307 (*2*) of the existing Act, but further provides that the owner of the land on which a hut stands shall be liable for the cleansing, repair and maintenance of a surface drain constructed to serve such hut.

Sub-clause (*3*) is intended to meet the contention sometimes put forward that section 307 of the existing Act is the only section which empowers the Corporation to deal with the drainage of *bustees* or huts.

Clause 271.

The provisions of section 310 relating to the fees to be levied under the section and the manner of the recovery of such fees have not been included in this clause as they are covered by the general provisions of clauses 488 (*2*) and 516.

Clause 272.

This clause corresponds to section 311 of the existing Act, but it has been amplified on the lines of section 247 of the City of Bombay Municipal Act, 1888, which relates to bathing and washing place accommodation as well as to privy and urinal accommodation for new buildings. Bom. Act III of 1888

Clause 273.

This clause corresponds to section 312 of the existing Act, but has been amplified on the lines of section 248 of the City of Bombay Municipal Act, 1888. Bom Act III of 1888.

Clause 274.

This clause lays down that the requisition referred to therein is to be made on the owner of the premises. The occupier is not to be called upon except in the circumstances mentioned in clause 287. (*See note on clause 287.*)

Clause 275.

This clause reproduces, with a few verbal alterations, the provisions of section 314 of the existing Act. It is proposed in the Bill to amalgamate the provisions of Schedules XV and XVI to the existing Act and include them in one Schedule.

Clause 280.

This clause reproduces the provisions of section 320 of the existing Act, but empowers the Corporation to cleanse or open out any house-drain which is obstructed and to direct that the owner or the occupier shall pay the expenses of the work.

Clause 281.

This clause relates to the position of cesspools and corresponds to section 304 of the existing Act and also to section 325, in so far as that section relates to cesspools. This clause also introduces provision prohibiting the construction of a cesspool under any building or within a certain distance of a filtered water reservoir outside Calcutta and empowers the Corporation to approve the site of cesspools and to require a cesspool which has been illegally constructed to be removed or filled up.

Clause 282.

This clause corresponds to section 325 of the existing Act in so far as that section relates to receptacles for sewage or offensive matter other than cesspools. This clause, like clause 281, applies also to receptacles situated outside Calcutta.

Clause 286.

This clause corresponds to section 328(*1*) and (*2*) of the existing Act, the Corporation taking the place of the General Committee which it is proposed to abolish. The owner of the premises is made liable in all cases.

Clause 287.

This clause amplifies the provisions of section 315 of the existing Act, but is based on the same principle The use of the words "owner or occupier" throughout Chapter XXI of the existing Act has given rise to difficulties. The work to be carried out is practically in every case work which should be carried out and paid for by the owner. It is, however, frequently very difficult to serve a requisition on, or enforce it against, the owner, and notices are therefore often served on the occupier who has to bear the cost of the work. This is inequitable. The proviso enables the occupier to recover from the owner expenses reasonably incurred by him on behalf of the owner.

Clause 288.

This clause introduces new provisions, based on section 260 of the City of Bombay Municipal Act, 1888, and is intended to strengthen the hands of the Corporation in an emergency. *Sub-clause* (*2*) empowers the Corporation to bear the expenses, in any suitable case, of work undertaken in these circumstances. Bom Act III of 1888.

CHAPTER XIX.

Clause 290.

This clause reproduces the provisions of section 329 of the existing Act, but the condition as to publication within two months has not been included as it is spent.

Clause 293.

Sub-clause (*1*) corresponds to section 332 (*1*) of the existing Act with a new provision introduced to cover every kind of work done in connection with underground drains.

Clause 294.

This clause corresponds to section 333 of the existing Act. The special provisions in sub-section (*2*) of that section have not been included in the Bill as they are unnecessary, the Corporation being given a general power to prescribe fees for licensed plumbers for work done.

CHAPTER XX.

Clause 297.

Sub-clause (*2*) introduces provisions expressly empowering the Corporation to name public streets, as the provisions of section 348 of the existing Act have been relegated to a Schedule.

Clause 299.

This clause corresponds to section 338 of the existing Act, but provision has been made for oiling streets; and the provisions of sub-section (*2*) of that section have not been included as it has never been found necessary to resort to them in practice and as it is proposed to abolish the General Committee.

Clause 300.

This clause merely provides the authority necessary to give effect to the provisions of Schedule XIV, to which several sections of this chapter have been transferred.

Clause 301.

It has been held that platforms, verandahs and other projections are not "fixtures" within the meaning of section 341 of the existing Act, but "portions of the building" itself. The proposed amendments are intended to meet this difficulty.

Clause 302.

This clause reproduces section 342 of the existing Act, but makes the offender specifically liable, notwithstanding his liability to be prosecuted to pay such expenses as may be incurred by the Corporation in the removal of the obstructions in a public street.

Clause 303.

This clause corresponds to section 350 of the existing Act, but gives the Corporation power to prescribe both a "building-line" and a "street alignment" for any public street.

Clause 304.

This clause, which corresponds to section 351 of the existing Act, has been modified on the lines of the Calcutta Improvement Act, 1911, as amended by the amending Act of 1915. Ben Act V of 1911.

Clause 305.

This clause corresponds to section 352 of the existing Act, but gives power to the Corporation to take possession of any land not covered by buildings which is situated within a prescribed street-alignment.

Clause 308.

This clause reproduces the provisions of section 355 of the existing Act, but permits the alternative course of providing proper means of access for persons affected by the closing of a street.

Clause 309.

This clause corresponds to section 356 of the existing Act. Proviso (*b*) introduces provisions the effect of which will be to keep the lines of masonry buildings on both sides of a projected street forty feet apart, though the street itself may be less than forty feet wide, thus facilitating the future widening of streets.

Clause 310.

By this clause the provisions of clause 304 are made applicable, so far as may be, to public streets projected under clause 309.

Clause 311.

This clause reproduces the provisions of section 357 (*1*) and (*2*) of the existing Act. The provisions of that section relating to abandonment of acquisition have not been included since new provisions dealing with the same subject have been introduced in clauses 312, 313 and 314.

Clauses 312, 313 and 314.

These clauses, which are on exactly the same lines as sections 78, 79 and 80, respectively, of the Calcutta Improvement Act, 1911, correspond to the provisions of sub-section (*2*), proviso, and sub-sections (*3*) to (*6*) of section 357 of the existing Act. They follow the same principle as the existing law, but definitely lay down the procedure for the abandonment of acquisition of any land in consideration of special payment, for the recovery of money so payable and for the acquisition of the same land by a fresh declaration. Ben., Act V of 1911

Clause 315.

This clause corresponds to section 358 of the existing Act. It is intended to help owners who wish to lay out private streets, but it is thought desirable that the Corporation should have power to compel owners to widen a street to the full width of forty feet.

Clause 318.

This clause reproduces section 361 of the present Act. The owner of a private street which is to be treated as provided in this clause is now among the persons who may be required to deal with the street in accordance with the requisition to be served hereunder.

Clause 319.

This clause corresponds to section 362 of the existing Act, but amalgamates the provisions of sub-sections (*1*) and (*2*) of that section. It requires the consent of a bare majority (instead of three-fourths) of the owners of buildings situated in a private street, or of the owners of the street or the owners or occupiers who have paid for the levelling, etc., of the street, before the Corporation may declare the same to be a private street.

CHAPTER XXI.

Clause 320.

This clause reproduces the provisions of section 363 of the existing Act, with such changes in the wording as are necessitated by the definition of "new building" in the Bill which will take the place of the definition of "re-erection" in the existing Act. A similar change in the wording has been made throughout the Bill.

Clause 321.

This clause empowers the Corporation to settle all questions that may arise as to what is a site. Such questions have often given rise to much difficulty in applying the building rules.

Clauses 322 and 323.

These clauses introduce provisions for the licensing of building surveyors having certain qualifications to be prescribed by the Corporation and for the making of rules for the guidance of such surveyors. (*See paragraph VII of the Statement of Objects and Reasons.*)

Clause 324.

This clause introduces provisions which require that the plans, elevations and sections, which are to be submitted with an application for sanction to erect a building, must be prepared by a licensed building surveyor.

Clause 325.

This clause corresponds to section 367 of the existing Act, but the distinction between "streets" and "localities" has been done away with and the clause does not now include any provision as to continuous buildings, this class of buildings having been dealt with in Schedule XVI to the Bill. The provisions of sub-clause (*f*) are intended for the purpose of improving the condition of huts in certain areas.

Clause 326.

This clause introduces provisions which will have the effect of restricting the erection of masonry buildings which do not abut on a street or to which there is no access by a pathway at least sixteen feet in width. Sub-clause (*2*) provides that such a pathway shall not at any future time be encroached upon by any other building. The object of these provisions is to prevent buildings being erected without any proper means of access to them.

Clause 327.

This clause enables the Corporation to require existing public buildings to be brought into conformity with the building rules applicable under the Bill to new public buildings.

Clause 328.

This clause introduces provisions which will have the effect of prohibiting the change in user of a building, an exception being made in favour of buildings which are used as shops in areas in which shops are not prohibited. This exception is a concession to the common practice of letting out or using portions of dwelling-houses as shops and to the need for certain kinds of shops (*e.g.*, small grocery shops) in residential areas.

Clause 329.

This clause corresponds to section 391 of the existing Act, but sub-section (*1*) of that section is now no longer necessary.

An *Explanation* has also been added to make it quite clear that, for the purposes of clause 329, alterations of, and additions to, a building shall not include any work of re-erection or re-construction which would be covered by the definition in clause 3 (*43*). The provisos to section 391(*2*) of the existing Act, as also sub-section (*3*) to that section, have not been included as they are unnecessary in view of the form now taken by this clause.

CHAPTER XXII.

Clause 332.

The definition in section 3 (*5*) of the existing Act limits a "*bustee*" to plots of land exceeding 10 *cattahs* (in area or in the case of contiguous plots) exceeding one *bigha* in area. In view of the altered definition of "*bustee*" in clause 3 of the Bill it is thought desirable to restrict the powers of the Corporation to improve a *bustee* to plots exceeding one *bigha* in area.

Clause 333.

This clause reproduces section 400 of the existing Act, but the opening words have been modified so as to make the object of the clause quite clear. A reference to "wells and low lands" has also been introduced in sub-clause (*f*) as being much needed. The change in the provisions of section 400 (*3*) of the existing Act is necessitated by the omission from the Bill of the definition of "*bustee* land."

Clause 334.

The provision in section 401 of the existing Act requiring the preparation of a plan within a further period of sixty days, has not been included in the clause, as this is considered too short a period in the case of large *bustees*. The charge of three rupees per *bigha*, as prescribed by section 401 (*4*) of the present Act, is inadequate to cover the actual cost of preparing a plan, and it is accordingly proposed in sub-clause (*4*) to increase it to five rupees.

Clause 337.

This clause corresponds to section 404 of the existing Act, which has been recast. It is thought unnecessary to enforce the re-erection of huts which have been taken down. All that is required is that huts which do not conform to the standard plan should be removed. It is also thought desirable to have a more specific provision as to the payment of compensation for huts removed.

Clause 338.

The main difference between this clause and section 405 of the existing Act is that it is now proposed herein to give the Corporation the additional power of making requisitions in respect of the water-supply and bathing arrangements for huts.

Clause 339.

Sub-clause (*1*).—The use of the term "medical officer" in section 406 (*1*) and the term "officers" in section 406 (*2*) of the existing Act has led to the contention that the persons employed to make the inspection must be officers of the Corporation. To meet this contention it is proposed to substitute the phrase "persons appointed in that behalf" for the word "officers" and the phrase "medical practitioner" for "medical officer". It is also proposed to insert "registered" before "medical practitioner", this alteration being desirable in view of the provisions of the Bengal Medical Act, 1914. Ben Act VI of 1914

Sub-clauses (*2*) *and* (*3*).—It is proposed to make it quite clear by these two sub-clauses that urgent and deferred improvements, respectively, are to be specified in separate schedules annexed to the report.

Sub-clause (*5*) is introduced so as to enable the report to be used in evidence without calling as witnesses the persons who submitted it.

Clause 340.

The wording of section 407 of the existing Act has been recast. It is thought undesirable to prescribe a period of six months or any other period within which the plan must be considered and approved.

Clause 341.

This clause reproduces section 408 of the existing Act, but notices may now be served separately on owners and occupiers of huts and owners of the land in the *bustee*. In practice, it is often found necessary to require hut-owners to demolish portions of their huts and the owners of the land to carry out other improvements.

Clause 342.

It is proposed that the expenses incurred by the Corporation when carrying out improvements in a *bustee*, in default of the owners or occupiers, should be a charge on the *bustee*.

Clause 344.

This clause is the same as section 411 of the existing Act except that it now specifies the different steps which the Corporation may take on receipt of a report, under clause 339, relating to the sanitary condition of a *bustee*.

Clause 345.

The wording of section 412 of the existing Act has been recast with a view to differentiating quite clearly between the carrying out of improvements to be taken in hand forthwith and those to be deferred for action under the previous clauses. [*See note on clause 339 (2).*]

Clause 349.

This clause reproduces section 416 of the existing Act. Having regard, however, to the provisions of clause 333(*2*) of the Bill, it is proposed in sub-clause (*1*) to refer to "passages" as well as to "streets," and in sub-clause (*2*) to provide for free access inside *bustees* for scavenging purposes.

Clause 350.

This clause introduces new provisions which are intended to render the bathing and privy accommodation in a *bustee* available to all the tenants. It is sometimes contended that the owner is entitled to restrict the use of such accommodation.

Clause 351.

This clause provides for the proper maintenance, by the owner, of all *bustee* improvements for which there is no provision under the existing law.

Clause 354.

The wording of section 419 of the existing Act (to which this clause corresponds) has been considerably altered so as to facilitate the application of its provisions. These, as at present framed, have almost brought the working of Chapter XXVI of the existing Act to a standstill. Under the existing law a *bustee* owner on whom a notice has been served to demolish a hut or to carry out improvements in the *bustee* is able to defeat the law by serving a notice on the Chairman under section 419 (*1*) and thereby gaining six months' time under section 419 (*3*), during which the period of limitation for prosecutions prescribed by section 631 runs out. It is proposed to limit the application of this clause to plots of land bearing a separate number in the assessment-book, and to provide in clause 525 that a fresh period of limitation for prosecutions shall be computed from the expiration of the six months allowed by clause 354 (*3*). [*See note on clause 325.*] Sub-clause (*5*) is inserted with a view to meet the case in which an owner first gets his land excluded from a *bustee* and then proceeds to re-build huts without making improvements as required by the standard-plan of the *bustee*. *Sub-clause* (*6*) introduces a necessary provision which will enable the Corporation to cancel or modify the standard-plan when huts in a *bustee* are removed under *sub-clause* (*3*).

Clause 355.

This clause is based on rule 37A of Schedule XVII to the existing Act, the provisions of which it is thought desirable to incorporate in the Bill in this place. It is proposed to make the clause applicable to areas in which huts are likely to be erected, as well as to existing *bustees*. It is in respect of such areas that its provisions will, it is thought, prove most useful.

Clause 356.

This clause gives further effect to clause 355. It is considered that seven years is a sufficiently long period to allow for the life of a hut, and it will be to the interest of hut-owners, when repairing or rebuilding during that period, to conform to the prescribed alignments; for, after seven years, they may be required to remove huts which do not so conform.

Clause 357.

This clause reproduces rule 16A of Schedule XVII to the existing Act (which also it is proposed to include in this chapter), with some modifications of drafting. The provisions of clause (*b*) of rule 16A have not been included as they would militate against clauses 349 (*1*) and 355 (*5*), under which streets and passages in *bustees* remain private streets.

CHAPTER XXIII.

Clause 360.

This clause reproduces section 449 of the existing Act, which, however, applies only to "work done." It is proposed to extend the application of this clause to existing structures which the owner undertakes to demolish when applying for sanction to erect a new building but which he subsequently leaves standing. The reference to 'occupiers' in proviso (*a*) has been omitted as, in practice, it has been found that section 449 has never been applied to occupiers. A similar omission has been made in clause 361. Proviso (*b*) is new and is intended to meet the contention, put forward in some cases, that section 449 of the existing Act cannot apply to a building which has been already valued for purposes of assessment.

Clause 361.

This clause reproduces section 450 of the existing Act with alterations in the wording and in the order of the sub-clauses made to correspond to the rearranged provisions of the existing Act as reproduced in the Bill. It is thought desirable that this clause should apply in the case of a building required to be demolished as unfit for human habitation, and this is provided for in sub clause (*5*). Cases in which buildings erected between a street alignment and the building-line of streets or projected streets may be required to be removed have also been included. A new proviso (*ii*), similar to proviso (*b*) in clause 360, has also been introduced. [*See note on clause 360.*]

Clause 362.

This clause reproduces section 451 of the existing Act, with the introduction of new provisions intended to strengthen the hands of the Corporation in stopping the erection of buildings unlawfully commenced or carried on. It is thought very desirable that unlawful construction should be effectively stopped in its early stages.

CHAPTER XXIV.

Clause 363.

This clause reproduces section 422 of the existing Act, but makes it clear that gas and oil lamps may be fixed, and gas-pipes laid under, across or over, any immovable property. Sub-clause (*3*) amplifies the provision in section 422(*2*) of the existing Act which exempts the Chairman from all liability to claims for compensation.

Clause 364.

This clause reproduces section 427 of the existing Act, but gives the Corporation discretion to make the owner of the unlawful structures, or the actual person offending, liable for the expenses incurred in removing the same.

Clause 365.

This clause is made up of sections 429 and 433 of the existing Act, but no material alterations have been made.

Clause 366.

This clause reproduces section 430 of the existing Act except sub-section (*5*), the provisions of which are no longer necessary.

Clause 367.

This clause corresponds to section 431 of the existing Act, but its provisions have been made applicable to premises in which building operations are being carried on.

Clause 368.

This clause corresponds to section 435 of the existing Act. It is thought desirable that express provision should be made for maintaining an establishment for the scavenging of streets and premises as well as for the removal of sewage.

Clause 371.

This clause amplifies the provisions of section 459 of the existing Act by empowering the Corporation to construct places as swimming baths and for washing clothes.

CHAPTER XXV.

Clauses 372 and 373.

It is considered unnecessary that this chapter should be placed in a separate Part, as in the existing Act. It has accordingly, in the Bill, been included in Part V. The clauses of the chapter reproduce sections 554 and 55 (Chapter XLI) of the existing Act.

CHAPTER XXVI.

Clause 374.

In rearranging the provisions of the existing Act it is proposed to relegate all the sections of Chapter XXIX, except sections 444 and 445, to a new Schedule.

Clause 375.

This clause reproduces section 444 of the existing Act, but extends its application to a portion of a building, and makes provision for inspection by the Corporation and for the prevention of the further use of condemned buildings or portions thereof.

Clause 376.

This clause is based on section 18 of the Housing of the Working Classes Act (9 Edw., 7, c. 44) and is intended to compel owners of uninhabitable houses either to render them habitable or to demolish such houses.

Clause 377.

This clause is based on the provisions of section 379 of the City of Bombay Municipal Act, 1888. Those provisions have been found to be most useful in Bombay in preventing overcrowding in buildings, and it is believed that they will prove equally efficacious in Calcutta. Bom Act III of 1888.

Clause 379.

Under the existing law the Chairman has no power to prevent any objectionable enlargement or extension of an existing factory or workshop. This clause reproduces section 463 of the existing Act, but gives the Corporation the required power.

Clause 380.

Sub-clause (*3*) reproduces section 467 of the existing Act, but omits, as unnecessary, the reference in the proviso to that section to licenses under Schedule II, which are trade or professional licenses and quite distinct from licenses granted in respect of premises.

Clause 385.

This clause introduces provisions which require the production of a certificate from the Corporation before a license in respect of eating-houses and hotels is granted under the Calcutta Suburban Police Act, 1866, or the Calcutta Police Act, 1866, or the Bengal Excise Act, 1909. It is considered essential that the Corporation should have some control over the sanitary condition of eating-houses and hotels. The provisions of the existing law relevant to this matter are sections 18 to 24 of the Calcutta Suburban Police Act, 1866, sections 35 to 41 of the Calcutta Police Act, 1866, and sections 20 to 23 of the Bengal Excise Act, 1909. Ben Act II of 1866. Ben Act IV of 1866 Ben. Act V of 1909.

Clause 386.

This clause introduces provisions for the licensing and control of theatres and other places of public amusement. Under the existing law there are no such provisions, and the want of them has long been felt by the Corporation.

CHAPTER XXVII.

Clause 387.

This clause is practically identical with section 477 of the existing Act, but the opportunity has been taken to provide in it for the construction and maintenance, etc., of municipal stock-yards which, at present, the Corporation cannot undertake.

Clause 390.

Owing to the very large number of Hindi-speaking people in Calcutta, it is thought desirable to require both here, and in other clauses in the Bill where the posting of notices in various languages is provided for, that such notices should be printed in Hindi as well as in Bengali, English and Urdu.

Clause 391.

Sub-clause (1) (a) reproduces the provisions of sections 481 (*a*) and 482 of the existing Act, but it is thought desirable to do away with the exception in favour of markets registered under the Calcutta Markets Act, 1871, because that Act has long been repealed and because there is no special reason why these markets should not be placed on the same footing as other markets. Proviso (*iv*) to section 181 has not been included for the same reason. Ben. Act VIII of 1871

Sub-clause (2) corresponds to section 481 (*2*) of the existing Act, but the provisions of that section requiring the payment of fees for licenses have been omitted as they are covered by clause 488 (*2*).

Clause 395.

This clause amalgamates the provisions of sections 486 and 487 of the existing Act.

Clause 396.

Sub-clause (a) reproduces section 489 (*a*) of the existing Act with a provision which will enable the levying of a charge for the feeding of animals kept in a municipal slaughter-house or stock-yard before they are ready for slaughter.

Clause 398.

This clause authorizes the Corporation in times of scarcity or in cases of emergency to open, subject to certain restrictions, depôts dealing in the necessaries of life, such as foodstaffs, fuel, etc.

CHAPTER XXVIII.

Clause 399.

This clause amalgamates the provisions of sections 493 and 494 of the existing Act which to a certain extent, overlap one another.

Clause 400.

Sub-clause (1) corresponds to sub-section (*1*) of section 495 of the existing Act. It prohibits absolutely the sale, etc., of any "adulterated" food or drug, and in order to give effect to this object, the qualifying words "to the prejudice of the purchaser," occurring in that sub-section, have been omitted. (*See definition of "adulterated" in clause 3, and also paragraph XI of the Statement of Objects and Reasons.*)

Clause 401.

This clause, which is based upon sections 415 and 417A of the City of Bombay Municipal Act, 1888, and section 6 of the Bengal Food Adulteration Act, 1919, prohibits the sale of certain articles of food which are not of the prescribed standard or quality. This goes further than the prohibition of the sale of "adulterated" articles, but the evils resulting from the wide-spread adulteration of articles of food which are in everyday use, and especially of milk, *ghee*, butter, wheat, flour and mustard oil, require that stringent measures should be taken to stop the adulteration of these articles altogether. *Sub-clause (2)* is designed to prevent persons from defeating the law by selling similar articles under similar names. The provisions of sub-clause (*5*) are intended as a safeguard against the institution of proceedings without proper justification.

Bom. Act III of 1888. Ben. Act VI of 1919.

Clause 402.

This clause is based on section 3 of the Butter and Margarine Act, and is designed to be a further check on the adulteration of certain articles mentioned in the last preceding paragraph.

7 Edw. 7, c. 21.

Clause 403.

This clause contains provisions requiring tins of separated or skimmed condensed milk to be labelled in such a way as to warn the public that the contents are unsuitable for infants. It is based on section 8 of the Bengal Food Adulteration Act, 1919.

Ben. Act VI of 1919.

Clause 404.

Sub-clause (1) reproduces section 496 of the existing Act with the wording modified in consequence of the new definition of "food" in the Bill, and prohibits manufacturing, keeping, selling and exposing or hawking about for sale.

Sub-clause (2) is on the same lines as section 495(*3*) of the existing Act.

Clause 405.

This clause corresponds to section 497 of the existing Act, but it now provides for the licensing of drug shops in place of mere registration.

Clause 408.

This clause corresponds to section 500 of the existing Act, under which shops or places where indigenous drugs or medicines are sold are exempted from registration under section 497. At present the Corporation can exercise no control over such places and there have been complaints that in these places poisons are not kept separate from non-poisonous drugs. It is proposed, therefore, to give the Corporation some control over such places by requiring them to be licensed under clause 405 like other drug shops.

Clause 409.

This clause corresponds to section 501 of the existing Act, but the provisions of sub-section (*2*) of that section have not been included as they are covered by clause 497 (*3*).

Clause 410.

This clause corresponds to section 502 of the existing Act, but it is considered very necessary that the Corporation should be empowered to make provision for the inspection of articles of food during manufacture. It is proposed by this sub-clause to give this necessary power.

Clause 411.

This clause corresponds to section 503 of the existing Act and is based on section 12 of the Bengal Food Adulteration Act, 1919. *Sub-clause* (*3*) introduces new provisions which are intended to enable the Health Officer to retain in custody suspected food or drugs until samples are taken and analysed, the object being to avoid the difficulties and expense of removing such articles before it is ascertained whether they should be condemned or not. These provisions will also prevent the disposal of the same before they are actually seized and removed by the Corporation. Ben. Act VI of 1919.

Clause 412.

This clause reproduces section 504 of the existing Act, the provisions of which, however, apply only to food. There is no reason why the provisions relating to the destruction of food, and the expenses thereof, should not apply to all the articles included in section 503, and the provisions of this clause are, therefore, made applicable to all those articles. Reference to section 505 of the existing Act will show that this, apparently, was the intention of that Act, but that the drafting of section 504 was defective.

Clause 414.

This clause is based on section 4 of the Bengal Food Adulteration Act, 1919. Power is taken for the Local Government to declare the normal constituents of any article of food, and to make rules to determine what variations from the normal will raise the presumption that the article of food is not genuine, or is injurious to health. Ben. Act VI of 1919.

Clause 416.

Sub-clause (*1*) reproduces section 507(*1*) of the existing Act, but enables the Health Officer to authorize persons, other than municipal officers or servants, to take action under this provision. The reason for this amendment is that the Municipal Food Inspectors (to whom the Chairman usually delegates his powers by virtue of section 18) are well known to all vendors, who make it a practice not to sell to these Inspectors whenever they can find a pretext for not doing so.

Sub-clause (*2*).—It is here proposed to give to the Health Officer power, similar to that conferred by sub-clause (*1*), to compel the sale to him, during manufacture, of any food or drug the soundness of which he may desire to test. This is considered to be a very necessary provision in view of the frequent practice of adulteration of food while in process of manufacture.

Sub-clause (*3*).—By this sub-clause it is proposed to enable the Health Officer to take samples, for the purpose of analysis, of any food which is in transit in Calcutta or stored in any place in Calcutta. The price of any sample taken will be payable to the owner on demand within one month from the date of surrender of the same.

Sub-clause (*4*).—This sub-clause is based on section 11(*1*) of the Bengal Food Adulteration Act, 1919. It makes the division into three parts of any article of food seized or surrendered compulsory. Ben. Act VI of 1919.

CHAPTER XXIX.

Clause 419.

This clause empowers the Corporation to take steps to provide for the purity of milk-supply by establishing municipal dairies and grazing grounds, subsidizing existing grazing grounds, maintaining stud bulls, etc.

Clause 420.

This clause provides for the licensing of dairymen and is based on section 412A of the City of Bombay Municipal Act, 1888 (as amended by Bom. Act VI of 1913).

Clause 421.

This clause is based on order 8 of the English Dairies, Cowsheds and Milk-shops Order of 1885, and is intended to control the cleanliness and sanitation of dairies outside Calcutta from which the milk-supply of Calcutta is obtained by requiring the person asking for a license under clause 420 to satisfy the Corporation as to the sanitary condition of the dairies from which his supply of milk is obtained.

Clause 422.

This clause gives power to the Corporation to cancel a license for contravention of any of the terms of the license or of any by-law relating to milk—*vide* sub-clauses (*33*) and (*34*) of clause 468.

Clause 423.

This clause gives power to the Health Officer to obtain information from dairymen regarding the sources of any milk which is suspected to be infected or exposed to infection. It is based on section 53 of the Public Health Acts Amendment Act, 1907 [7 Edw. VII, c. 53.]

Clause 424.

This clause is based on section 4 of the Infectious Disease (Prevention) Act, 1890 (53 & 54 Vict., c. 34) and gives power to the Health Officer to inspect dairies and milch-cattle from which the suspected milk was obtained, and to prohibit the supply of milk from any such dairy. *Sub-clause* (*6*) gives protection to the dairyman in respect of any action for breach of contract arising out of an order of prohibition.

Clause 425.

This clause is based on section 24 of the Bengal Cruelty to Animals Act, 1920, and enables the Health Officer to seize diseased milch-cattle and to send them to a veterinary hospital for treatment.

Clause 426.

This clause is based on section 54 of the Public Health Acts Amendment Act, 1907 [7 Edw. VII, c. 53] and requires licensees to notify to the Health Officer all cases of infectious disease existing among persons engaged in dairies. This provision is very necessary in order to enable the Health Officer to take effective steps for preserving the purity of the milk-supply.

CHAPTER XXX.

Clause 430.

It is proposed in this clause to extend the application of the provisions of section 515 of the existing Act by a general reference to "domestic purposes."

Clause 431.

Sub-clause (1) reproduces section 516(*1*) of the existing Act with an alteration in the wording intended to exclude cases where the patient can be effectually segregated without being sent to hospital.

Clause 432.

Sub-clause (1).—This sub-clause reproduces sub-section (*1*) of section 517 of the present Act, but the application of its provisions has been extended to tanks, pools or wells adjacent to a building as, for obvious reasons, it may sometimes be desirable to disinfect them.

Clause 434.

The *Explanation* reproduces the provisions of section 519(*2*) of the existing Act, which are, strictly speaking, in the nature of an explanation.

Clause 435.

Sub-clause (3).—Under section 520(*3*) of the existing Act the Chairman may require the disinfection or destruction of infected articles, but this provision has not proved very effective in practice as the requisition is frequently not complied with. It is therefore proposed in this clause to give power to the Health Officer or any person authorized by him to disinfect or destroy such articles in the first instance.

Clause 437.

Sub-clause (1)—In this sub-clause the provisions of sub-sections (*1*) and (*3*) of section 522 of the existing Act have been amalgamated.

CHAPTER XXXI.

Clause 441.

Sub-clause (4) reproduces section 526(4) of the existing Act, with an alteration in the wording which is intended to include places for the disposal of the dead other than burial or burning grounds (*e.g.*, towers of silence). A similar change has been made in this chapter wherever burial or burning ground is mentioned. The proviso is introduced to allow of the same Sub-Registrar being appointed for more than one such place, if necessary.

Sub-clause (5) merely reproduces section 528 of the existing Act.

Clauses 444 and 445.

These clauses correspond to sections 531 and 532 of the existing Act but are based on sections 446 and 449 of the Bombay Act (Bom. Act III of 1888).

Clause 448.

This clause corresponds to section 536 of the existing Act, but it is considered desirable to provide for the production of a certificate by a medical practitioner registered under the Bengal Medical Act, 1914. Ben. Act VI of 1914.

CHAPTER XXXII.

This chapter corresponds to Chapter XL of the existing Act, but sections 549, 550 (*3*), 552, 553 of that chapter have been omitted, as they are, in the Bill, adequately covered by the relevant provisions of clause 468. Apart from the above omissions, the few changes made in this chapter are purely verbal.

CHAPTER XXXIII.

Clauses 461 to 464.

These clauses reproduce the provisions of sections 394 to 397 (*i.e.*, Chapter XXV) of the existing Act, which, it is thought, may conveniently be grouped in the same chapter with the clauses which reproduce sections 556 to 558 (*i.e.* Chapter XLII) of that Act, the subject-matter being analogous.

Clause 466.

Sub-clause (*c*) reproduces section 557(*d*) of the existing Act with alterations in the wording made to exclude land in a *bustee*. Under the existing law *bustee* land is valued differently from other land, and the same method of valuation is provided for in the Bill. It is considered, therefore, that the presumptive value of *bustee* land cannot satisfactorily be fixed in the same way as that of other land under the provisions of this sub-clause. The proviso to section 557(*d*) of the existing Act has not been included in the Bill as its provisions are spent and are therefore no longer required.

CHAPTER XXXIV.

Clause 468.

Sub-clause (1) introduces provisions dealing with municipal debentures which are much needed.

Sub-clause (3) takes the place of section 559 (*51*) of the existing Act, but empowers the Corporation to prescribe the maximum loads, the length of the nave and the minimum width of tyres for carts. In this and other instances, the position of the sub-clause in the clause has been made to conform with the revised arrangement of chapters and clauses in the Bill.

Sub-clause (18) introduces provisions which are required owing to the great increase in the number of advertisements posted on boundary walls and in, or adjacent to, streets and other public places.

Sub-clause (21) provides for the making of by-laws to regulate the construction of verandahs, etc., in streets. This power is considered to be necessary so as to permit of supplementation of the provisions of section 340 of the existing Act, which deal with the construction of verandahs, etc., and which have now been relegated to Schedule XV.

Sub-clause (27) empowers the Corporation to make by-laws to take the place of the provisions of sections 423 to 426 of the existing Act, which it is proposed to omit from the Bill.

Sub-clause (28) similarly provides for the making of by-laws to cover the provisions of sections 432, 134 and 136 of the existing Act.

Sub-clause (29) provides for the making of by-laws in substitution for the provisions of sections 160, 461, 162 and 474 of the existing Act, and also reproduces the provisions of section 559 (*31*) of that Act.

Sub-clause (30) empowers the Corporation to make by-laws to deal with the subject-matter of sections 475 and 476 of the existing Act, which it is proposed to relegate to by-laws.

Sub-clause (31) similarly provides for the making of by-laws covering the provisions of sections 161 and 462 of the existing Act.

Sub-clauses (32); (*33*) and (*34*), in which are included the provisions of clauses (*26*) and (*27*) of section 559, provide for the making of by-laws to take the place of the provisions of Chapter XXXI of the existing Act, which it is proposed to omit altogether from the Bill.

Sub-clause (39) introduces provisions for the making of by-laws regarding eating-houses and other similar places.

Sub-clause (40) reproduces the provisions of section 559 (*30*) of the existing Act, but also provides for the making of by-laws to cover the provisions of sections 464(*1*), 465, 466(*2*) and 173 of the existing Act, which it is proposed to relegate to by-laws.

Sub-clauses (41) and (*42*) introduce provisions for the making of by-laws which are much needed to ensure the public safety in places of public resort.

Sub-clauses (45) and (*46*) reproduce the provisions of section 559 (*34*) and (*35*), and also provide for the making of by-laws dealing with the subject-matter of the provisions of section 488 (*a*) and (*d*) of the existing Act, which it is proposed to relegate to by-laws.

Sub-clause (49).—In view of the fact that it is proposed to omit Chapter XXXVI of the existing Act, this sub-clause has been revised to bring it into line with clause 387 of the Bill, which provides for the use of correct weights in the municipal markets.

Sub-clause (53) provides for the making of by-laws to take the place of the provisions of sections 527, 529 (*2*), 530, 535, 537 and 544 of the existing Act, which it is proposed to relegate to by-laws.

Sub-clause (61) reproduces section 559 (*49*), and also provides for the making of by-laws to take the place of sections 549, 550 (*3*), 552 and 553 of the existing Act, which it is proposed to relegate to by-laws.

Sub-clause (*63*) in like manner provides for the making of by-laws to cover the provisions of sections 571 and 572 of the existing Act.

Clause 469.

Sub-clause (*2*) reproduces the provisions of section 464 (*2*) of the existing Act, it being proposed to relegate section 464 (*1*) to by-laws. [*See note on clause 468* (*40*).]

Clause 470.

As it is considered that the maximum penalties imposable under by-laws should be enhanced, the necessary provision has been made here. This clause represents in the main section 561 of the existing Act.

Clause 473.

This clause modifies section 567 of the existing Act by empowering the Local Government to amend all Schedules to the Bill except Schedules I and VI. Schedule I fixes the boundaries of Calcutta for municipal purposes and Schedule VI defines the boundaries of wards. Any alteration of those boundaries is considered undesirable as it would affect not only the elections but also the assessment periods for the wards, and would give rise to many other difficulties. The provisions of section 43(*2*) of the existing Act have for the same reasons not been included in the Bill.

Clause 476

This clause corresponds to section 570 of the existing Act, but the wording has been altered so as to make it clear that by-laws, after they have been duly sanctioned and published, shall have the same force as law.

CHAPTER XXXV.

Clause 478.

This clause amalgamates the provisions of sections 574 and 575 of the existing Act for the sake of brevity and convenience. It seems to be unnecessary to have two separate sections containing a table, one dealing with maximum fines and the other with daily fines. Numerous alterations have also been made in the table consequential upon the re-arrangement of chapters and the relegation of certain provisions to Schedules and by-laws; and several additions have been made to the table to cover certain existing as well as new provisions for which it has been thought necessary to provide a penalty. In regard to several entries in the table, it has also been thought desirable to make the punishment more severe by increasing the maximum amount of fine to be imposed.

Clause 479.

This clause is based on section 21 of the Bengal Food Adulteration Act, 1919. Certain offences regarding adulteration of food or drugs which are considered to be punishable with increased fine or imprisonment or both for a second or subsequent conviction are included in this clause.

Clause 482.

Sub-clause (1) reproduces section 578 *(1)* of the existing Act, but the reference to "company, association or body of individuals" is omitted in view of the definition of "person" in section 3 (*32*) of the Bengal General Clauses Act, 1899. Ben. Act I of 1899.

Clause 483.

This clause reproduces section 579 of the existing Act, but clause 483(*a*) requires that the permission of the Corporation mentioned therein must be in writing (*cf.* Schedule XVI, rules 64 and 90). For the sake of convenience it is also proposed to include in the table, in clause 478 of the Bill, the penalties for offences against certain provisions which are at present included in section 579. The same remark also applies to sections 580 and 581 of the existing Act, which are not retained as separate clauses in the Bill, but have been provided for in clause 478.

CHAPTER XXXVI.

Clause 488.

Sub-clause (1) corresponds to section 586 (*1*) of the existing Act, but its provisions have been amplified so as to prescribe certain particulars which, it is proposed, should be specified in all licenses and written permissions.

Sub-clause (2) reproduces the provisions of section 586 (*2*) of the existing Act, with certain qualifications necessitated by the fact that the Bill in some cases provides for the charging of a fee while in others no such fee is chargeable.

Sub-clause (5) reproduces section 586 (*5*) of the existing Act with an alteration in the wording made in order to meet the suggestion that an order suspending or revoking a license can remain in force only for the period for which the license was granted, and that, on the expiration of that period, the licensee is entitled to renew his license, as a matter of right, in the ordinary course.

Clause 497.

Sub-clauses (2) and (3) introduce new provisions based on section 473 (*2*), section 501 (*2*) and other sections of the existing Act, which empower the Chairman to use necessary force in making an entry and provide that no claim for damages, caused by such entry, shall lie against him or any person acting under his orders. It has been considered more convenient to collect all these provisions in one place so as to make them apply generally to all entries which the Executive Officer is empowered to make, except in such cases as are otherwise expressly provided for in the Bill.

Clause 499.

In the existing Act no penalty is provided for obstructing the Chairman in making an entry under the Act. This clause is intended to supply this omission, a penalty being provided in the table in clause 478.

Clauses 500 to 503.

These clauses correspond to sections 597 to 600 of the existing Act, but clause 501 introduces provisions requiring persons on whom a written notice has been served by the Corporation or other municipal officer to submit objections, if any, to the notice within a time now to be specified in the notice (under clause 500) itself.

Clauses 504, 505 and 506.

These clauses respectively correspond to sections 605, 606 and 607 of the existing Act, but allow the Corporation to exercise the powers under these clauses. The provisions of clause 505 have been made applicable also to rules and by-laws in view of the fact that several of the provisions of the existing Act have in the Bill been relegated to by-laws and Schedules. Clause 506 (*2*) makes the owner or occupier liable, but provides for the recovery by the occupier of any sum paid by him as improvement expenses. (*Cf. sections 315 and 612 of the existing Act.*)

Clause 509.

This clause corresponds to section 613 of the existing Act, but it is thought desirable, with a view to simplifying matters, that receivers and other agents or trustees should obtain orders from the Court when in want of funds to fulfil any obligation under the municipal law.

Clause 513.

This clause corresponds to section 617 of the present Act, but the exceptions mentioned in that section have, so far as they are necessary under the provisions of the Bill, been provided for in sub-clause (*2*).

Clause 516.

This clause corresponds to section 620 of the existing Act, but the wording has been altered so as to make it quite general in its application. It is on the lines of section 360 of the Bengal Municipal Act, 1884, and is intended to prescribe a general method of recovery of all moneys due to the Corporation except such as are otherwise expressly provided for in the Bill. Ben Act III of 1884

Clauses 518, 519 and 520.

These clauses reproduce sections 623, 624 and 625 of the present Act, respectively. It is proposed, however, to include in these clauses a reference to the Chief Judge of the Court of Small Causes as well, and so render unnecessary the separate provisions contained in section 626 of the existing Act.

Clause 522.

Sub-clauses (2) and (3).—The payment of the salaries, etc., of Municipal Magistrates by the Corporation direct has sometimes been considered objectionable. It is proposed therefore to make provision, by these sub-clauses, for the payment of the Municipal Magistrates' salary and allowances by the Local Government, the Corporation contributing the required amounts to Government. Provision has also been made for the payment of the Municipal Magistrates' establishment.

Clause 525.

Sub-clause 1 (b) is new and is inserted for the purpose of fixing a date from which the prescribed period of limitation is to run in those cases in which it is not easy to determine exactly when an offence was committed, *e.g.*, offences committed within private premises. This provision is taken from section 353 of the Bengal Municipal Act, 1884. Ben Act III of 1884.

Sub-clause (3).—Under the existing law an offending *bustee* owner frequently escapes prosecution under section 404, 405 or 408 by sending to the Chairman a written notice under section 419, which gives the owner a fresh period of six months, so that the ordinary period of limitation for prosecutions [*i.e.*, three months from the offence as provided by section 631(*1*)] expires in the meanwhile. This new sub-clause is intended to meet such cases, for it prescribes a fresh period of limitation of three months from the expiration of the six months allowed by section 419(*3*) of the present Act, which is reproduced in clause 354 (*3*) of the Bill.

Clause 527.

This clause merely reproduces the provisions of section 452 of the existing Act which, it is thought, finds a more suitable place here.

Clause 529.

Sub-clause (1) (c) is new and is taken from section 156 of the Calcutta Improvement Act, 1911. Ben. Act V of 1911.

Sub-clause (2).—It has sometimes been contended that the "right to sue," as referred to in section 634 (*2*) of the existing Act, does not accrue until after the service of the notice under section 634 (*1*), with the result that limitation is extended. The substitution of the phrase "cause of action" is designed to meet this contention.

CHAPTER XXXVII.

Clauses 531 and 532.

Under sections 640 and 641 of the existing Act, the Local Government have the power to extend the Act, or any portion of it, to Howrah. It is proposed under the Bill to confer on the Government the same powers in respect of other neighbouring municipalities as well.

Clauses 536 to 538.

The position of these clauses in the chapter has been changed in the general revision of the existing Act given effect to in the present Bill but their substance remains unaltered.

Clause 543.

Sub-clause (*1*).—There are many references in other enactments (*e.g.*, in the Calcutta Improvement Act, 1911), to the Chairman of the Corporation, and it is necessary that those references should be construed as references to the Executive Officer who will take his place. Similarly references to the Municipal Commissioners should be construed as references to the Councillors and Aldermen, and references to the existing Act or to any portion of that Act as references to the proposed new Act or its corresponding portions. Ben Act V of 1911.

Sub-clause (*2*) introduces provisions which are necessitated by the proposed abolition of the General Committee, whose powers and functions it is proposed to re-distribute between the Corporation and the Executive Officer. (*See paragraph I of the Statement of Objects and Reasons.*)

Clause 544.

This clause is designed to save the application of prior enactments which are not intended to be affected by the Bill and are not specifically referred to therein. In the absence of such a saving clause it might be contended that the provisions of any prior enactment (*e.g.*, sections 57 and 88 of the Calcutta Improvement Act, 1911, or portions of the Indian Factories Act, 1911), which are inconsistent with, or repugnant to, any of the clauses of the Bill, are repealed or otherwise affected by implication. Ben Act V of 1911. Act XII of 1911.

SCHEDULE I.

The changes in this schedule have been made at the instance of the Corporation.

SCHEDULE II.

This schedule reproduces Schedule IV of the Bengal Electoral Rules, and contains a list of acts which are deemed to be corrupt practices for the purposes of the proposed Act

SCHEDULE III.

It is considered desirable that all the constituencies of the Corporation should be included in one list for the purpose of easy reference and for the purposes of election.

SCHEDULE IV.

This schedule gives the particulars which must be mentioned in a return of election expenses. It is based on Schedule III of the Bengal Electoral Rules.

SCHEDULE V.

Rule 1.

It is considered necessary that the table in Schedule II to the existing Act should be made more comprehensive, and with that object in view several new items have been added so as to enable the Corporation to tax trades and professions which under the existing law go free.

Rule 5.

This rule corresponds to rule 5 of the existing Schedule II, but a modification has been made in the wording to make it clear that the license mentioned in the rule is to be taken out in respect of the business carried on in any place of business and not for the place of business itself.

Rule 8.

This rule corresponds to rule 8 of the existing Schedule II, but it now provides that where the business is carried on by the occupier of any place of business he, and not the owner of such place, shall take out the license.

Rule 11.

Sub-rule (2).—This sub-rule makes an alteration in the existing sub-rule (*2*) as it proposes to require the person who is directed to take out a license under a higher class (as provided therein) to take out such license not for the next following year but for the current year. It further provides for the refund of any sum paid by the person for any lower class license in substitution for which he is required to take out a license under a higher class.

Rule 13.

This rule corresponds to rule 13 of the existing Schedule, but one change has been made. The right to appeal against an order made under proviso (*b*) to section 198 of the existing Act is taken away as it is considered that the making of such an order is of itself a matter of favour.

Rule 14.

This rule reproduces rule 14 of the existing Schedule II, with the addition of a proviso which will give the Corporation a month's time in which to deal with the petition from the date on which a notice of appeal to a Court of Small Causes is given under this rule.

SCHEDULE VI.

Schedule VI corresponds to Schedule III to the existing Act, but the ward boundaries have been considerably modified.

SCHEDULE VII.

This schedule corresponds to Schedule VIII to the existing Act, but separate provision has now been made in it for carriages propelled by mechanical power and electricity.

SCHEDULE VIII.

This schedule corresponds to Schedule IX to the existing Act and is identical therewith save for the provision of a new fee, in the case of the owner or occupier of a market, for a license for the removal of offensive matter and rubbish from such market.

SCHEDULE IX.

This schedule corresponds to Schedule X to the existing Act, and the changes made in it are trifling and purely consequential.

SCHEDULE X.

The form of warrant of distress provided by this schedule reproduces the form contained in Schedule XJ to the existing Act with such modifications as are necessitated by the proposed new provisions of clause 200.

SCHEDULE XI.

This schedule is identical with Schedule XII to the existing Act and calls for no remarks.

SCHEDULE XII.

This schedule is, save for two minor verbal alterations, identical with Schedule XIII to the existing Act.

SCHEDULE XIII.

Rules 1 to 6.

These rules reproduce the provisions of sections 256, 257, 258 (*1*) and 259 to 261, respectively, of the existing Act, with such modifications as it seemed desirable to make the intention clearer. The table prescribing the size of ferrules set out in rule 4 reproduces the table in Schedule XIV to the existing Act, with an additional column prescribing a separate scale of ferrules for unfiltered water.

Rule 7.

This rule amalgamates the provisions of sections 262 and 263 of the existing Act and provides for prompt action by the Corporation if a notice to repair defective fittings is not complied with within 48 hours.

Rule 8.

This rule corresponds to section 264 of the existing Act, but the Corporation take the place of the Engineer to the Corporation as it is proposed to give most of the functions of the present Chairman and other executive officers to the Corporation.

Rule 9.

This rule corresponds to section 274 of the existing Act, but as an error of two *per cent.* is rather a small margin to allow for meters in India, it is proposed to raise the permissible error to four *per cent.* This is provided for in sub-rule (*3*).

Rule 10.

The rule provides that, in calculating the amount to be paid under clause 240, double the rateable reduction should be allowed if a meter indicates more than four *per cent.* in excess of the correct quantity, and likewise prohibits any charge for excess consumption if the meter indicates more than ten *per cent.* in excess. It is also laid down in this rule that any reductions for incorrectness of the meter shall relate only to the quarter in which the occupier applies to have the meter tested under rule 9.

Rules 11, 12 and 13.

These rules reproduce the provisions of sections 275, 276(*1*) and 277 of the existing Act.

SCHEDULE XIV.

Rule 1.

This rule introduces provisions requiring every person who intends to construct or alter a house-drain to submit an application, with plans and specifications, to the Corporation.

Rule 3.

This rule prescribes new measurements for the internal diameter of house-drains.

Rule 6.

This rule reproduces rule 5 of Schedule XV to the existing Act, but allows inlets to a house-drain to be made within the premises from the apparatus of connected-urinals or slop-sinks as well as from that of connected-privies. The reference to "water-closet" has been omitted as the proposed definition of connected-privy will include a water-closet.

Rule 7.

This rule corresponds to rule 6 of Schedule XV to the existing Act, but empowers the Corporation to impose fees for traps fixed in the foot-path or roadway.

Rule 8.

Sub-clause (7).—Here, as in rule 5 and for the same reasons, the reference to "water-closet" has been omitted and references to "connected-urinal" and "slop-sink" have been inserted.

Rules 9 and 10.

These rules reproduce the provisions of rules 8 and 9, respectively, of Schedule XV to the existing Act, but are made applicable to connected-urinals as well as to connected-privies.

Rule 11.

This rule introduces provisions for the suitable trapping of pipes for carrying off waste water in a new building.

Rule 12.

Government are advised that there is no valid reason for requiring, as rule 11 of Schedule XV to the existing Act does, that only Portland cement should be used in jointing house-drains. The proposed modification will permit the use of any other cement, provided it is of the proper standard.

Rule 14.

This rule reproduces section 305 of the existing Act, the provisions of which may now be more suitably included in this schedule.

Rule 15.

This rule introduces provisions which make the owners of two or more premises liable for the maintenance, repair, cleansing, etc., of a house-drain which serves such premises jointly, and empowers the Corporation to serve a requisition on the owners to carry out the work.

Rule 16.

This rule corresponds to section 322 (*1*) of the existing Act, but its application is limited to underground drains which are not municipal drains as it is not considered necessary to include in the Bill similar provisions for municipal drains. The provisions of sub-rule (*2*) are intended to strengthen the hands of the Chief Engineer.

Rule 17.

This rule reproduces the provisions of section 303 of the existing Act, but the rule now makes it clear that its application is limited to those drains only which are not municipal drains. The Corporation may, under clause 255, carry any municipal drain under a building.

Rule 18.

This rule reproduces rule 13 of Schedule XV to the existing Act with the additional requirement that drain-pipes passing underneath a building must be made of iron or of some other similar material.

Rule 19.

This rule introduces provisions requiring persons who intend to construct or alter privies or urinals to submit an application to the Corporation with the necessary plans and specifications.

Rule 20.

This rule empowers the Corporation to refuse to grant permission for the erection of service-privies or urinals which he considers likely to be a nuisance.

Rule 21.

This rule reproduces rule 1 of Schedule XVI to the existing Act, but has been made applicable to service-urinals as well as to service-privies. Sub-rule (*3*) prohibits as a general rule the construction of such privies or urinals in the class of premises mentioned therein.

Rules 22 to 34 and 36 to 38.

These rules reproduce the provisions of rules 2 to 13, and rules 14 to 16, respectively, of Schedule XVI to the existing Act; but in the reproduced rules, whenever it has been considered necessary, provisions which apply to service-privies have been made applicable to service-urinals, and provisions which apply to connected-privies have been made applicable to connected-urinals.

Rule 35.

This rule is based on by-law No 14 of the existing Municipal Drainage By-laws and provides for a syphon-trap and anti-syphonage pipe for every connected-privy and connected-urinal

SCHEDULE XV.

This schedule reproduces (with a few minor modifications) the provisions of sections 339, 340 and 344 to 349 of Chapter XXIII of the existing Act, which it is thought, may more suitably be transferred to a separate schedule. It is proposed to vest the executive functions of the General Committee under these sections in the Corporation.

SCHEDULE XVI.

Rule 1.

Clause (*4*) reproduces rule 1 (*4*) of Schedule XVII to the existing Act, with a new provision the effect of which will be that the owner will have to satisfy the Corporation that he will drain the site, when such a course is considered necessary, before the erection of a building.

Rule 2.

Sub-rule (*2*) empowers the Corporation to charge a maximum fee of ten rupees for a certificate granted by him as to the correctness of the plans of a previously existing building on the site of which a new building is to be erected. It is necessary to make a careful survey before such a certificate can be granted, and it is only right that a fee should be levied.

Rule 3.

Proviso (*i*) modifies the provisions of proviso (*i*) to rule 2 of Schedule XVII to the existing Act. This modification has been recommended by a Committee of experts (to whom the revised draft of the schedule was submitted) who were of opinion that the fact that two streets meet should not affect the height of buildings situated in either of them.

Proviso (*ii*) provides for a case which is not dealt with anywhere in the existing Act. It is obviously undesirable that a building at the end of a street should be allowed to be erected to any height irrespective of the width of the street. The effect of this proviso will be to place such a building in the same category as buildings situated at the side of a street.

Sub-rule (*4*) limits the "return-front" of a building to 40 feet which was the former limit. It also makes the very necessary provision that the height on the narrower street shall not exceed the height permissible on the wider street.

Sub-rules (*5*) *and* (*6*), read with rule 3(*3*), make the width of streets in which two-storeyed buildings are permissible 16 feet instead of 12 feet, as under the existing rules. A width of 12 feet is considered inadequate for a two-storeyed building. It is also intended to provide for the setting back of buildings with reference to a centre line in narrow streets. The existing rules permit the zig-zag widening of a street which is of very little value and also allow the owner of a site abutting on a street which has not been built upon to benefit at the expense of the owner of the opposite site who builds first.

Rule 5.

This rule introduces the very necessary and desirable provision that for public safety all buildings of three or more storeys, all public buildings and all buildings of the warehouse class should be provided with sufficient and proper means of escape for use in the event of fire breaking out in such buildings.

Rule 6.

This rule, which prohibits the erection of certain buildings within six feet of a service-privy or service-urinal, is in effect a sanitary regulation and should be read together with the provisions of rule 21(*2*) of Schedule XIV of which it is the converse.

Rule 7.

This rule reproduces the provisions of section 368 of the existing Act. The reference to the area added by the Calcutta Municipal Consolidation Act in sub-section (*4*) of that section has been omitted as being no longer necessary. Ben. Act II of 1888.

Rule 18.

The new definition of "building" includes boundary walls more than eight feet in height. In some cases, however, it is necessary, in order to secure the privacy of a building, to allow boundary walls to be built to a greater height than eight feet. This rule is intended to provide for such a case.

Rule 19.

This rule reproduces the provisions of section 380 of the existing Act.

Rule 20.

This rule corresponds to section 381 of the existing Act, but introduces a new provision based upon the City of Bombay Municipal Act, 1888, which requires that the licensed building surveyor or other competent person employed to supervise the erection of a building shall send a "building completion certificate," in the prescribed form to the Corporation. Bom Act III of 1888.

Rules 21 and 22.

These rules correspond to sections 382 and 383 of the existing Act, with certain minor modifications.

Rule 23.

This rule corresponds to rule 17 of Schedule XVII to the existing Act, with an alteration in the wording intended to have the effect of preventing the open space within the site of a dwelling-house from being taken as part of the site of another building at any future time.

Rule 24.

This rule corresponds to rule 18 of Schedule XVII to the existing Act, with a new provision prohibiting the erection of a building or part of a building on the two-thirds of a building site which is left vacant under sub-rule (*1*).

Rule 25.

This rule corresponds to rule 20 of Schedule XVII to the existing Act, with modifications intended to provide better ventilation for rooms in domestic buildings by means of doors and windows. Provision is also made for ventilating openings near the ceiling and power is given to the Corporation to relax the rules as to the height and superficial area of such rooms in particular cases.

Rule 29.

This rule corresponds to rule 21 of Schedule XVII to the existing Act, but a new principle is introduced for determining the minimum area of court-yards of dwelling-houses. The proviso to sub-rule (*4*) empowers the Corporation to relax the provisions of the sub-rule in cases in which two-thirds of the site are left vacant, and the phrase "opposite face of the house" has been explained in sub-rule (*5*). Sub-rule (*6*) is taken from the London Building Act and allows some relaxation of the court-yard angle in certain circumstances. 57 & 58 Vict c. ccxiii, s. 45.

Rule 30.

The wording of rule 22 of Schedule XVII to the existing Act has been recast and the rule has been modified so that when there are two or more buildings on one site, back space must be left at the rear of each building. This is obviously necessary, particularly as it frequently happens that such buildings are ultimately separately occupied. The principle adopted in rule 3 (*5*) and (*6*) in respect of the street angle has also been incorporated in rule 30 (*4*).

Rule 32.

Sub-rule (*2*) corresponds to rule 24 (*2*) of Schedule XVII to the existing Act, but a new provision is introduced which requires that the minimum width of the open space at the side of a building shall be increased for every storey after the second. It is also provided that the distance between two adjacent buildings must in every case be at least six feet.

Rules 35 and 36.

These rules introduce provisions intended to ensure that an open space prescribed for a building under the building rules shall permanently remain as such and form part of the site of the building, and shall not include land which is to be acquired by, or made over to, the Corporation or which at any future time is to be taken as part of the site of another building.

Rule 38.

The effect of this new rule will be to prevent the use of a newly-erected building (other than a hut) as a dwelling-house until it is certified to be fit for human habitation.

Rule 42

This rule reproduces the provisions of rule 29B of Schedule XVII to the existing Act, with an alteration in the wording which makes it clear that the open space required by this rule must be an additional open space.

Rule 53.

This rule corresponds to section 369 of the existing Act.

Rule 54.

This rule corresponds to section 370 of the existing Act, with the provisions so modified as to require only one application (coupled with a site-plan), to be sent to the Corporation for the erection of a building, and not, as under the existing law, a separate application for approval of the site.

Rule 55.

This rule amalgamates the provisions of rules 30 and 31 of Schedule XVII to the existing Act in view of the changes in rule 54, as a result of which only one application will henceforward be necessary.

Rule 56.

This rule reproduces the provisions of rule 33 of Schedule XVII to the existing Act, but makes the additional requirement that all plans, etc., submitted under rule 54, should also be signed by the licensed building surveyor who prepares them.

Rule 57.

This rule (which explains itself) introduces new provisions based on section 344A of the City of Bombay Municipal Act, 1888. Bom Act III of 1888.

Rule 58.

This rule corresponds to rule 34 of Schedule XVII to the existing Act, but the provisions of sub-rule (*2*) of that rule have not been included as it is not proposed to require, under the Bill, an application for approval of a site.

Rules 59 to 61.

These rules correspond to sections 374, 376 and 377 of the existing Act, respectively, with certain modifications. Rule 59 provides for conditional sanctions to meet cases in which the owner undertakes to carry out some work required by the rules, but cannot do so until such work is actually commenced or completed. By clause (*3*) of rule 61 power is taken to refuse permission for the erection of a new building in cases in which such building falls within the street alignment or building-line of a street projected under the Calcutta Improvement Act and the permission of the Chairman of the Improvement Trust for the erection of the building has not been obtained [*See also rule 88* (*3*).] Ben Act V of 1911

Rule 63.

This rule reproduces the provisions of section 375 of, and of rule 36 of Schedule XVII to, the existing Act, with certain modifications.

Rules 64 and 65.

These rules reproduce the provisions of sections 372 and 378 of the existing Act, respectively.

Rule 66.

Sub-rule (1) corresponds to section 379 of the existing Act, but it is thought desirable to provide that a permission to erect a building is to be considered to have lapsed unless a substantial portion of the building has been completed within one year from the date on which its erection was sanctioned. Under the existing law an owner sometimes lays the foundation of a building, or part of it, within one year and then abandons the work indefinitely. It is then contended,—perhaps several years later when the conditions have possibly changed materially,—that the sanction has not lapsed; and it is then difficult to ascertain whether the building was actually commenced within a year from the date of sanction or not.

Sub-rule (2) enables an owner within one year from the date on which permission to erect a building was given to obtain a certificate to the effect that a substantial portion of the building has been constructed.

Sub-rule (3) introduces provisions which will cause the permission to erect a masonry building granted before the commencement of the existing Act to lapse if the building has not been completed when the present Bill becomes law. Such a provision seems eminently reasonable seeing that ample time has elapsed since the 1st April, 1900, to allow of the erection of all buildings sanctioned before that date, and the building rules have, moreover, changed materially since then.

Rule 67.

This rule introduces provisions which are much needed, especially in such cases as when an owner misrepresents the boundaries of his land and includes in the site of his proposed building land which belongs to another person.

Rule 68.

This rule corresponds to rule 37 of Schedule XVII to the existing Act, but a new sub-rule has been added empowering the Corporation to prescribe alignments for huts on any vacant land if he is of opinion that huts are likely to be erected on such land. The object of this rule would, to a great extent, be frustrated if alignments could not be prescribed until after the huts are erected.

Rule 76.

This rule introduces provisions which prohibit the placing of a hut used for human habitation within six feet of a cow-house, cattle-shed or stable and is intended to prevent occupiers of a hut from using a part of it as a cow-house, cattle-shed or stable.

Rule 79.

This rule corresponds to rule 46 of Schedule XVII to the existing Act, but prescribes that the floor of a hut must be of some impermeable material. It is thought highly desirable on sanitary grounds to improve the structure of huts in Calcutta.

Rule 80.

This rule reproduces the provisions of rule 46A of the existing Schedule XVII, but further prescribes the minimum opening to be provided by windows in every room in a hut.

Rules 82, 86, 87 and 88.

These rules correspond to sections 384, 386, 388 and 389, respectively, of the existing Act, with certain modifications. The provisions of those sections deal with applications for permission to erect huts, as well as the granting or refusal of such applications, and may conveniently be incorporated in this schedule.

Rule 85.

This rule empowers the Corporation to employ a licensed building surveyor to prepare plans for a hut on behalf of any person who applies to him. This rule, it is hoped, may result in the protection of ignorant and illiterate persons from incompetent or unprincipled plan-makers.

Rules 90 and 91.

These rules respectively reproduce the provisions of sections 385 and 390 of the existing Act which relate to the erection of huts without written permission and the lapse of such permissions.

Rule 93.

This rule is intended to provide against a serious evil which the existing law cannot prevent. Additional storeys may, under the law as it stands at present, be added to existing structures which infringe the building rules, thereby making them more insanitary than before.

SCHEDULE XVII.

Rules 1 to 6.

These rules reproduce the provisions of sections 439 to 443, and section 446, of the existing Act, respectively, with certain minor alterations.

Rule 7.

Sub-rule (1).—The provisions of sub-section (*1*) of section 447 of the existing Act have been somewhat amplified by the inclusion therein of pools, ditches, etc., which the Corporation may require to be treated in the same way as wells, tanks, etc., which have hitherto been dealt with under section 447 (*1*). The Corporation is further empowered to take steps to prevent any such place from becoming a nuisance or a menace to public health. A similar provision (having direct reference to the destruction of breeding-places for mosquitoes) is to be found in section 381 of the City of Bombay Municipal Act, 1888, as amended by Bombay Act VI of 1913.

Bom Act III of 1888, s 381, as amended by Bom Act VI of 1913

Rule 8.

This rule reproduces the provisions of section 448 of the existing Act with certain minor modifications.

SCHEDULE XVIII.

This schedule is similar in almost all respects to the corresponding schedule to the existing Act. It will be observed, however, that it is proposed to allow cotton which has been pressed into bales to be stored in unlicensed premises and that two or three additions (*e.g.*, grain, steel and tobacco) have been made to the list in clause (*8*) of the schedule.

SCHEDULE XIX.

This schedule is new and is based on the Schedule to the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919).

SCHEDULE XX.

This schedule corresponds almost exactly to Schedule XIX to the existing Act. The changes made in the column headings are purely verbal

SCHEDULE XXI.

This schedule is identical with the corresponding Schedule XX to the existing Act, except that some verbal changes have been made in the column headings.

SCHEDULE XXII.

This schedule almost exactly represents the corresponding Schedule XXI to the existing Act, the changes made being purely formal.

WEDNESDAY, DECEMBER 7, 1921.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Joint Committee on the Bill further to amend the Indian Factories Act, 1911, was presented to the Legislative Assembly on the 26th September 1921 :—

WE, the undersigned, Members of the Joint Committee to which the Bill further to amend the Indian Factories Act, 1911, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

Letter from the United Provinces Chamber of Commerce, dated 4th July 1921.

Extract of letter from the Government of Bihar and Orissa, dated 7th July 1921, and enclosures.

Extracts of letter from the Government of Assam, dated 11th July 1921.

Paper No. II :

Extract from letter from the Government of Bombay, dated 1st August 1921, and enclosures.

Extract from letter from the Government of Burma, dated 21st July 1921.

Letter from the Secretary, Indian Tea Association, Calcutta, dated 6th August 1921.

Paper No. III :

Letter from the Indian Jute Mills Association, Calcutta, dated 27th August 1921.

Letter from the Chief Commissioner, Delhi, dated 30th August 1921, and enclosures.

Paper No. IV :

Letter from the Government of Bengal, dated 7th September 1921, and enclosure.

Under the provisions of rule 42 of the Indian Legislative Rules, the Committee elected the Honourable Khan Bahadur Mian Muhammad Shafi to act as its Chairman. He was, however, prevented from attending after the first meeting, and the Committee elected the Honourable Mr. H. Moncrieff Smith as Chairman for subsequent meetings

Clause 1.—We propose that the coming into force of the Act should be deferred till the first day of July 1922. Not only will all persons concerned thus have reasonable notice of the amendments which are being made in the law, but we understand also that, from every point of view, the date proposed for introducing changes in the working of factories will be eminently convenient. We observe that the same course was adopted when the present Act was passed.

Clause 2 (a).—We decided by a majority to retain this clause. We also discussed the possibility of introducing a "young persons" class, but we considered that this was not feasible. Even if it were within our powers, we think that the numerous amendments which would be necessary in the Bill should not be made until opinions have been elicited thereon.

Clause 4.—The amendment we have made in this clause is intended to provide that a certifying surgeon shall, if so required, give his reasons in writing for the revocation of a certificate, as well as for the refusal to grant one.

Clause 6.—We have made an addition to the new section introduced by this clause, which will enable re-examination of a child to be made by a registered practitioner authorised in that behalf by a certifying surgeon.

Clause 9.—In view of the opinions expressed on this clause, which require measures to be carried out within a period which was not to be more than seven days from the date of the notice, we have provided that the period to be fixed shall be in the discretion of the Inspector issuing the notice.

Clause 12.—It was put to us that in many factories it would be convenient to enable the period of rest to be taken in two instalments, and we have, therefore, provided that this should be done at the request of the employees concerned. Further, in view of the provision for an eleven hours' day, and for the purpose of avoiding split shifts, we propose that the period of rest for children should be obligatory in the case of those working more than five and a half hours instead of only five hours.

Clause 13.—We were given to understand that the objection to section 22 of the Act, as it stands, is that it made it possible for a person to be employed for thirteen consecutive days without a holiday. The amendment which we now propose to section 22 meets this objection. It also meets the various objections which have been raised to the section as it stands in the Bill. The Bill did not appear to take account of the various important religious holidays which do not necessarily fall on any particular day in the week.

Clause 14.—In section 23 we have provided for the substitution of "twelve" for "nine" from the commencement of the Act, as it is not now intended to bring the Act into force before the first day of July 1922. We are in fact making no change in the intention, except that we are dispensing with the short transitory period during which children of 11 might be employed.

Clause 15.—The amendment proposed by the Bill in section 25 would prohibit the employment of an adult male in two factories on the same day, and neither the Act nor the Bill provides for any exemption in such cases. We think that there are many cases in which it would be reasonable to provide that a skilled workman should be permitted to attend to work in different factories on the same day, and we propose, therefore, that power should be taken to make rules laying down the circumstances in which this may be permitted. We have, therefore, provided in separate clauses for the amendments of sections 25 and 26, and have re-numbered the clauses of the Bill down to clause 26.

Clause 16 (now clause 17).—We have limited the working day to eleven hours instead of twelve as proposed in the Bill.

Clause 17 (now clause 18).—The scheme of the Bill is obviously to bring all the exceptions together into one Chapter. We have examined the matter at considerable length, particularly with reference to the changes which it is proposed to make in the law. We note in particular that the exemptions provided before by sections 21 (*2*) (*c*) and 22 (*2*) of the Act have disappeared. We think that there should at least be a power to exempt, even if an absolute exemption is not maintained, and we think also that, in the case of urgent repairs done within the factory itself, it would be reasonable to give a power to exempt from the provisions which insist on periodical rests and weekly holidays. We have, therefore, provided for this in a new sub-section (*3*) to section 30 as amended. We feel, however, that there should be safeguards, and we provide that rules may be made to have the effect of attaching conditions to the exemption. We have also provided for an exemption from the provisions of section 21 in the case of factories where continuous production is necessary for technical reasons. We think that with these changes all the necessary exemptions, which are contained in the Schedules to the Act, will be sufficiently provided for in the Act as we propose to amend it.

Clause 20 (now clause 21).—We are of opinion that the period of seven days provided by the Bill within which copies of notices are to be sent to the Inspector is insufficient, and we propose to restore the period to one month as laid down in section 36 of the Act as it stands.

Clauses 24 and 25 (now clauses 25 and 26).—We consider that the maximum fines proposed by the Bill are unnecessarily high, and we have substituted "five hundred" in each case for "one thousand."

Clause 27.—We are not convinced of the necessity for raising the fine in this case, and we have, therefore, omitted the clause. We have rejected a proposal to impose a penalty as in section 138 of the English Act on parents and guardians of children employed in contravention of the provisions of the Act.

Clause 30.—We have added orders under the new sections 18A and 19A to those orders which are appealable, but we have provided that the stay of execution contemplated by the Bill shall not apply in the case of orders issued under section 19A.

In the new clauses 31 and 32 of the Bill, we have provided for certain consequential amendments which appear to have been overlooked. The remaining changes made in the Bill may be regarded as matters of pure drafting.

The Committee considered numerous proposals for further amendments of the law It was suggested that a provision should be introduced defining the precincts of a factory on the lines of the proviso to section 147 (*1*) of the Factory and Workshop Act, 1901; also that section 46 of the Act should be left unamended. We rejected these proposals by a majority of five to four.

3. The Bill was published in the Gazette of India, dated 5th March 1921.

4. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

MINUTE OF DISSENT.

While signing the Report we reserve the right when the Bill comes before the Legislature to move amendments for the deletion of clauses 2 (*a*) and 28 of the Bill, and the retention of sections 2 (*l*) and 46 of the existing Act, and also for the provision of a definition of the "precincts" of a factory on the lines of the English Statute.

MINUTE OF DISSENT.

Clause 2 (a).—I wanted young persons class to be introduced in the Bill. As however it was not thought advisable to introduce such a vital alteration at this stage, the matter had to be dropped. I still think that the best solution of the difficulty is the creation of young persons class.

I am opinion that a medical graduate of all Indian Universities should be empowered to examine children.

I want section 46 of the present Act to be kept as it is, or, as an alternative, to have the definition of precincts on the lines of the English Statute.

LALUBHAI SAMALDAS.

The 24th September 1921.

MINUTE OF DISSENT.

I generally agree in the conclusions reached by my Colleagues in the Joint Committee subject to the reservations contained in this minute.

In clause 12, I do not agree with the views of the majority that the period of statutory mid-day rest should be split up at all. I prefer that the workmen should have the full hour's rest in one unbroken period. This would not prevent the employer and the employees agreeing to have additional period of rest at any time convenient to them.

In clause 14 (*2*) I propose to substitute the word five for six. As approved by the Committee the maximum number of hours for adults is fixed at eleven and so the maximum number of hours per day for children cannot be fixed higher than five and a half. I am inclined to think that my Colleagues failed to notice the change of twelve to eleven hours for adults which would have necessitated the fixing of the period for children at five and a half hours.

Regarding clause 15, in my opinion, there is no need for making a special provision for enabling employees to work in the different factories during the same day under special circumstances.

In clause 17, relating to section 27, I would substitute 54 for 60 hours. In the same clause relating to section 28, I would substitute ten for eleven.

In regard to the grant of exemptions under clause 18, I am of opinion that a proviso should be included that Local Governments should not give exemption regarding the weekly hours of work in such a way that the average weekly hours during the period to be fixed by the Local Government shall exceed the statutory weekly hours fixed in the Act.

I am also of opinion that Local Governments should not be empowered to give exemption to employers to get work from them for more than twelve hours in a day.

Similarly, I would also restrict the power of the Local Government to exempt from the statutory weekly rest in such a way that the employee should have compensatory holidays within a certain period.

As regards section 32 regarding the plantation factories, I am of opinion that no case has been made out for retaining the section. I think it should be omitted.

N. M. JOSHI.

The 24th September 1921.

MINUTE OF DISSENT.

I agree generally with Mr. Joshi. I am not inclined to agree with him that the period of rest should not be spilt up. This is only an enabling power, and I think that the workmen would prefer this arrangement to the one originally embodied in the Bill.

I agree with Mr. Joshi as regards clause 18 that the local Government's power to make rules should not be unlimited, and that their power to exempt should not be for more than one hour in excess of the statutory working hours in a day.

I agree with Mr. Joshi *re* his objection to section 32 included in clause 18. Power has already been given to grant exemption regarding the weekly rest day. In my opinion the coolie employed in a tea estate is as much entitled to a period of rest during the working hours of a day as workmen elsewhere. There is no justification for compelling these coolies to work continuously for eleven hours in a day.

CALCUTTA, THE 30TH NOVEMBER 1921.

RESOLUTION—No. 10360For.

READ—

The Annual Progress Report on the Forest Administration in the Presidency of Bengal for the year ending the 31st March 1921.

READ ALSO—

The report of the previous year and the Government Resolution thereon.

The administrative year of the Forest Department which formerly ran from July to June has been changed so as to synchronise with the financial year. The report presented by the Conservator of Forests therefore gives facts and figures for nine months only, that is, from July 1920 to March 1921.

Sir Henry Farrington was in charge of the Bengal Forest Circle throughout this period. He was on tour for 237 days.

2. **Changes in area and administration.**—The total area of the different classes of forest at the close of the year was 10,698 square miles, representing 13 per cent. of the total area of the Province. The decrease of 5 square miles, as compared with the preceding year, was chiefly due to disforestation of certain areas to find land for the cultivators displaced by the development of Kalimpong as a hill station, and disforestation of 3 square miles of protected forest in the Sundarbans.

3. **Working-plans.**—Revised working-plans for 46 square miles in the Darjeeling Division and for the forests of Jalpaiguri and Buxa Divisions were sanctioned during the year, and considerable progress was made in the preparation of working-plans for the forests of Chittagong, Chittagong Hill Tracts and Cox's Bazar.

4. **Communications and buildings.**—Roads are essential for forest work, and it is satisfactory to find that the Forest Department were able to construct 105 miles of bridle paths. The necessity of a large allotment of funds for the maintenance of communications is made apparent by the figures given in the report showing the mileage of the roads of various kinds which have to be maintained.

A sum of Rs. 40,000 was spent on the purchase of a new bungalow for the Divisional Forest Officer in Darjeeling, but the rest of the expenditure on buildings was made up of small items.

5. **Protection.**—When allowance is made for the fact that the report deals with only nine months, the figures of forest offences are similar to those of last year, and call for no comment. A large number of the offences detected were compounded.

Protection from fire was not so successful as in the previous year ; the number of fires was greatest in the Buxa Division.

It is interesting to note that no less than 4,823 square miles, or 45 per cent. of the total forest area, were open to grazing. It is evident that passes are freely issued ; in the Chittagong and Cox's Bazar Division passes for no

less than 957 buffaloes and 20,604 cows and bullocks were issued. The fees charged in these divisions are very moderate, being Re. 1 for a buffalo and 4 annas for a cow or bullock for the whole year.

The natural enemies of the Forest Department are many. Insects and fungi are both mentioned as causing damage, whilst fencing is necessary to protect the plantations against wild animals such as deer, pig and bison; the fences again are liable to be broken by elephants and rhinoceros. Climbers and weeds are another cause of trouble and expense, whilst erosion by rivers sometimes necessitates the reservation and afforestation of lands near the rivers.

6. **Silviculture.**—The report contains interesting information about reproduction of trees, both natural and artificial. Whichever method is followed, constant attention and protection against wild animals and cattle are essential.

7. **Exploitation.**—The fact that the figures in the report under review are for nine months only, makes comparison with previous years difficult, but allowing for the difference in periods it appears that the outturn of timber and fuel and of minor forest produce has been well maintained. It may be noted that whilst under their agreements the Buxa Timber and Trading Company paid no royalty on the timber felled during 1920-21, and Messrs. Andrew Yule and Company paid none on the bamboos extracted by them from the forests in the Chittagong Hill Tracts, royalty will be payable by these companies from the 1st July 1921 and the 1st January 1922, respectively.

In examining the figures of minor forest produce it is to be remembered that this term includes elephants. Excluding the value of elephants, the value of the minor forest produce of the nine months was Rs. 2,97,468 as compared with Rs. 4,13,772 for the previous twelve months. The two most important items are bamboos and *golpatta*. A comparison with last year's figures indicates that the extraction of bamboos is increasing but that the outturn of *golpatta* is less.

The value of the elephants captured in the nine months was Rs. 1,18,612 as compared with Rs. 84,707 of the preceding year. The increase is due to the higher prices realised, as the number of elephants sold was 53 in 1919-20 and 47 in 1920-21. The joint elephant mahal in which the Bhutan Durbar and the Forest Department shared, was more successful than last year, the profits of the Forest Department being Rs. 20,490 as compared with Rs. 2,507 in 1919-20. The mahal was managed by the officers of the Forest Department.

The operations in Cox's Bazar Division were less successful. The elephants captured were sold for Rs. 78,235, but the profit was less than Rs 10,000. In 1919-20 the figures were Rs. 73,465 and Rs. 21,069. The reasons for this comparative want of success were an unfortunate accident during a drive which compelled Mr. Marchant, the Divisional Forest Officer in charge of the operations, to go to hospital, and the failure of some of the principal workers in the absence of Mr. Marchant to construct a stockade in the place selected by him, which necessitated further expenditure on another stockade. The incident shows the importance of providing for adequate supervision.

8. **Financial Results.**—In Chapter III of the report, the Conservator of Forests has given the figures of revenue and expenditure for the nine months of 1920-21 with which the report deals, and for 1919-20. The first impression derived from these figures is that whilst the expenditure of the nine months exceeds that for the whole year, the revenue does not show a like expansion. But apart from the fact that a conclusion drawn from nine months' figures may be considerably affected one way or the other by the figures of the remaining three, His Excellency in Council is inclined to think that there is no ground for pessimism. No decrease in the gross revenue is to be feared, for the revenue derived from timber and other produce removed by Government agency in the nine months almost equals that of the preceding twelve, whilst the revenue from the produce removed by consumers or purchasers in the nine months is more than proportionate. On the expenditure side, a comparative increase in the cost of extraction of produce and of establishment reflects the general rise in wages and salaries. A large part

of the increased expenditure, however, is due to more money being spent on productive items such as live-stock, stores, tools and plant, communications and buildings, expenditure on which is essential if the resources of the forests are to be developed, and is all the more necessary because the exigencies of the war prevented adequate expenditure on these items in recent years. An interesting example of this is furnished by the history of plantations. From 1870, when the reservation of forests began, till 1910 the forests were managed on the assumption that nature would replace what man took out. But by 1910 it became only too clear that this was not so, and that valuable timber was being replaced by comparatively worthless trees. The Forest Department devoted its attention to the best way of replacing what was taken out. The cost of plantations rose from Rs. 7,000 in 1913-14 to Rs. 89,000 in 1919-20, but it may now be said that the Forest Department are replacing as much and more than they are taking out, and that the future of the forests is assured. To quote from an interesting note on the finances of the Forest Department written by Mr. Gent, Officiating Conservator of Forests, the rule of thumb in forestry is that of the gross revenue taken from the forest 40 per cent. may be regarded as net revenue. The remaining 60 per cent should be spent and put back into the forests in works of development and upkeep. During the war, an excessive percentage was taken as profit; there is therefore no cause for complaint if the profits now fall a little below 40 per cent. owing to larger expenditure on restoration and development.

9. The thanks of the Governor in Council are due to Sir Henry Farrington for his successful administration of the Department throughout the tenure of his office in Bengal, embracing a period of 5½ years. The growth of the Department during this period may be judged from the fact that revenue and expenditure has increased from Rs. 11,74,795 and Rs. 5,90,843 in 1915-16 to Rs. 20,02,819 and Rs. 10,55,224 in 1919-20, the last year for which complete figures are available. His Excellency in Council notices with pleasure the Conservator's appreciation of the good work done by the officers of the Department during the year.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*, and that a copy with a copy of the report be submitted to the Government of India.

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE ADMINISTRATION OF WARDS', ATTACHED AND TRUST ESTATES IN THE PRESIDENCY OF BENGAL FOR THE BENGALI YEAR 1327 (1920-21).

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT,

Land Revenue.

CALCUTTA, THE 6TH DECEMBER 1921.

RESOLUTION—No. 10533.

READ—

The Report of the Board of Revenue on the administration of Wards', Attached and Trust Estates in the Presidency of Bengal for the Bengali year 1327 (1920-21).

1. **Number of estates under management.**—The number of estates under the management of the Court of Wards at the beginning of the year was 68. Three new estates were added during the year and seven were released, so that at the close of the year the number of estates remaining under management was 64. From the account of the various released estates in paragraphs 28-33 of the report, it is gratifying to find that in the majority of cases the proprietors got back their property in improved condition, with their rentals increased and the debts fully liquidated. It was only in the case of one estate, which was hopelessly involved in debt, that nothing could be done

2. **Collection of rent and cesses.**—The total demand of rent and cesses during the year was Rs. 1,11,99,452, of which only 38·8 per cent. or Rs. 43,50,124 was collected as against 40·2 per cent. during the preceding year, whilst the percentage of total collection on current demand declined from 105·9 to 101·2. The fall in the price of jute and a rise in the prices of the necessaries of life are assigned as reasons for bad collection. The Commissioner of the Rajshahi Division, however, thinks that tenants took advantage of the prevailing unrest to withhold their rents. The Board has already taken notice of this defective collection.

3. **Debts of estates.**—The total debts of the estates under management amounted to Rs. 34,51,337 during the year as against Rs. 37,13,697 during the preceding year. The principal was reduced by Rs. 4,05,738 and the interest paid was Rs. 2,32,309. Regular schemes for the repayment of debts have been prepared for most of the important estates and the statement in Appendix V shows that on the whole repayment has been effected in accordance with them. It is important that the repayment of debt should be regularly maintained, and His Excellency in Council desires to emphasise the importance of closely adhering to these schemes.

4. **Cost of management and audit of expenditure.**—The cost of management amounted to 13·7 per cent. on the demand and did not differ materially from that of the preceding year, although increased demands had to be met owing to the revision of pay of the staff necessitated by economic causes. In some estates the management cost is still high and it is to be hoped that the efforts to reduce the cost will be successful.

5. **Civil suits and certificate procedure.**—The number of certificate cases fell considerably owing to the sparing use of the procedure in areas where economic conditions were not favourable. An aggregate demand of Rs 6,66,564 was covered by certificates and 56·4 per cent. was realised during the year. The number of civil suits, however, increased by over 5 per cent. in estates in which the certificate procedure was not in force.

6. **Expenditure on improvements and education.**—Under the rules 1 per cent. on the current rent and cess demand is to be spent on education and 3 per cent. on sanitary and agricultural improvement. The figures show that the actual percentage on both accounts was only 1·95 per cent. Whilst it must be recognised that it may not be possible for estates burdened with debt to spend the prescribed percentage on education, sanitation and agricultural improvement. The figures show that in several solvent estates also full effect was not given to the rule. His Excellency in Council would again draw attention to the importance of estates under the Court of Wards fulfilling their obligations in these matters, and desires that instructions to that effect be issued to all Managers.

7. The thanks of the Governor in Council are due to the Board of Revenue for its efficient administration of the estates under the Court of Wards. He has noted with pleasure the good work done by the Managers specially mentioned in the report. Miss Cornelia Sorabji, who has held the post of Lady Advisor to *purdanashin* ladies for over 17 years, will soon retire from service. His Excellency in Council desires to take this opportunity of acknowledging her untiring zeal and the keen interest she has always manifested in the wards entrusted to her care, and wishes to place on record his appreciation of her services to the Court of Wards under the Board of Revenue.

Inspection.

10. (*1*) Any officer authorized by the Local Government for the purpose may enter any place of entertainment while the entertainment is proceeding, and any place ordinarily used as a place of entertainment at any reasonable times, with a view to seeing whether the provisions of this Act or any rules made thereunder are being complied with. (*d*) for the renewal of damaged or spoiled stamps and for the procedure to be followed on applications for refund under this Act or under the rules made thereunder; and

(*e*) for the keeping of accounts of all stamps used under this Act.

Power to Local Government to delegate certain powers

12. The Local Government may, by notification in the *Calcutta Gazette*, delegate all or any of their powers under this Act, except those conferred upon them by sub-section (*4*) of section 1, by section 11, and by this section, to any person or to any authority subordinate to the Local Government.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide additional revenues for the province of Bengal in order to remove part of the existing deficit in the provincial revenues. It is based on the Acts whereby similar taxation has been imposed in the United Kingdom.

Notes on clauses.

Clause 1.—The proposed Act will extend to the whole of Bengal. It is, however, intended in the first instance to restrict its coming into operation to Calcutta, the maidan portion of Fort William with the Esplanade and a portion of Hastings, the Barrackpore Cantonment and certain suburban and other municipalities, power being taken to bring the Act into operation in any other area in Bengal by notification.

Clauses 3 to 6—are based on section 1 of the Finance (New Duties) Act, 1916 (6, Geo. V, c. 11), with necessary modifications. In section 5 the provisions of the English Act for a fixed fine on the proprietor in the event of illegal admissions have been retained, as it is specially the business of the proprietor to see to the observance of the law, but the Court has been given a discretion in regard to the fine that shall be inflicted on any person admitted to an entertainment without payment of the tax.

Sub-clause (1) of clause 7—is based largely on the English Act, as amended by section 7 of the Act of 1921, but by sub-clause (2) power is given to the Local Government to exempt any entertainment or class of entertainments from liability to the entertainments tax.

Clauses 8 and 10—are also based on the English Act, with the alterations necessary on account of local conditions.

Clause 9—deals with the methods for the recovery of arrears of the tax and of fines.

Clause 11—is the rule making clause.

Clause 12—empowers the Local Government to delegate certain of their powers under the Act.

CONFERRING OF GAZETTED STATUS ON SUB-DEPUTY COLLECTORS.

GOVERNMENT OF BENGAL.

APPOINTMENT DEPARTMENT.

CALCUTTA, THE 12TH DECEMBER 1921.

RESOLUTION—No. 10493A.

READ—

Resolution of this Government No. 1646A.D., dated the 21st June 1920.

Proceedings of the meeting of the Bengal Legislative Council held on the 4th August 1920.

The question of the improvement of the status of sub-deputy collectors has for some time received the attention of Government. This was one of the points on which public opinion was invited in the resolution which was published on the 21st June 1920, containing proposals for the future organization of the Subordinate Civil Service. The representations received in

response indicated a general desire that sub-deputy collectors should be formally recognized as gazetted officers of Government; and a resolution to this effect was accepted at the meeting of the Bengal Legislative Council on the 4th August 1920. The matter has since been the subject of correspondence with the Government of India, and the Governor in Council is now pleased to announce his decision that henceforth sub-deputy collectors should be treated as gazetted officers and be accorded all the privileges enjoyed by such officers.

ORDER—Ordered that the resolution be published in the *Calcutta Gazette* for general information.

ORDERED also that copies of the resolution be forwarded to all Commissioners of Divisions and to the other Departments of Government for information and for communication to officers subordinate to them.

ORDERED also that a copy of the resolution be forwarded to the Accountant-General, Bengal, for information.

By order of the Governor in Council,

H. L. STEPHENSON,

Chief Secretary
to the Government of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forest of the Cotton Crops of Bengal, 1921-22.

[NOTE.—On an average of the five years ending 1919-20, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.]

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—In the important district of the Chittagong Hill Tracts, which grows about two-thirds of the early crop, the outturn is reported to have been considerably affected by excessive rainfall during the flowering time. In the rest, picking operations were carried on favourably and a fairly good outturn was obtained.

The late crop is generally thriving well.

Area sown.—The total area sown with the early crop is returned at 64,166 acres and that with the late crop 1,713 acres against 68,435 and 1,707 acres, respectively, in the corresponding forecast of last year.

Outturn.—The estimated outturn of the early crop is returned at 17,864 bales this year against 20,462 bales in the corresponding forecast of last year. The outturn of the late crop is estimated at 889 bales this year against 891 bales in the corresponding forecast of last year.

(6) The weather has been fairly favourable.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the *Bhadoi* Crops of Bengal, 1921-22.

(Note.—On an average of the five years ending 1919-20, the area under autumn rice in Bengal has represented some 6·3 per cent. of the total area under rice in British India.)

Character of the season.—The special feature of the season was the unequal distribution of rainfall throughout the Presidency. As reported in the preliminary forecast, the weather was generally favourable in its early stage in the eastern and northern districts, but was less so in the western districts. Later on inadequate rainfall in the western districts during the growing period affected the yields, while in some eastern and northern districts the early rise of the rivers during the monsoon period caused considerable damage to ripe paddy in the lowlying tracts. Afterwards, conditions were favourable for harvesting operation. On the whole, the season may be regarded as fairly favourable for these crops.

Acreage.—The total area sown with the different *bhadoi* crops this year is reported to be 6,477,000 acres as against 5,939,400 acres (revised) last year. Of this, the area under autumn rice is estimated at 5,607,300 acres this year as against 5,113,600 acres (revised) last year.

Outturn.—According to the district officers' estimates, the outturns of autumn rice as well as other *bhadoi* crops for the province work out to 85 per cent. of the normal against 86 per cent. last year.

Accepting 85 per cent. as the outturn of autumn rice this year, the gross outturn of the crop for the province, on the basis of a normal yield of 10½ maunds of clean grain per acre, is estimated at 1,838,400 tons this year against 1,696,300 tons (revised) last year.

Director of Agriculture, Bengal.

The increase in area as compared with the first forecast was due to more careful enquiry made by the Subdivisional Officer Kushtia. In addition to the details required on the reverse clear information should be given below under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loans, the particular steps which the borrowing body has taken or has agreed to take in order to make good the deficiency.	The ordinary surplus, which was actually more than Rs. 11,000 on the 31st March 1921, and which on the last day of the current financial year is expected to be about Rs. 9,000, is sufficient to meet the charges of the proposed as well as existing loans. Thus there will be no difficulty in paying the two instalments of Rs. 1,407-3-6 each for the proposed new loan.
(*b*) The reserve of taxation or other possible means of increase in the revenue of the local body.	The number of house connections is increasing daily and meters have been introduced and so there is every possibility of getting at least Rs. 2,000 from this head from the next year, if not from the current. The rents of holdings have increased much, and so there will be a considerable increase in the demand at the next revised assessment which will be given effect to from the 1st April 1925.
(*c*) A statement of all outstanding loans as well as the annual charges involved on this account.	Outstanding balance on 31st May 1921 of the several loans taken from Government amounted to Rs. 1,50,008-5-10. Annual charges on account of principal and interest of loans are as follows :— Loans of— Rs. 1,12,000 ... Rs. 8,188-7-8 in two instalments up to 1st February 1933. 63,000 ... Rs. 4,605-15-10 in two instalments up to 15th May 1934. 30,000 ... Rs. 4,032-15-4 in two instalments up to 1st October 1929. The balance will be nil after payment of the principal and interest on 15th May 1934 if not other loans are taken.

(xi) No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

(xii) The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India notes, receipts of the Imperial Bank of India or Government securities a sum equal to the amount for which a promissory note would otherwise be taken under the fifth of these conditions.

(xiii) With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any

unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 4,500 specified in the second of these conditions.

(xiv) The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of opium not exceeding altogether ten lots, provided always that there remain a sufficient number of lots of the opium to complete the said ten.

(xv) In the event of any dispute of difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

5. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Government of Bengal :—

No. 1.—Certificate of the opium advertised for sale.
No. 2.—Report of the examination of such opium.

6. The public are hereby informed that in providing the investment of the opium manufactured at the Ghazipur Factory, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Ghazipur Factory, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Government of Bengal.

7. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Government of Bengal. But, in accordance with established usage, under no circumstances will the Government entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred, on reference to chests, after the sale and delivery of the opium for shipment.

(*i*) claims in respect of mutilated notes of the denominations of one rupee and two and half rupees may be presented at any office of issue and shall be dealt with at the office of issue at which they are presented ;

(*ii*) claims in respect of notes of the denominations of five and ten rupees issued prior to July 1919 shall be presented and dealt with at the office from which the notes were originally issued.

(2) Claims in respect of notes, of which the denomination exceeds ten rupees, shall be presented to the currency officer in charge of the office of issue, to which such note appears to belong.

(3) Whem a claim has been presented to a currency officer, who is not authorised to entertain it under these rules, such officer shall return the note to the presenter and refer him to the officer to whom it should be presented under these rules.

Limitation in respect of time.

4. If it appears to the currency officer, to whom a claim is presented under these rules, that such claim was not made by the claimant within twelve months of the time when it might first have been made by him, he shall not entertain such claim unless authorised to do so by the Deputy Controller.

Limitation in respect of value.

5. (1) No claim in respect of a note alleged to have been lost or wholly destroyed shall be entertained unless the denomination of such note exceeded ten rupees.

(2) No claim in respect of a half or mismatched note shall be entertained unless such half note, or one of the half notes comprising the mismatched note, is part of a note of which the denomination exceeded two and a half rupees.

Power to dispose of claims.

6. All claims under these rules shall be dealt with in the following manner, namely :—

(*a*) An enquiry shall be held by the currency officer to whom the claim was presented and such officer shall submit the results of his enquiry to the Deputy Controller, to whom he is subordinate, and such Deputy Controller shall thereupon pass orders in accordance with these rules disposing of the claim ;

provided that, with the previous consent of the Controller, the Deputy Controller may delegate to any currency officer subordinate to him the power to pass orders disposing of claims or classes of claims arising otherwise than in respect of lost or wholly destroyed notes.

(*b*) If in the course of an enquiry the enquiring officer requires the claimant to furnish him with any information relating to the claim and the claimant fails, without reasonable cause in the opinion of such officer, to comply with such requisition within three months, such officer may reject the claim.

Claims to the value of mutilated notes of a denomination not exceeding ten rupees.

7. Claims to the value of a mutilated note of a denomination not exceeding ten rupees shall be rejected, unless the portion presented is in the opinion of the enquiring officer clearly more than half of the note, and unless the number of the note is identified on it by the enquiring officer :

provided that, if the note has been joined, the claim shall be rejected, unless the enquiring officer is satisfied that each portion is part of the same note.

Claims in respect of mutilated notes of a denomination exceeding ten rupees.

8. Claims to the value of a mutilated note of a denomination exceeding ten rupees shall be rejected and the note shall be stamped with the prescribed stamp and returned to the claimant, excepting when the number of the note on examination is identified with certainty by the enquiring officer as one of not more than six numbers:

provided that, if such number, though not capable of such identification, is declared by the claimant, the claim shall be dealt with under rules 13 and 15 as a claim to the value of a wholly destroyed note:

provided further that, if, in any case where the claimant is unable to declare the number, the enquiring officer is of opinion that the number may be identified within a reasonable period, he may permit the claimant to leave the note in deposit with a view to future identification.

9. If a mutilated note has been identified with certainty by the enquiring officer as one of not more than six numbers, he may pass orders—

(*a*) ordering the claim to be paid at once, or

(*b*) ordering the claim to be treated as one on half note.

Proceedings in respect of mutilated notes placed in deposit.

10. (1) The enquiring officer shall enter the particulars of any mutilated note placed in deposit under rule 8 in a register to be maintained in this behalf, and shall give a receipt to the claimant in respect of such note.

(2) Where the number of a note so placed in deposit is not identified within a period of three years to the extent specified in rule 8, the claim shall be rejected and the note shall be stamped and returned to the claimant, or, if the claimant cannot be found, shall be destroyed.

Claims in respect of mismatched notes.

11. (1) Claims in respect of a mismatched note shall be deemed to be separate claims in respect of each half thereof, and shall be dealt with as provided in this rule.

(2) If, when the claim is made, the counterpart has not been presented, the half note shall be placed in deposit, and, if within a period of one year from the presentation of the claim—

(*a*) the counterpart is presented and no claim for the full value is made in respect thereof, or

(*b*) the counterpart is not presented,

half the value of the note may be paid to the claimant on the presentation of the counterpart or on the expiration of the period of one year, as the case may be.

(3) If, when the claim is made, the counterpart of the half note has already been presented and no claim to the full value of the note has been made in respect of such counterpart under rule 12, or if such claim has been presented and rejected, half the value of the note may be paid to the claimant forthwith.

(4) If, when the claim is made, the counterpart has already been presented and the full value of the note has been paid thereon under the provisions hereinafter contained, the claim shall be rejected.

(5) If, when the claim is made, the counterpart has already been presented and a claim to full value in respect thereof is under enquiry under rule 13 or rule 14 or, if such claim is made on presentation of the counterpart, while the half note is in deposit under sub-rule (*2*), the claims shall be considered together.

(6) Notwithstanding anything contained in this rule no payment shall be made in respect of a half of a mismatched note which is not of a higher denomination than two and a half rupees in respect of which a claim made under rule 8 or 12 is liable to be rejected.

Claims in respect of obliterated or altered notes or half notes.

12. Claims is respect of an obliterated or altered note or half note shall be rejected unless the enquiring officer is satisfied as to the identity of such note or half note and that the note or half note has not been fraudulently altered so as to appear to be of a higher denomination.

Enquiry into claims, in respect of half notes or notes lost or wholly destroyed for full value of the note.

13. (1) Claims to the full value—

(*a*) of a note of which half only is presented by the claimant, or

(*b*) of a note which is alleged to have been lost or wholly destroyed,

shall be accompanied by a signed statement or, if the enquiring officer so directs by an affidavit, made by the claimant to the effect that he was the last lawful holder of the entire note and containing a full description of the circumstances attending the loss or destruction of the missing half or of the note, as the case may be, and by a statement obtained from the police or postal authorities of the result of the enquiry, if any, held by them.

(2) On receipt of such claim, the enquiring officer, after considering the statements furnished and affidavit, if any, and after making such further enquiry, if any, as he may consider necessary, shall, unless he is empowered under the proviso to rule 6 (*a*) to dispose of the case, submit the record to the Deputy Controller for orders, together with his opinion as to the results of the enquiry.

Orders on claims to full value, based on half notes.

14. If the enquiry has been made in respect of a claim under rule 13 (1) (*a*) the Deputy Controller on receipt of the record from the enquiring officer, or the enquiring officers, if empowered under the proviso to rule (6) (*a*), may pass orders—

(*a*) rejecting the claim. or

(*b*) ordering the claim to be paid at once, or

(*c*) ordering that, unless a subsequent claim in respect of the same note is successful in the meantime, the claim be paid on expiration of a period, which shall ordinarily be not less than six months from the date of the order:

provided that, if the claim is made by any person other than a Government servant acting in his official capacity, no order shall be passed for immediate payment of the claim unless the officer empowered to pass such order considers that the facts relating to the claim are not in doubt:

provided further that the Deputy Controller or enquiring officer, as the case may be, when making an order for payment either at once or at the expiration of the period specified in the order under clause (*c*), shall require as a condition of payment that the claimant, if other than a Government servant acting in his official capacity, shall, before payment is made, execute a bond with or without sureties in the form set out in Schedule I or II, as the case may be.

Orders on claims in respect of notes lost or wholly destroyed

15. (1) If the enquiry has been made in respect of a claim under rule 13 (1) (*b*) and the Deputy Controller on receipt of the record is not satisfied that the note has been wholly destroyed or lost in such circumstances that there is no probability of its being presented at some future date for payment, he shall reject the claim.

(2) If after considering the record of such inquiry he is so satisfied, and is further satisfied that the claimant was the last lawful holder of the note, he shall cause to be published in the *Gazette of India* and in three successive issues of the local official Gazette a notification stating the particulars of the note alleged to have been lost or destroyed, and the name of the claimant, and calling upon any person having a claim in respect of such note to submit the same forthwith.

(3) If on the expiration of two years from the date of the first publication under sub-rule (*2*) the note has not been presented, the Deputy Controller may order an amount equivalent to the value of the note to be invested in Government securities, or to be deposited in the Post Office Savings Bank.

(4) If on the expiration of a period which shall be determined by the Deputy Controller, but which, unless the Governor General in Council otherwise directs, shall be not less than five years from such first publication, the note has not been presented and no subsequent claim in respect of the same has been substantiated, the Deputy Controller shall order the securities referred to in sub-rule (*3*), or the deposit in the Post Office Savings Bank, as the case may be, with the interest which has in the meantime accumulated thereon,

to be delivered to the claimant, or, if the claimant is dead, to his legal representative, on a bond, with or without sureties, executed in the form set out in Schedule III or IV, as the case may be.

(5) If, prior to the expiration of such period, a subsequent claim in respect of the note is substantiated, the delivery specified in sub rule (4) shall be made, on the condition therein specified, to the person making such subsequent claim, or, if such person is dead, to his legal representative:

Provided that, if the note, said to have been lost or destroyed, is produced before the expiration of such period either by the claimant or by any other person, the proceedings under these rules in respect of such note shall be cancelled.

Surety bonds to be executed on printed forms supplied by the Currency Department

16. The bonds referred to in the second proviso to rule 14 and in sub-rule (4) of rule 15 shall be executed on printed forms to be supplied by the Currency Department in this behalf and containing the particulars set out in Schedule I, II, III or IV, as the case may be, and the value of the stamp on any such bond shall be recovered from the person executing the same.

Retention of notes presented in prosecution of a claim

17. Save as otherwise provided in rules 8 and 10, notes presented in prosecution of a claim will be retained by Government, whatever be the decision on the claim.

Value of notes to be credited to Government in certain cases

18. Where, as the result of a decision on a claim under these rules, the value or part of the value of any note is payable to the claimant, and such claimant, or, if such claimant is dead, his legal representative, cannot be found, or where within a period of three months from the communication to him of the decision the claimant, or, if such claimant is dead, his legal representative, takes no step to receive payment, the amount payable to him shall be credited to Government.

The following resolution, issued by the Government of India in the Department of Industries, published in the Supplement to the *Gazette of India*, dated the 26th November 1921, is republished for general information.

H. L. STEPHENSON,
Chief Secretary
to the Government of Bengal.

No. M-711-1.

GEOLOGY AND MINES ESTABLISHMENT.

Dated Delhi, the 26th November 1921.

RESOLUTION.

THE following Rules to govern appointments in India to the Department of Mines in India are published for general information.

Order.—Ordered that a copy of the foregoing Resolution be forwarded to all Local Governments and Administrations, the Chief Inspector of Mines in India, the Director, Geological Survey of India, and the Accountant-General, Central Revenues, for information, and that it be published in the Supplement to the *Gazette of India.*

J. C. B. DRAKE,
Secretary to the Government of India.

Rules governing appointments in India to the Department of Mines in India.

1. Applications for appointment should be made on a printed form to be obtained from the Secretary to the Government of India, Department of Industries, and should be addressed to the Secretary to the Government of India in that Department.

2. Appointments are made as occasion may require by the Government of India on the recommendation of a Selection Committee appointed by the Government of India. The Selection Committee shall consist of—

(*a*) The Secretary to the Government of India, Department of Industries,
(*b*) The Chief Inspector of Mines in India,
} *Ex-officio.*

(*c*) A representative nominated by the Indian Mining Association,

(*d*) A representative nominated by the Indian Mining Federation, and

(*e*) A non-official member of the Indian Legislature nominated by the Government of India.

Candidates must, if required, attend at their own expense at such place as may be appointed by the Selection Committee for a personal interview; they must also undergo such tests, oral or written, as the Selection Committee may consider necessary in each case.

Every candidate must be a British subject and his father must have been at the time of his birth, and must have since continued to be, a British subject, but power is reserved to the Government of India to make exceptions in special cases.

Candidates should not ordinarily be under 25 or over 30 years of age, but in exceptional cases candidates of an age exceeding 30 years may be accepted. Every candidate must be in sound bodily health and will be required on appointment to satisfy a medical board appointed by the Government of India of his physical fitness in all respects to perform the duties of the Department of Mines.

3. Preference will be given to candidates who have served in His Majesty's Forces during the war. Completed years of combatant service after attaining the age of 25 will, subject to a maximum of 4 years, count for pay, promotion and pension but not for leave. War service will not, however, be included in total service for the purpose of Article 408, Civil Service Regulations, or be allowed to count in addition to the pensionary concessions announced in Part II, Clause (3) of the Government of India (Finance Department) Resolution No. 1085-E.A., dated the 15th November 1919.

4. Candidates must possess, in addition to a good general education, either a degree in mining at a recognized college in England or must have served a regular pupilage under a recognized consulting mining engineer or mine owner.

5. The present sanctioned establishment and pay of the Department of Mines are as follows :—

4 Junior Inspectors	...	...	Rs. 750—30—1,200
2 Inspectors	...	...	Rs. 1,500—50—1,750
Chief Inspector	..	...	Rs. 2,000—100—2,500

No exchange compensation or house allowance is given.

6. Pay commences from the date of appointment to the Department. Travelling allowances in respect of journeys performed on duty are governed by the rules laid down in the Civil Service Regulations.

7. First appointments to the Department of Mines are ordinarily made in the grade of Junior Inspectors and are probationary for two years, at the end of which time the probationer, if found qualified and retained in the Department, will reckon his service for leave and pension from the date of appointment.

8. In ordinary circumstances all Junior Inspectors, unless they have special claims on account of previous training and experience elsewhere, will enter the Department in the lowest class.

The annual increase of pay of Junior Inspectors will be granted only on the certificate of the Head of the Department that the officers so recommended have fully deserved such increase by the intelligence and zeal with which their duties have been performed.

9. Promotion to the grade of Inspector of Mines will depend on qualification and merit and on the existence of vacancies in that grade. While local mining experience and training must always hold a very prominent place in estimating the position or the promotion of Junior Inspectors, mere seniority of service unaccompanied by proved ability and steady devotion to duty, gives no claim to promotion to the grade of Inspector.

10. The leave, leave allowances and pensions of officers of the Department are governed by the provisions of the Civil Service Regulations applicable thereto.

11. These regulations are liable to be modified by the Government of India from time to time.

JUDICIAL.

INABILITY OF GOVERNOR GENERAL IN COUNCIL TO ACCEPT THE RESOLUTION *RE* THE SEPARATION OF JUDICIAL AND EXECUTIVE FUNCTIONS ADOPTED BY THE LEGISLATIVE ASSEMBLY.

Delhi, the 7th December 1921.

RESOLUTION.

The Governor General in Council has had under his consideration the resolution relating to the separation of judicial and executive functions, which was adopted by the Legislative Assembly on the 20th September 1921, on the motion of Rai Bahadur T. P. Mukerjee. The resolution was in the following terms :—

"This Assembly recommends to the Governor General in Council that judicial and executive functions should be separated and steps should be taken to appoint a committee consisting of officials and non-officials for preparing a scheme for the purpose at an early date."

2. The attitude of the Government of India towards the subject of the resolution was fully explained by the Hon'ble the Home Member in the course of the debates on the resolution in the House. It was explained that the subject was a Provincial one, and that the Government of India were not prepared to ask local Governments to submit schemes for separation which they may not have the funds to finance. On the other hand if any local Government or Governments decided to take up the question and submitted proposals for separation, the Governments of India would be prepared to proceed with the legislation necessary to carry the schemes into operation and would, further, be ready, if necessary, to appoint a committee to ascertain what would be the best method of legislating on the subject. It was pointed out in the Assembly that the Governments of Bengal and the United Provinces had already decided to appoint committees to consider the question in relation to their own Provinces, and that the Madras Provincial Council had last year considered and rejected a similar proposal.

3. On further consideration the Governor General in Council does not find sufficient grounds to resile from this position, and he is therefore unable to accept the resolution adopted by the Legislative Assembly. At the same time he desires to reiterate that if any Province decides on the separation of judicial and executive functions and makes proposals to that end, the Government of India will facilitate the passing of such legislation as may be required for carrying them into effect.

ORDER.—Ordered that the above resolution be communicated to all local Governments and Administrations for information, and that it be also published in the Supplement to the *Gazette of India*.

for *Secretary to the Government of India.*

The Report of the Department of Fisheries, Bengal and Bihar and Orissa, for the year ending 31st March 1921.

ON the inauguration of the Reformed Government the administrative control of the Fisheries Department in Bengal was transferred from the Revenue Department to the Ministry of Agriculture and Public Works.

2. The depletion of superior staff reported in the previous year continued during the year under review and consequently the work of the department was seriously handicapped and no important project for development could be undertaken. Pending the appointment of a permanent Director of Fisheries the control of the department has been temporarily placed under the Director of Agriculture with effect from the beginning of the year under report. This arrangement is not suitable as a permanent measure inasmuch as owing to the expansion of the work of the Agricultural Department the Director of Agriculture is fully occupied with his own duties and cannot spare time for fisheries work ; nor has he the requisite expert knowledge to direct the work of the Department of Fisheries.

3. Another factor which has affected the department was the decision of the Government of Bihar and Orissa to discontinue, with effect from 1st April 1921, the arrangement for the joint control of the Fisheries Department for the provinces of Bengal and Bihar and Orissa. This led to an examination of the whole question of the retention and re-organization of the Bengal Fisheries Department. The department has only been in existence for ten years, the staff even when at full strength is small, and it cannot as yet point to important practical achievements. It has therefore not succeeded so far in enlisting the support of public opinion. The reason for this is not far to seek. The work of the department falls into two main branches, research and demonstration, and research must necessarily precede demonstration Up to the present the officers of the department have been largely engaged in research. It is in the stage of propaganda and demonstration that the results of the researches of the department will become known to the public and be appreciated by them. In Bengal where fish forms an important part of the diet of the people an efficient department of fisheries has great possibilities before it, and in course of time will undoubtedly accomplish work of the greatest practical value to the people. This view has led the Hon'ble Minister in charge to decide on the retention of the Fishery Department with its former staff of one Director and two Superintendents, and the Secretary of State has been moved to sanction the post of a Director.

4. The absence of a permanent Director and the want of laboratory accommodation hampered scientific work during the year under report. It is however satisfactory to note that definite results have been obtained in carp cultural experiments. Not only have the carp been observed to breed in confined waters under certain special conditions, but it has also been found possible to fertilize the eggs artificially by stripping the male and the female. The question of establishing a carp-rearing station has been postponed pending the recruitment of a Director. Interesting results which may lead to important developments were also obtained from inquiries into the possibility of cultivating mussels in confined waters.

Hilsa investigations have not made much headway and it is clear that prolonged enquiries and investigations will be necessary before a solution of the problem of *hilsa* culture is attained.

5. The District Fishery Officers worked satisfactorily during the year. A survey of Government and private fisheries was undertaken in the districts where these officers have been appointed, and much useful information has been gathered which will prove of practical value in the future. A special study of the economic condition of the fishermen was also made and as a result particular attention was directed to the establishment of fishermen's schools and co-operative societies. Twenty-six new fishermen's co-operative societies were registered—16 in Bengal and 10 in Bihar and Orissa. The total number of such societies in Bengal at the close of the year was 47 as against 32 in the previous year. Experiments in the education of fishermen's children were carried on in the Dacca district and net-making and boat-repairing have been introduced experimentally in the curriculum of the Rohitpur School.

6. During the carp season of the year under review the total number of selected fry supplied to the public by the department was 517,000 against 880,500 in 1919-20. The falling-off was due to the uncertain nature of the monsoon which interfered with the distribution of fry.

7. The statistics of fish traffic into Calcutta during the year under review show imports of 370,119 maunds as compared with 312,975 maunds in the preceding year. This is the largest quantity imported since the collection of statistics was inaugurated in the year 1916-17. Bulletin No. 17 published by the department furnishes detailed information on the subject.

8. The Hon'ble Minister has much pleasure in acknowledging the services of Mr. R. S. Finlow and Mr. G. Evans who have successively held charge of the department in addition to their own duties as Director of Agriculture, Bengal, and of their assistants in the difficult conditions which prevailed during the year. His acknowledgments are also due to Dr. Baini Prashad for his continuance of research work on the fishes of these provinces after he left the department.

RESOLUTION—No. 4940Ind.

Minister in charge.

READ—

The report of the Department of Industries, Bengal, for the year ending 31st December 1920.

Prior to the 1st January 1920, a temporary post of Director of Industries with a small staff had been sanctioned for Bengal. The appointment however was combined with that of the Controller of Munitions, Bengal, and the work of the latter office was so heavy that it practically absorbed the whole time of the officer holding the combined appointments. From the 1st January 1920, a permanent Department of Industries was sanctioned for Bengal, and Dr. D. B. Meek, who had held the temporary post, was appointed to be permanent Director. The separation of the work of the Director of Industries from that of the Controller of Munitions was gradually effected during the year under report.

2. The work of the Industries Department falls into two broad groups, namely, Reserved Subjects and Transferred Subjects. On the 'reserved' side the Director controls the work of Factory, Boiler and Electricity Inspections, the prevention of smoke nuisances and investigations into labour problems. On the 'transferred' side the two main subjects are the Development of Industries and Technical and Industrial Education. The report under review deals with the work of the Director in connection with the 'transferred' subjects. To assist the Director in the discharge of his duties, an Advisory Board of eleven members, mostly business men with wide experience of the industries of the province, has been appointed and has already proved of great value to the Director. The staff of the department is being gradually organized. Towards the end of 1920, Mr. A. T. Weston was appointed Deputy Director of Industries. Five Circle Officers, one for each of the Commissioners' Divisions, have also been appointed. The Circle Officer acts as the local representative of the Director and is the channel of communication between the people and the department. He is entrusted with the collection and dissemination of intelligence relating to the general industrial conditions of his circle. He receives requests for assistance from the industrial public, makes enquiries and prepares and submits definite schemes to the Director. He is required to be in close touch with the industrial exhibitions promoted within his circle, and it is in contemplation to entrust him with the work of inspecting Industrial and Technical Institutions. For the expert supervision of these institutions, the Director has the assistance of Mr. W. H. Everett as Inspector of Technical and Industrial Institutions. An Industrial Intelligence officer has also been appointed, but his time has been almost entirely occupied with the study of labour problems, and in particular with the collection of information relating to strikes. Since the close of the year Government have sanctioned the appointment of an Industrial Engineer and an Industrial Chemist. These officers were urgently needed and their appointment will greatly increase the utility of the department to the public.

3. Industrial research work was seriously hampered by the absence of an expert staff. The Calcutta Research Tannery, however, made considerable progress in its work. It carried on investigations both into raw materials and into tanning methods. A systematic analysis of leathers tanned at the Research Tannery was made with a view to improving its quality. An analytical survey of the water used in various tanneries throughout India was also carried out in order to compare their technical properties. Investigations into the manufacture of sole leather of superior quality from local buffalo hides and tan stuffs were carried on and definite results have been obtained. The leathers turned out have been recognised by the local trade as of good quality and they fetched satisfactory prices at the auctions by which they were disposed of. To disseminate modern scientific processes of tanning among the village *chamars*, demonstrations were arranged in various industrial exhibitions, and pamphlets on the subject were distributed. An important development was the appointment of apprentices to receive a training in the Research Tannery. One apprentice who has already finished his training has obtained an appointment as an assistant in a tannery near Calcutta.

4. Much attention has been given to the subject of weaving. The weaving expert, who had previously worked under the charge of the Director of Agriculture, was transferred to the administrative control of the Director of Industries from the 1st December 1919. Owing to the demand from all parts of Bengal for the revival of the hand spinning of cotton with a view to its adoption as a cottage industry, special attention was given to the introduction of improved *charkas* and to the demonstration of the manipulatory processes amongst the spinners. The attention of the Department has also been devoted to the introduction of improved hand-looms and weaving machinery. Improvements have been made in the fly-shuttle slay, the fly-shuttle loom and the pit loom. These improvements have been widely demonstrated throughout the province and have met with an encouraging reception.

5. The transfer of the control of technical and industrial education from the Director of Public Instruction to the Department of Industries was effected towards the end of 1920. Up to the present, the Director of Public Instruction has retained control of the Bengal Engineering College, Sibpur, and of the Asanulla School of Engineering, Dacca; but all other technical and industrial institutions in the province have been placed under the Director of Industries, and the transfer of these two institutions to his charge is now under the consideration of Government. An important development was the appointment of a strong committee under the presidency of Sir Rajendra Nath Mookerjee, K.C.I.E., to consider the establishment of a fully equipped technical school in Calcutta with the object of giving adequate theoretical instruction to the apprentices employed in the engineering works in and around Calcutta. The committee worked out a scheme, chose a site and approved of the plans for a building. The site which is centrally situated in Corporation Street has been acquired, and building operations will commence as soon as funds are available. The scheme for improving the training of apprentices in the railway workshop at Kanchrapara made some progress during the year. A hostel for Indian apprentices and a house for one of the teachers have been almost completed. In this case also the complete introduction of the scheme must depend upon the financial resources available. The improvement of mining education in the coal-fields has been under discussion for a long time. It was originally proposed that the cost of the scheme should be shared between this Government, the Government of Bihar and Orissa and the mining industry. The Government of Bengal have now decided to proceed with the portion of the scheme affecting this province. The mining interests have agreed to contribute to the cost of the scheme and the balance will be borne by this Government. The popularity of the Government Weaving Institute at Serampore continued during the year under report and a large number of applications for admission had to be rejected. A third-year course of instruction in the higher classes was added to the former curriculum of studies, and such subjects as mechanics,

mensuration, chemistry, dyeing, bleaching, etc., are now included in the syllabus. A satisfactory feature of the work of this institution is the fact that the passed students have no difficulty in securing well-paid employment. During the year under report every student of the higher classes who passed out found employment on salaries ranging from Rs. 40 to Rs. 120. The artisan classes were well attended and the passed pupils, with whom the Principal makes every effort to keep in touch, were reported to be doing well. There are now six district weaving schools and seven peripatetic weaving schools. These are doing good work under the supervision of the Principal, Serampore Weaving Institute.

6. Owing to the paucity of staff, the assistance which the department was able to render to cottage industries was practically confined to the introduction of improved spinning and weaving appliances. With the appointment of Circle Officers the Director of Industries will be in close touch with the cottage industries of the province, and will in future be able to render them assistance in other directions. The Hon'ble Minister attaches great importance to the spread of co-operative institutions among the cottage workers of the province and arrangements have been made by which the Director of Industries will work in close co-operation with the Registrar of Co-operative Societies in this matter.

7. In spite of being hampered by the want of an adequate staff and by the fact that the Director had to devote much of his time to winding up his work as Controller of Munitions, the above review shows that the Department of Industries has made a satisfactory start, and the Hon'ble Minister desires to congratulate Dr. Meek on his successful administration of the department. With the gradual appointment of an adequate staff he is confident that the activities of the department will rapidly extend and its practical utility to the public will be quickly appreciated.

The thanks of the Minister are also due to the members of the Advisory Board of Industries for the valuable assistance which they have rendered to the department.

Secretary to the Government of Bengal.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS FOR THE PORT OF CHITTAGONG FOR THE YEAR 1920-21.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

CALCUTTA; THE 20TH DECEMBER 1921.

RESOLUTION—No. 4242Mne.

READ—

The Administration Report of the Commissioners for the Port of Chittagong for the year 1920-21.

Income.—The ordinary receipts of the Port Fund during the year amounted to Rs. 4,41,645 as against Rs. 5,41,713 of the preceding year. The fall in the revenue was mainly due to the reduced scale of river dues introduced from the 1st May 1920 and continued till the end of the year under review. The decline in trade also contributed to the fall in the income.

No Government grant was given to the port during the year.

Expenditure.—The ordinary expenditure amounted to Rs. 5,04,621 and the capital expenditure to Rs. 4.15.157 as against Rs. 6,51,538 and Rs. 2,62,348 in the previous year. The excess of expenditure over receipts was met from the large unspent balance of the Government grants, of Rs. 12,75,000 during the year 1919-1920.

Assets and Liabilities.—The value of the Port Commissioners' properties, including cash and securities, as estimated on the 31st March 1921, stands at Rs. 49.93,071 and the liabilities at Rs. 1,54,147 excluding loans from Government for revetment work. The outstanding balance of these loans amounted to Rs. 4,63,670 at the end of the year. An increased and consolidated river due of Re. 1 per ton is being levied on all goods (except bunker coal and fuel oil, the rate of river due on which is annas 4 per ton, and cargo coal and fuel oil, the rate of river due on which is annas 6 per ton), with effect from the 1st April 1921.

Dredging.—The steam-dredger *Karnafuli* was at work on the double moorings and the Inner and Outer Bars for 165 days, dredging 7,526,250 cubic feet at the cost of Rs. 2-14-8 per hundred cubic feet. The dredger was under repairs for 115 days in the year, 50 days being occupied in petty repairs done locally and 65 days (including the period of transit) in thorough overhaul and repairs at Calcutta.

Grab-dredging was also carried out on the Ring Bar, and 88,622 cubic feet was removed in 131 working days.

Survey.—The annual survey from the mouth of the river to seven miles above Sadarghat Jetty and the surveys of the river opposite the jetties and on the Bars, and other miscellaneous observations disclosed no marked improvement in the navigable channel. In addition to the above surveys, a marine survey of the Karnafuli river was completed under the direction of the Port Officer.

Revetment.—The old revetment required slight repairs in places and some petty repairs to the bye-channel bunds were carried out. A length of 4,200 lineal feet of the Gupta Point revetment was completed.

Light-houses and Light-vessels.—The Light-houses and light-vessels were in good order during the year, the light-vessel *Sarsuti* having been removed from her station for one month from the 7th January 1921 for her annual overhaul and repairs; during this period a 54-ton country brig was used as temporary light-vessel in the same position.

Shipping.—The total number of ocean-going vessels, inland steamers and sailing vessels entering the Port was 826 as against 842 during the preceding year. Two preliminary enquiries into cases of shipping casualties were held by the Port Officer, but in neither case was any Special Court appointed by Government.

Trade.—The total value of foreign and coasting sea-borne trade shows a decrease of 27·49 per cent. as compared with the value of the previous year.

Detention of vessels.—Four inward-bound vessels were detained during the year for want of sufficient depth of water over the bars of the Chittagong River, the maximum and minimum periods of detention being six and three days respectively.

Sanitation.—The general health of the Port was good.

General.—The duties of the Port Officer and Secretary were carried on by Commander H. M. K. Moilliet O.B.E., R.I.M., up to the 12th November 1920, and thereafter by Commander E. C. Withers, C.I.E., R.I.M.

Mr. K. C. De, C.I.E., I.C.S., Commissioner, Chittagong Division, remained Chairman of the Trust throughout the year.

Secretary to the Government of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Winter Rice Crop of Bengal, 1921-22.

[NOTE.—On an average of the five years ending 1919-20 the area under Winter Rice in Bengal has represented some 19·7 per cent. of the total area under rice in British India.]

Character of the season.—As reported in the first forecast, the weather has been favourable throughout for the broadcast *aman* rice crop. In West Bengal, it was unfavourable for the transplanted rice for the period June to the middle of August. As a result, transplantation proceeded slowly in those tracts until towards the end of August when good rain facilitated the operation. In the East and North Bengal, on the other hand, the conditions were good for the transplanted rice owing to sufficient rainfall during this period. In September a good deal of transplantation was made in West and in parts of North Bengal, with the result that the area shows a considerable increase as compared with the first forecast. The October rains, which are the mainstay of the crop in Bengal, were generally insufficient in the western districts, thereby affecting the yield of crops on high lands. On the whole, it may be said that the broadcast *aman* rice is good and that the transplanted rice crop is satisfactory.

Acreage.—According to District Officers' estimates, the total area under winter rice amounts to 15,602,800 acres as against 15,187,000 acres in the first forecast of this year and against 15,394,700 and 15,343,800 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—From the district returns appended it will be seen that Rangpur and Darjeeling report a bumper crop (*i.e.*, 125 and 117 per cent., respectively). The districts of Khulna, Midnapore, Howrah, Dinajpur, Bakarganj, Chittagong and Noakhali report a normal crop, eleven districts a crop between 83 and 95 per cent. The remaining seven districts report the outturn as follows:—

Malda 79 per cent.; Burdwan, Bogra and the Chittagong Hill Tracts each 75 per cent.; Nadia, Birbhum and Bankura report a crop as low as between 58 to 67 per cent.

As compared with the first forecast, the crop has improved in eleven districts, remained stationary also in eleven and has deteriorated in the remaining five districts only.

According to District Officers' estimates, the provincial outturn works out to 90 per cent. of the normal as against the same estimate last year. But considering the tendency on the part of some District Officers to underestimate the crop, and in view of the favourable weather conditions that obtained in the important districts, I am of opinion that the outturn will not be less than 95 per cent. of the normal this year.

Accepting 95 per cent. as the provincial outturn, the gross yield of cleaned grain from the winter rice crop, on the basis of a normal yield of 12½ maunds per acre, amounts to 6,806,300 tons this year as against 6,362,100 tons and 6,341,100 tons, respectively, in the corresponding and final forecasts of last year.

G. EVANS,

Director of Agriculture, Bengal.

Hooghly ...	276,700	209,300	197,300	100	83	.....	The decrease in area as compared with last year is due to want of rain at sowing time and to late transplantation in some places. Since the submission of the first forecast, the weather has not been favourable for want of sufficient rain.
Howrah ...	125,200	113,700	123,400	100	100	Middle of November. Normal.	The weather has been favourable. Insufficient rainfall in October affected the growth of the crop to a slight extent.
Rajshahi	892,700	830,000	675,600	75	92	Last week of November Normal.	The increase in area compared with the first forecast is due to more lands having been cultivated in the latter part of September and first part of October. Since the submission of the first forecast, damage to the extent of one anna is reported from the Nator subdivision. The outturn is below the normal for want of rain.
Dinajpur ..	1,120,300	819,400	929,000	80	100	.....	The increase in area is due to timely rain and to failure of the crop last year and to slight reduction under jute cultivation. In the char lands of Kurigram subdivision the seedlings were damaged to a certain extent by floods. A good outturn is anticipated. In some places the outturn is likely to be 16 or 18 annas; in others 12 or 14 annas. The outturn is therefore estimated at 125 per cent., i. e., 15-anna crop.
Bogra	303,000	445,000	445,000	80	75	.....	The weather was favourable till the middle of October and the normal outturn could have been expected, but for want of rain since then.
Pabna	566,000	401,600	400,000	83	83	By the second week of November.	The weather was favourable since the submission of the first forecast. The outturn is expected to be below the normal owing to damage by drought to the extent of three annas and by untimely rise of water in the Jamuna.
Malda	236,200	243,400	242,700	58	79	.....	The increase in area compared with the first forecast is due to errors in the data furnished by the thana officers and the decrease compared with last year is due to want of timely rain. Since the submission of the first forecast, the weather has been fairly favourable on the whole, but want of rain from the end of October has retarded the growth of the crop to some extent. The fall in outturn is due to sudden flood and want of timely rain.
Dacca ...	647,900	665,300	703,900	110	95	Beginning of November	The weather has been favourable. The outturn is expected to fall below the normal owing to damage caused by sudden flood in July in low lands.
Mymensingh ...	1,455,500	969,700	1,183,600	90	86	.....	The weather has been favourable since the submission of the first forecast. The outturn is below the normal owing to damage by flood to the extent of 17 per cent. in the Tangail, of 20 per cent. in the Kishorganj and of 33 per cent. in the Netrakona subdivisions.
Faridpur ...	770,100	745,200	760,500	100	89	By the end of October. Normal.	The weather was generally favourable, but the outturn is expected to fall below the normal owing to some damage caused by drought and sudden rise of water.
Bakarganj ...	1,300,000	1,346,100	1,342,000	100	100	November. Normal ...	The increase in area compared with the first forecast is due to the fact that the transplantation was not finished when the first forecast was submitted. The operation was rather delayed for unfavourable weather. The decrease in area is due to flood at the end of July which damaged about 9 annas of the seedlings. Since the submission of the first forecast, the weather has been favourable and the outturn is expected to be normal.
Chittagong ...	418,400	421,800	421,800	100	100	December ...	The weather has been favourable and a normal outturn is expected. Some damage was done by flood in September and October in low lying areas.
Tippera ...	787,000	787,000	796,400	83	92	November. Normal ...	The weather has been favourable since the submission of the first forecast. The outturn is below the normal owing to damage caused by excessive rain in Brahmanbaria at some places and to water having receded later than usual.
Noakhali ...	705,000	630,000	630,000	100	100	Early in November. Normal.	The weather was on the whole favourable and a normal outturn is expected.
Chittagong Hill Tracts.	47,500	45,000	45,000	75	75	.....	The weather has been fairly favourable. Some damage was done in low land owing to heavy rain.
Total Bengal ...	17,377,600	15,343,800	15,602,800	90*	95*

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Spring Oilseed Crops of Bengal, 1921-22.

[NOTE.—On an average of the five years ending 1919-20, the area under linseed in Bengal has represented some 5·3 per cent, and that under rape and mustard 19·0 per cent. of the total areas under these crops in British India.]

Explanatory.—Three forecasts are issued for the spring oilseed crops. The present one deals only with the area sown and the general condition of the crops.

Area sown.—Oilseeds are grown chiefly in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 1,152,300 acres this year as against 1,219,500 acres and 1,233,700 acres (now revised) respectively in the corresponding and final forecasts of last year.

Character of the season.—The rainfall in September though below the normal left sufficient moisture in the soil for the preparatory tillage. The fall in October was markedly in defect especially in the western districts with the result that sowings were curtailed in those tracts though they commenced generally in the usual time. Since then dry weather has prevailed and the present outlook is reported to be only fair.

Director of Agriculture, Bengal.

CHAPTER I.—Grades of Government Servants.

Section I.—Distribution into grades.

General rules.

1. For the purpose of calculating travelling allowance, Government servants are divided into four grades, as follows :—

(*a*) The first grade includes all Government servants in receipt of pay exceeding Rs 600.
(*b*) The second grade includes all Government servants in receipt of pay exceeding Rs. 125 but not exceeding Rs. 600.
(*c*) The third grade includes all Government servants in superior service, except forest guards, in receipt of pay not exceeding Rs. 125.
(*d*) The fourth grade includes forest guards and all Government servants in inferior service.

NOTE.—Any individual Government servant who held, prior to the introduction of these rules, a post on progressive pay and was included, in view of the maximum pay of such post, in a grade higher than that to which he is entitled under this rule, shall not be reduced in grade unless he is reduced to a lower post.

Special concessions.

2. A competent authority may, for reasons which should be recorded, order that any Government servant or class of Government servants shall be included in a grade higher than that prescribed in rule 1.

Government servants in transit from one post to another.

3. A Government servant in transit from one post to another ranks in the grade to which the lower of the two posts would entitle him.

Part-time Government servants, etc.

4. A Government servant whose whole time is not retained for the public service, or who is remunerated wholly or partly by fees, ranks in such grade as a competent authority may declare.

CHAPTER II.—The different kinds of Travelling Allowance.

Section II.—General.

General rule.

5. The following are the different kinds of travelling allowances which may be drawn in different circumstances by Government servants :—

(*a*) Permanent travelling allowance.
(*b*) Conveyance or horse allowance.
(*c*) Mileage allowance.
(*d*) Daily allowance.
(*e*) The actual cost of travelling.

The rules in this chapter explain the nature of these allowances and the method of calculating them. The circumstances in which they can be drawn for particular journeys are described in Chapters III to V.

Section III.—Permanent travelling allowance.

Conditions of grant.

6. A permanent monthly travelling allowance may be granted by a competent authority to any Government servant whose duties require him to travel extensively. Such an allowance is granted in lieu of all other forms of travelling allowance for journeys within the Government servant's sphere of duty and is drawn all the year round, whether the Government servant is absent from his headquarters or not.

When inadmissible.

7. A permanent travelling allowance cannot be drawn during joining time nor, unless in any case it be otherwise expressly provided in these rules, during any period for which travelling allowance of any other kind is drawn. Its drawal during leave is governed by rules made under fundamental rule 93.

Combination of posts.

8. When a Government servant holds, either substantively or in an officiating capacity, two or more posts to each of which a permanent travelling allowance is attached, he may be granted such permanent travelling allowance, not exceeding the total of all the allowances, as the competent authority may consider to be necessary in order to cover the travelling expenses which he has to incur.

Section IV.—Conveyance and horse allowance.

Conditions of grant.

9. A competent authority may grant, on such conditions as it thinks fit to impose, a monthly conveyance or horse allowance to any Government servant who is required to travel extensively at or within a short distance from his headquarters under conditions which do not render him eligible for daily allowance. The competent authority should also decide at the time of granting the allowance if a Government servant should give, for purposes of audit, a certificate of possession of a means of conveyance.

When drawn.

10. Except as otherwise provided in these rules and unless the authority sanctioning it otherwise direct, a conveyance or horse allowance is drawn all the year round, is not forfeited during absence from headquarters and may be drawn in addition to any other travelling allowance admissible under these rules; provided that a Government servant, who is in receipt of a conveyance allowance specifically granted for the upkeep of a motor-car or motor-cycle, shall not draw mileage or daily allowance for a journey by the motor-car or motor-cycle, except on such conditions as the authority which sanctions the conveyance allowance may prescribe.

During leave and joining time.

11. A conveyance or horse allowance may not be drawn during joining time. Its drawal during leave is governed by rules made under fundamental rule 93.

Section V.—Mileage allowance.

Sub-section (1).—General.

Definition.

12. A mileage allowance is an allowance, calculated on the distance travelled, which is given to meet the cost of a particular journey.

Principles of calculation.

13. (*a*) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short; provided that, when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(*b*) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of doubt, a competent authority may decide which shall be regarded as the shortest of two or more routes.

(*c*) If a Government servant travels by a route which is not the shortest but is cheaper than the shortest, his mileage allowance should be calculated on the route actually used.

Special concessions.

14. A competent authority may, for special reasons which should be recorded, permit mileage allowance to be calculated on a route other than the shortest or cheapest provided that the journey is actually performed by such route. Where, however, this concession is allowed because the shortest route was impracticable for travelling at the time the journey was performed, the competent authority should obtain and record a certificate from the Collector of the district that no shorter route was practicable than that which was adopted.

Point of commencement and end of journey.

15. The point in any station at which a journey is held to commence or end is the chief public office or such other point as may be fixed for the purpose by a competent authority.

NOTE 1.—When an officer travels from, or to, a place which is the headquarters of a police-station, his journey should, for the purposes of calculating travelling allowance, be held to commence from, or end at, the police-station.

NOTE 2.—The Court-house of the Chief Local Executive Authority should be considered as the point from which a journey is held to commence or at which it is held to end.

Different rates for different classes of journey.

16. Mileage allowance is differently calculated, as shown in the following rules, according as the journey is, or could be, made by railway, by steamer or by road.

Sub-section (II).—Mileage allowances for journeys by railway.

Classes of accommodation for which Government servants are considered to be eligible.

17. For the purpose of calculating mileage allowance, Government servants when travelling by railway are considered to be entitled to class accommodation according to the following scale:—

(*a*) *A Government servant of the first grade.*—Accommodation of the highest class, by whatever name it may be called, provided on the railway by which he travels.

(*b*) *A Government servant of the second grade.*—Second or, if the line by which he travels provides no second class accommodation on any train, highest class.

(*c*) *A Government servant of the third grade.*—

(*i*) If travelling on the Darjeeling-Himalayan Railway, except the Siliguri-Kissenganj extension; third class.

(*ii*) If travelling on any other railway which provides no intermediate class accommodation on any of the trains which stop at the stations to and from which he is travelling, including the Siliguri-Kissenganj extension;—

(1) where there are two classes only, lower class, and
(2) where there are three classes, second class if his pay is not less than Rs. 50 and third class if it is less than Rs. 50.

(*iii*) If travelling on any railway which provides intermediate class accommodation on trains which stop at the stations to and from which he is travelling: intermediate class.

(*d*) *A Government servant of the fourth grade.*—The lowest class, whether it be called lower, third or fourth.

NOTE.—The expression "where there are two classes only" in this rule is to be taken as meaning where only two such classes are provided in the general passenger trains of the railway concerned.

Special concessions.

18. A competent authority may, for special reasons which should be recorded, declare any particular Government servant or class of Government servants to be entitled to accommodation of a higher class than that prescribed for his grade in clause (*b*), (*c*) or (*d*) of rule 17.

Rate of mileage allowance.

19. The mileage allowance admissible to a Government servant of the first, second or third grade is double the fare of the class in which he is entitled to accommodation. The mileage allowance admissible to a Government servant of the fourth grade is the fare of the lowest class.

Where the class to which the Government servant is entitled is not provided on the train.

20. If a Government servant of the second or third grade actually travels by a train which does not provide the class of accommodation to which he is entitled under rule 17, he may be allowed to draw the mileage allowance of the next higher class, provided that the controlling officer attaches to his travelling allowance bill a certificate that it was necessary in the public interest that he should travel by that train. This concession does not apply to a Government servant of the third grade whose pay is less than Rs. 50 and who travels on a line which provides intermediate class accommodation on one or more of its trains but not on the particular train on which he travels, if there be third class accommodation on that train. Such a Government servant is restricted to mileage allowance calculated for intermediate class accommodation.

Through booking.

21. When through booking involves the payment, for part of a journey, of rates for accommodation of a class higher than that to which the Government servant concerned is entitled, the Government servant may draw mileage allowance based on the higher rates for that part of the journey.

Sub-section (iii).—Mileage allowances for journeys by sea or river in a steamer.

Classes of accommodation to which Government servants are considered to be entitled.

22. For the purpose of calculating mileage allowance for journeys by sea or river in a steamer, Government servants are considered to be entitled to class accommodation according to the following scale :—

(*a*) *A Government servant of the first grade.*—Highest class ;

(*b*) *A Government servant of the second grade.*—If there be two classes only on the steamer, the higher class ;

if there be more than two classes, middle or second class.

(*c*) *A Government servant of the third grade.*—If there be two classes only on the steamer, the lower class ;

if there be three classes, middle or second class ;

if there be four classes, third class :

Provided that a competent authority may direct that any Government servant whose pay does not exceed Rs. 35 is entitled, for journeys generally or for particular journeys, to accommodation in the lowest class only.

(*d*) *A Government servant of the fourth grade.*—Lowest class.

NOTE.—A steam vessel of more than 90 tons gross tonnage, or one of whatever size which belongs to a regular steamer service for the conveyance of passengers at fixed fares is "a steamer" for the purpose of regulating travelling allowances.

Rates of mileage allowance.

23. The mileage allowance admissible to a Government servant of the first, second or third grade is double the fare of the class in which he is entitled to accommodation. The mileage allowance admissible to a Government servant of the fourth grade is the fare of the lowest class.

In cases where the steamer company has two rates of fare, one inclusive and one exclusive of diet, the word "fare" in this rule should be held to mean fare exclusive of diet.

Special concessions.

24. In cases of doubt or in which, owing to the arrangement of classes on a steamer, the provisions of rule 22 if strictly construed involve hardship, a competent authority may decide, for journeys generally or for particular journeys, to what class of accommodation a Government servant is entitled; and whether, if a concession is sanctioned, he should be granted the full allowance admissible for the higher class in which he is permitted to travel.

Crossing a river or arm of the sea.

25. The rules in this sub-section apply to Government servants who cross a river or arm of the sea by steamer in the course of a journey, unless such crossing occurs during a railway journey and the charge for it is included in the railway fare. In the latter case, the crossing is treated as part of the railway journey.

Travelling by Government steamer.

26. If suitable accommodation on a Government vessel is offered to a Government servant, he is entitled to travelling allowance under rule 141 and not to mileage allowance. It is not open to him to refuse to accept such accommodation and to draw mileage allowance.

Sub-section (iv).—Mileage allowance for journeys by road.

Definition of travelling by road.

27. For the purpose of these rules, travelling by road includes travelling by sea or river in any vessel other than a steamer and travelling by canal.

Ordinary mileage rates.

28. (*a*) For journeys by road, mileage allowance is calculated at the following rates for each mile travelled :—

A Government servant of the first grade—8 annas.
A Government servant of the second grade—4 annas.
A Government servant of the third grade—2 annas; and
A Government servant of the fourth grade—1 anna.

(*b*) When a Government servant travels within the territories administered by a local Government which has fixed special rates for Government servants under its administrative control, he must draw mileage allowance at the rate so fixed for his grade.

NOTE.—Road mileage is admissible to an officer performing journeys by motor car between places connected by rail, if any public interest is served by the road journey, which would not have been served had the officer travelled by rail, such as the savings of public time or inspection *en route*, etc. The necessity for such road journeys should be clearly set forth in the travelling allowance bill.

Special concessions.

29. A competent authority may, for special reasons to be recorded, allow to a particular Government servant or class of Government servants mileage allowance at a higher rate than is prescribed in rule 28.

Treatment of fractions of a mile.

30. In calculating mileage allowance for journeys by road, fractions of a mile should be omitted from the total of a bill for any one journey but not from the various items which make up the bill.

Section VI.—Daily allowance.

Definition.

31. A daily allowance is a uniform allowance for each day of absence from headquarters, which is intended to cover the ordinary daily charges incurred by a Government servant in consequence of such absence.

NOTE.—For absence from headquarters not exceeding 24 hours beginning and ending in different calendar days, a Government servant is restricted to one day's daily allowance, which may be exchanged for mileage, rail fare or steamer fare under the provision of rule 58.

General rule as to drawing of daily allowance.

32. Unless in any case it be otherwise expressly provided in these rules, a daily allowance may be drawn while on tour by every Government servant whose duties require that he should travel, and may not be drawn except while on tour.

Rates of daily allowance.

33. (*a*) Daily allowances are drawn on the following scale :—

(*i*) *A Government servant of the first grade*—Rs. 5.
(*ii*) *A Government servant of the second grade*—As. 4 for every Rs. 25 or fraction of Rs. 25 of his pay, subject to a maximum of Rs. 3.
(*iii*) *A Government servant of the third grade*—As. 2 for every Rs. 12½ or fraction of Rs. 12½ of his pay, subject to a minimum of As. 4.
(*iv*) *A Government servant of the fourth grade*—As. 3 if he travels in more than one province and As. 2 if he travels in one province only.

(*b*) When a Government servant travels within the territories administered by a local Government which has fixed special rates of daily allowance for Government servants under its administrative control, he must draw daily allowance at the rate so fixed for his grade.

NOTE.—Any individual Government servant who held, prior to the introduction of these rules, a post on progressive pay and was entitled to calculate his daily allowance on the maximum pay of such post, shall retain this privilege unless he is reduced to a lower post.

Special concessions.

34. A competent authority may, for reasons which should be recorded and on such conditions as it may think fit to impose, sanction for any Government servant or class of Government servants a daily allowance higher or lower than that prescribed in rule 33.

Section VII.—Actual expenses.

Actual expenses not admissible except under specific rule.

35. Unless in any case it be otherwise expressly provided in these rules, no Government servant is entitled to be provided with means of conveyance by or at the expense of Government, or to draw as travelling allowance the actual cost or part of the actual cost of travelling.

CHAPTER III.—Travelling Allowance admissible for different classes of journey.

Section VIII.—General.

Travelling allowance calculated with reference to the purpose of the journey.

36. The travelling allowance admissible to a Government servant for any journey is calculated with reference to the purpose of the journey in accordance with the rules laid down in sections IX to XX.

37. Unless in any case it be otherwise expressly provided in these rules, a Government servant making a journey for any purpose is not entitled to recover from Government the cost of transporting his family or his personal luggage, conveyances, tents and camp equipage. **Recovery of cost of transporting personal luggage etc.**

38. A competent authority may, by general or special order, direct that the ordinary rates of daily allowance or mileage allowance or both shall be increased either in a definite ratio or in any other suitable manner for any or all Government servants travelling in any specified locality in which travelling is unusually expensive. **Higher rates for journeys in expensive localities.**

39. When a Government servant of a grade lower than the first grade is required by the order of a superior authority to travel by special means of conveyance, the cost of which exceeds the amount of the daily allowance or mileage allowance admissible to him under the ordinary rules, he may draw the actual cost of travelling in lieu of such daily or mileage allowance. The bill for the actual cost must be supported by a certificate, signed by the superior authority and countersigned by the controlling officer, that the use of the special means of conveyance was absolutely necessary and specifying the circumstances which rendered it necessary. **Journeys by special conveyance.**

NOTE.—It is not intended that any general orders should be given or that any general practice should prevail allowing a certain class of officials actual expenses for all journeys performed. The fact that travelling in any particular locality is unusually expensive does not warrant the indiscriminate use of this rule.

40. A Government servant of the fourth grade, when travelling by steamer, may draw, in addition to mileage allowance, daily allowance at double the rate ordinarily admissible to him; provided that, whatever be the nature of other journeys which may be combined with the steamer journey, no further daily allowance may be drawn for any day for which this double allowance is drawn. **A Government servant of the fourth grade travelling by steamer.**

Section IX.—Journey on Tour.

Sub-section (1).—General Rules.

41. The headquarters of a Government servant shall be in such place as a competent authority may prescribe. **Definition of headquarters.**

42. A competent authority may define the limits of the sphere of duty of any Government servant. **Limits of sphere of duty.**

43. A Government servant is on tour when absent on duty from his headquarters either within or, with proper sanction, beyond his sphere of duty. For the purposes of this section, a journey to a hill station is not treated as a journey on tour. **Definition of tour.**

NOTE.—A Superintendent or Assistant Superintendent of Police is not held to be on tour when he visits a police-station unless—

(*a*) he travels not less than twenty miles in one day, or

(*b*) he is absent from his headquarters for two or more consecutive nights and visits two or more police-stations or posts.

This note applies only to visits paid to police-stations. It does not apply in the case of officers employed in investigating a case of dacoity, in looking after a bad character, or in other genuine police work, more than five miles from their headquarters.

44. In case of doubt a competent authority may decide whether a particular absence is absence on duty for the purpose of rule 43.

45. A competent authority may impose such restrictions as it may think fit upon the frequency and duration of journeys to be made on tour by any Government servant or class of Government servants. **Restrictions on the duration and frequency of tours.**

Government servants who are not entitled to travelling allowance for journeys on tour.

46. If a competent authority declares that the pay of a particular Government servant or class of Government servants has been so fixed as to compensate for the cost of all journeys, other than journeys by rail or steamer, within the Government servant's sphere of duty, such a Government servant may draw no travelling allowance for such journeys. He may, however, draw mileage allowance, or, if he be in inferior service, travelling allowance under rule 60, for journeys by rail or steamer. When travelling on duty, with proper sanction, beyond his sphere of duty, he may draw travelling allowance calculated under the ordinary rules for the entire journey, including such part of it as is within his sphere of duty.

General principles on which travelling allowance is drawn for journeys on tour.

47. The travelling allowance drawn by a Government servant on tour ordinarily takes the shape of either permanent travelling allowance or daily allowance, if either of these is admissible to him. Permanent travelling allowance and daily allowance may, however, in certain circumstances be exchanged for mileage allowance or for the whole or part of the actual cost of travelling. In certain other circumstances actual cost may be drawn in addition to daily allowance or for journeys for which no daily allowance is admissible.

Carriage of tents supplied by Government.

48. (*a*) A competent authority may prescribe the scale of Government tents to be supplied to any Government servant or class of Government servants for office or, if it think fit, for personal use.

(*b*) When such tents are used by a Government servant on tour for office purposes only, they may be carried at Government expense.

When used partly for office and partly for private purposes, the Government servant must, except as provided in rule 63, pay half the cost of carriage. When used wholly for private purposes, the Government servant must, except as provided in rule 63, pay the entire cost of carriage.

Sub-section (II).—Government servants in receipt of permanent travelling allowance.

Actual expenses in addition to or in exchange for permanent travelling allowance.

49. A permanent travelling allowance is intended to cover the cost of all journeys within the sphere of duty of the Government servant who draws it, and such Government servant may not draw any other travelling allowance in place of, or in addition to, permanent travelling allowance for such journeys; provided that—

(1) A Government servant of the fourth grade and any other class of Government servants to which a competent authority may extend this concession may draw, in addition to permanent travelling allowance, single fare for a journey by rail, and

(2) a competent authority may, by general or special order, permit a Government servant whose sphere of duty extends beyond the limits of a single district to draw, in addition to permanent travelling allowance, whenever his actual travelling expenses for a duly authorised journey by public conveyance exceed double the amount of his permanent travelling allowance for the period occupied in such journey, the difference between such double permanent travelling allowance and the mileage allowance calculated for the journey.

50. When a Government servant in receipt of permanent travelling allowance travels on duty, with proper sanction, beyond his sphere of duty, he may draw mileage allowance for the entire journey, including such part of it as is within his sphere of duty, and may draw, in addition, permanent travelling allowance for any day of his absence for which he does not draw mileage allowance. This rule does not apply to a Government servant who travels beyond his sphere of duty in the course of a journey from one place within that sphere to another such place, or to a Government servant who makes, by road alone, a journey not exceeding 20 miles. **Mileage allowance in exchange for permanent travelling allowance.**

Sub-section (iii).—Government servants not in receipt of permanent travelling allowance.

Sub-division 1.—Daily allowance.

51. Except where otherwise expressly provided in these rules, a Government servant not in receipt of permanent travelling allowance draws travelling allowance for journeys on tour in the shape of daily allowance. **General rule.**

52. Daily allowance may not be drawn except during absence from headquarters on duty. A period of absence from headquarters begins when a Government servant actually leaves his headquarters and ends when he actually returns to the place in which his headquarters are situated, whether he halts there or not. **Drawn during absence from headquarters on duty.**

53. Daily allowance may not be drawn for any day on which a Government servant does not reach a point outside a radius of five miles from his headquarters or return to his headquarters from a similar point, even though the distance travelled over may be more than five miles. **Distance to be travelled before daily allowance is admissible.**

NOTE.—This rule applies to cases where the officer comes to a halt without reaching a distance exceeding five miles from headquarters. But it does not apply when the journey is continued without interruption to a point more than five miles distant from headquarters, even though at the expiration (midnight) of the day on which he started he has not yet reached such a point.

54. Subject to the conditions laid down in rules 55 and 56, daily allowance may be drawn during a halt on tour or on a holiday occurring during a tour. **Halts on tour.**

NOTE.—Daily allowance is inadmissible unless the Government servant is actually, and not merely constructively, in camp, and also when he takes casual leave while on tour.

55. Daily allowance may not be drawn for a continuous halt of more than ten days at any one place; provided that a competent authority may grant general or individual exemptions from the operation of this rule, on such conditions as it thinks fit, if it is satisfied—

(*a*) that prolonged halts are necessary in the interests of the public service, and

(*b*) that such halts necessitate the maintenance of camp equipage or, where no camp equipage is maintained, continue, after the first ten days, to entail extra expense upon the halting Government servant.

56. For the purposes of rules 53, 54 and 55 :—

(*a*) After a continuous halt of ten days' duration, the halting place shall be regarded as the Government servant's temporary headquarters.

(*b*) A halt is continuous unless terminated by an absence on duty at a distance from the halting place exceeding five miles for a period including not less than three nights.

(*c*) In calculating the duration of a halt, any day on which the Government servant travels or halts at a distance from the halting place exceeding five miles shall be excluded. On such a day the Government servant may draw daily allowance or exchange it for mileage allowance if admissible.

Sub-division 2.—Mileage allowance and actual expenses in place of or in addition to daily allowance.

Exchange of daily allowance for mileage allowance during the whole period of a tour.

57. A competent authority may, by general or special order and on such condition as it thinks fit to impose, permit any Government servant or class of Government servants to draw mileage allowance instead of daily allowance for the whole period of any absence from headquarters, if it considers that the nature of the Government servant's duty is such that daily allowance is not sufficient to cover his travelling expenses.

Exchange of daily allowance for mileage allowance on particular journeys.

58. (*a*) Subject to any conditions which a competent authority may by general or special order impose, a Government servant in superior service may exchange his daily allowance for mileage allowance on any day on which—

(*i*) he travels by railway or steamer or both, or

(*ii*) he travels more than 20 miles by road;

provided that, if a continuous journey extend over more than one day, the exchange must be made for all such days and not for a part only of them.

NOTE.—Short journeys within a radius of five miles from headquarters may not be added to other journeys, when calculating the distance travelled by road or the amount of mileage allowance admissible for road journeys.

(*b*) When a journey by road is combined with a journey by railway or steamer under clause (*a*) (*i*) of this rule—

(*i*) Mileage allowance may be drawn on account of such combined journey, but mileage in respect of the road journey is limited to the amount of daily allowance unless the journey by road exceeds 20 miles, and

(*ii*) unless such journey by road be a journey to or from the Government servant's headquarters, mileage allowance shall be calculated on the distance actually travelled, without regard to the points fixed by or under rule 15.

59. Subject to any conditions which a competent authority may by general or special order impose, a non-gazetted ministerial or a menial Government servant may, for any day on which he travels by public or hired conveyance under a certificate from the head of his office that he is required to do so, exchange daily allowance for mileage allowance.

Travelling allowance admissible to a Government servant in inferior service.

60. The following conditions are applicable to a Government servant in inferior service:—

(*a*) For a journey by railway, he may draw mileage allowance in addition to daily allowance.

(*b*) For a journey by steamer, he may draw travelling allowance under rule 40.

(*c*) For a journey by road, he may exchange daily allowance for mileage allowance if the journey exceeds 20 miles or the condition of rule 59 is fulfilled.

(*d*) For a journey by road combined with a journey by railway or by steamer, he may draw mileage allowance, limited as in rule 58 (*b*) (*i*) except as provided in rule 59, for the road journey, in addition to the allowances admissible under clause (*a*) or (*b*) of this rule.

Actual expenses of maintaining camp during a sudden journey away from it.

61. A competent authority may permit any Government servant, who is compelled by a sudden emergency to leave his camp and travel rapidly on duty to a place more than 20 miles distant, to draw, in addition to mileage allowance, the actual cost of maintaining his camp, whether the camp be moved or not; provided that the amount of actual cost drawn shall not exceed the daily allowance of his grade.

Actual expenses on first and last journey of an extensive tour.

62. A Government servant entitled to daily allowance, whose sphere of duty extends over a whole province, may, when making a journey of more than 100 miles to the first or from the last camp of an extensive tour, recover, in lieu of the daily allowance admissible for the days occupied by such journey, the whole necessary cost of the journey, including the cost of transportation of camp equipment and of servants, horses, motor cars, motor cycles, bicycles and private baggage on such scale as a competent authority may prescribe.

Actual expenses of conveying camp equipment, etc.

63. (*a*) When a competent authority is satisfied that it is in the interests of the public service that a particular Government servant on tour should send his horses, camels, motor cars, motor cycles, bicyles or camp equipment by railway or steamer, or by country craft when no steamer service exist capable of conveying the goods or animals, or when such means of carriage is cheaper or more expeditious, it may, by special order in each case, permit him to recover, in addition to mileage allowance or daily allowance or both, the actual cost or part of the actual cost of transporting them.

NOTE 1.—In the case of a motor car, the cost of transporting a chauffeur or cleaner, and for each horse the cost of transporting one syce and one grass-cutter may be drawn.

NOTE 2.—The term "motor cycle" in this rule includes a side-car.

NOTE 3.—The application of this rule is restricted to journeys on tour

NOTE 4.—Cost of carriage of bicycles by rail is admissible under this rule to officers on tour within a district when it is necessary for the officer to arrive at his destination ready equipped for a further journey.

NOTE 5.- This rule refers primarily to private motor cars. The cost of carriage of Government motor cars is contingent expenditure.

(*b*) A competent authority may by general or special order prescribe limitations on the weight of camp equipment and the number of conveyances and animals to be carried at Government expense under clause (*a*) of this rule by a particular Government servant or class of Government servants.

Government servants whose duties require them to travel constantly by railway.

64. (*a*) The following provisions are applicable to—

(*i*) officers and men of the railway police ;

(*ii*) any other Government servant or class of Government servants, whose duties involve constant travelling by railway, to whom a competent authority may declare them to be applicable.

(*b*) When such a Government servant makes a journey by railway on tour—

(*i*) He is entitled either to a free pass under the free pass rules of the railway or to the fares for himself and the servants and baggage accompanying him which a free pass would cover.

(*ii*) He may draw daily allowance for any day on which he is absent from his headquarters for more than eight consecutive hours.

(*iii*) He may not exchange for mileage allowance the allowances admissible under sub-clauses (*i*) and (*ii*) of this rule.

(*iv*) If he combines with a railway journey a journey by steamer or road, he may, if he travels to a place distant at least five miles from the point where he leaves the railway or returns to the railway from a place similarly distant, draw mileage allowance for the journey by steamer or road, in addition to daily allowance, if any, admissible under this rule or under rule 40; provided that the time spent on the journey by steamer or road shall be deducted in calculating the duration of his absence from his headquarters.

Sub-division (3).—Travelling allowance admissible for journeys and halts within five miles of headquarters.

Conveyance hire.

65. A competent authority may, by general or special order, permit any Government servant or class of Government servants to draw the actual cost of hiring a conveyance on a journey for which no travelling allowance is admissible under these rules.

NOTE.—When conveyance hire is granted under this rule, daily allowances under rule 54 is inadmissible.

Ferry charges, tolls and railway fare.

66. A Government servant travelling on duty within five miles of his headquarters is entitled to recover the actual amounts which he may spend in payment of ferry and other tolls and fares for journeys by railway or other public conveyance.

NOTE.—If an officer while halting at headquarters and drawing allowance under rule 67 makes a journey of five miles or less, returning the same day to headquarters, he may be granted allowances under both this rule and rule 67 subject to the restriction that the total sum received shall not exceed the daily allowance.

Actual expenses of maintaining camp equipage during a halt at headquarters.

67. On the following conditions and any other conditions which it may think fit to impose, a competent authority may, by general or special order, permit any Government servant or class of Government servants to recover the actual cost of maintaining camp equipage during a halt at headquarters or within five miles of headquarters or during the interval between the Government servant's departure from or arrival at headquarters and that of his camp equipage :—

(*a*) The amount drawn, together with any amounts recovered under rule 66, should not exceed the daily allowance of his grade.

(*b*) The period of the halt or interval for which it is granted should not exceed ten days. An absence on duty from the halting place for less than three nights should not be treated as interrupting the halt or interval.

(*c*) The Government servant must certify that he has maintained the whole or part of his camp equipage during the halt or interval and that the expense of maintenance has not been less than

the amount drawn. In the case of a non-gazetted or a menial servant, the head of the office must certify that such maintenance was necessary.

NOTE.—The actual expense of keeping up camp equipage during halts at headquarters is the difference between the actual outlay incurred by an officer in maintaining the equipage during that time and the outlay he would incur if he could discharge it and had nothing to do with it till he wanted it again. Interest on capital outlay, and charges on account of depreciation and repairs as well as the upkeeping of horses, palkies, etc., used only for the conveyance of the officer on his marches, and the cost of maintaining private conveyances of any sort cannot be reckoned in "actual expenses" of keeping up camp equipage.

Sub-section (iv).—Special rules for high officials.

68. With the exception of the officers of his personal staff, the Governor of Bengal controls his own travelling expenses and those of his household. They are paid out of the contract allowance for household charges.

High officials travelling by reserved railway accommodation.

69. When a Government servant for whom special railway accommodation is provided or who is entitled, under these rules, to reserve railway accommodation by requisition, travels in such reserved accommodation on tour :—

(*a*) The entire cost of haulage is borne by Government.

(*b*) Unless it be otherwise expressly provided in this sub-section—

(*i*) the Government servant must pay the usual fares for any persons travelling with him in the reserved accommodation, and, if Government pays full tariff rates for the reserved accommodation, such fares must be credited to Government;

(*ii*) if the Government servant desires additional accommodation for his staff or luggage, he must make arrangements with the railway administration for the provision of such accommodation, the haulage and other charges being met at his expense or, in the case of His Excellency the Governor, from his contract allowance;

(*iii*) unless otherwise specifically provided in these rules, the Government servant is entitled to draw no travelling allowance for the journey unless he be entitled to permanent travelling allowance.

70. A member of the executive council of the Governor, when travelling on tour, may recover the cost of carrying a motor car under the conditions specified in rule 63; provided that the Local Government is satisfied that the car has been employed, for all practical purposes, only as a means of performing, in the public interest, a journey off the line of railway. In cases where the presence of his car with the member has, apart from the advantages to Government of the particular tour or journey, saved him expense in hiring a conveyance or served his personal convenience to an appreciable extent he must pay one-fifth of the cost of carriage.

71. Members of the executive council of the Governor, and the President of the Bengal Legislative Council, when travelling by rail are entitled to a reserved first class carriage, to railway fares actually paid for not more than ten personal servants at lowest class rates, and

to the conveyance of all their personal luggage at the public expense, whether taken in the luggage van of the train to which the reserved carriage is attached or sent by any other trains.

When travelling by road or steamer they are entitled to charge to Government their personal *bonâ fide* travelling expenses appending to their bills a certificate as follows:—

"I certify that I have actually paid the amount of this bill and that it does not include any charges for the freight of any stores or goods, other than my personal luggage, or any charge for refreshments, hotels or staging bungalows."

NOTE 1.—Stores taken for consumption on tour are treated as personal luggage.

NOTE 2.—See also Rule 70.

Members of the Bengal Legislative Council.

72. The following provisions govern the grant of travelling allowance to members of the Legislative Council who are required to leave their official headquarters or usual places of residence for the purpose of attending a meeting of the Council or transacting business connected with their duties as members:—

(1) No member may draw either mileage allowance or daily allowance unless he has to leave his official headquarters or usual place of residence for the purpose of attending meetings of the Council or transacting business connected with his duties as a member of Council.

NOTE.—Mileage allowance to a member will be paid from his usual place of residence, if within the province, or from the headquarters of his constituency, if his usual place of residence is outside the province.

(2) The expression "session" means the whole period of a legislative season, from the time when Council is assembled to the time when it is prorogued.

(3) A member of Council is entitled to allowances under this rule for attending either a meeting of the Council or a meeting of a committee of which he is a member.

(4) Mileage allowance and daily allowance are admissible if a member is summoned to attend—

(*a*) a meeting of the Council or of a committee, during the session, or

(*b*) a meeting of a committee out of session.

(5) If a member attends the first meeting of a session of the Council and stays throughout the session, as defined in clause 2, he may draw the daily allowance for the whole session:

Provided that such member has attended all meetings of the Council during such session, or in the case of absence from any meeting, has explained such absence to the satisfaction of the President.

(6) No member may draw mileage allowance and daily allowance for the same day.

(7) If a member attends a particular meeting of the Council or of a committee, arriving and leaving on the day of the meeting, he may draw mileage allowance, but not daily allowance.

(8) If a member does not arrive or leave on the day of the meeting, he will be considered to arrive on the day before the meeting, and to leave the day after the meeting even if, as a matter of fact, he arrives some days before or leaves some days after. He will, therefore, be entitled to mileage allowance for the day before and the day after the meeting and to daily allowance for the day of the meeting only, and not for any other days during which

he may reside in the place where the Council or committee is sitting before or after the meeting:

Provided that in the case of adjournments, which do not extend to more than a seven days' interval, a mufassal member may elect to stay in the place where the Council or committee is sitting for the intervening period and may, for that period, draw daily allowance instead of mileage allowance to his headquarters and back.

(9) Daily allowance may not be drawn for any day after—

(*a*) the close of the session, or

(*b*) the completion of the business for which a member is summoned out of session.

(10) The allowances admissible under this rule are mileage allowance at the rates admissible to a Government servant of the first grade, and daily allowance of Rs. 10.

73. A member of the Bengal Legislative Council being a Government servant in receipt of permanent travelling allowance, will not be entitled to the allowances specified in rule 72 unless he leaves his sphere of duty to attend the Council or to transact business in connection with his duties as a member. When he so leaves his sphere of duty, he may draw travelling allowance as prescribed in rule 72; provided that such sum as may represent the amount of his permanent travelling allowance for the period of absence, calculated at a proportionate daily rate, shall be deducted from his mileage and daily allowance.

Amount of luggage admissible.

74. Except where otherwise expressly provided in these rules, the amount of luggage which may be transported, free of cost, by a Government servant travelling in reserved accommodation is the amount covered by the number of tickets which a member of the public would have to purchase in order to reserve such accommodation

Section X.—Journey of a newly-appointed Government servant to join his first post.

General rule.

75. Except as otherwise provided in this section, travelling allowance is not admissible to any person for the journey to join his first post in Government service.

Exception.

76. A competent authority may, by general or special order, permit any person, whether appointed to a temporary or a permanent post, to draw travelling allowance for the journey to join his first post in Government service.

NOTE.—The following concessions are admissible for the journey of the families, including children, one wife and one relative of the men of the Military Police belonging to races foreign to Dacca and recruited outside the Province, if quarters are available in the Police lines, subject to the condition that the percentages mentioned in clauses (*b*) and (*c*) below must be reckoned on the number of foreigners only :—

(*b*) **20 per cent.** of the Non-commissioned officers of each Battalion—third class passage by rail, deck passage by steamer, free of charge.

(*c*) **5 per cent.** of the Privates of each Battalion—3rd class passage by rail or deck passage by steamer, free of charge.

(*d*) Return passage to their homes of the families of such men dying in Dacca or other places where the force is stationed at the time.

Concession to persons re-employed in Government service.

77. When a pensioner, or a Government servant who has been thrown out of employment owing to a reduction of establishment or the abolition of his post, is reappointed to Government service, the authority which sanctions his

reappointment may permit him to draw travelling allowance for so much of his journey to join his new post as falls within India.

Concession to persons joining by sea.

78. When a person is appointed to a post in Government service which he cannot join except by sea, a competent authority may grant him a free passage by sea.

82. When mileage allowance is drawn under rules 76, 77 and 80 the rate admissible is that of the grade to which the Government servant will belong after joining his post.

Section XI.—Journeys on transfer.

General conditions of admissibility.

83. Travelling allowance may not be drawn under this section by a Government servant on transfer from one station to another unless he is transferred for the public convenience and is entitled to pay during the period occupied by the journey. A transfer at his own request or in consequence of misconduct should not be treated as a transfer for the public convenience unless the authority sanctioning the transfer, for special reasons which should be recorded, otherwise direct.

General rule.

84. A Government servant may draw mileage allowance for a journey on transfer, including transfer from military to civil employ.

Special concessions to Government servants in superior service.

85. (*a*) Unless in any case it be otherwise expressly provided in these rules or in rules made under other sections of the Act, a Government servant in superior service is entitled, for a journey on transfer, to the following concessions :—

I.—For journeys by rail or steamer.

(*i*) He may draw one extra fare of the class to which his grade entitles him.

(*ii*) He may draw one extra fare for each adult member of his family who accompanies him and for whom full fare is actually paid and one-half fare for each child for whom such fare is actually paid.

(*iii*) He may draw the actual cost of transporting by goods train, steamer or other craft personal effects up to the following maxima :—

Grade of Government servant.	If travelling alone.	If accompanied by family.
	Mds.	Mds.
First ...	40	60
Second ...	20	30
Third ..	12	15

Provided that a competent authority may prescribe lower maxima in the case of any specified class of Government servants.

NOTE 1.—If a Government servant carries his personal effects by passenger, instead of by goods train, he may draw the actual cost of carriage up to a limit of the amount which would have been admissible had he taken the maximum number of maunds by goods train.

NOTE 2.—If a Government servant carries his personal effects by road between stations connected by rail or steamer he may draw actual expenses up to the limit of goods train or steamer freight.

(*iv*) Provided that—

(1) the distance travelled exceeds 80 miles;
(2) the Government servant is travelling to join a post in which the possession of a conveyance or horse is advantageous from the point of view of his efficiency; and
(3) conveyances or horses are actually carried by rail, steamer or other craft;—

he may draw the actual cost of transporting at owner's risk conveyances and horses on the following scale:—

Grade of Government servant.	Scale allowed.
First	Two horses, and a carriage or motor car or motor cycle.
Second	One horse, and a carriage or motor cycle.
Third	One horse or a motor cycle or ordinary cycle.

NOTE.—In the case of a motor car the cost of transporting a chauffeur or cleaner, and for each horse the cost of transporting one syce and one grass-cutter may be drawn.

Exception.—A Government servant who travels by a Government steamer is not entitled, for the journey by steamer, either to mileage allowance under rule 84 or to the concessions allowed by this clause. This rate will be calculated on the average cost of conveying goods by the cheapest method of conveyance.

(*b*) The following explanations are given of terms employed in clause (*a*) of this rule:—

(*i*) The term "personal effects" is not subject to definition, but the controlling officer must satisfy himself that a claim to reimbursement on account of their transportation is reasonable.

(*ii*) The term "motor cycle" includes a side-car.

(*iii*) A member of a Government servant's family who follows him within six months from the date of his transfer or precedes him by not more than one month may be treated as accompanying him. If such member travels to the new station from a place other than the Government servant's old station, the Government servant may draw either the actual fare for the journey made or the fare admissible for the journey from the old to the new station, whichever is less.

(*b*) The charge for haulage of the reserved accommodation will be paid by Government.

87. The Government servants specified in rule 61 may draw travelling allowance under that rule for journeys on transfer within the limits of the railway to which they are attached, and are entitled, in addition, to a free pass or fares for their families; provided that they must not draw daily allowance for halts in the course of the journey unless such halts are made in connection with their duty.

149. When a commissioned Indian military officer of the regular forces, the military police or the militia, whether on the active or the retired list, is invited to attend a darbar or levée at a place other than that at which he is stationed or has his residence, a competent authority may grant him travelling allowance for the journey subject to the following limits:—

(*a*) For the journey from his station or place of residence to the place at which the darbar or levée is held and thence back to his starting point, single railway and steamer fares actually paid, and actual travelling expenses for journeys by road subject to the maximum admissible to a Government servant of the first grade.

(*b*) For halts at the place at which the darbar or levée is held, a daily allowance of Rs. 3.

Section XXIV.—Other persons.

Honorary Magistrates.

150. An honorary magistrate, not being a Government servant, may, when employed on Government work under the orders of a district magistrate or subdivisional officer at a distance exceeding five miles from his headquarters, or when the bench which he attends is situated at a similar distance from his residence, draw for journeys by railway double second class fare and for journeys by road annas four for each mile travelled. During halts when similarly employed, he may draw daily allowance of Rs. 3 subject to the conditions applicable to halts of Government servants on tour.

Persons attending commissions of enquiry, etc.

151. (*a*) When any person, not being a Government servant, is required to attend any meeting of a commission of inquiry or of a board, conference, committee or departmental inquiry convened under proper authority, or is required to perform any public duties in an honorary capacity, a competent authority may grant him travelling allowance for the journey calculated under the ordinary rules for the journey of a Government servant on tour, and for this purpose may declare, by general or special order, the grade to which such person shall be considered to belong.

(*b*) In a case of the kind contemplated by clause (*a*) of this rule, a competent authority may, in its discretion, grant to the person concerned his actual travelling, hotel and carriage expenses instead of travelling allowance under that clause.

(*c*) A competent authority may delegate the power conferred upon it by clause (*a*) of this rule to the Government servant presiding over the meeting of the commission or other body which the person concerned is required to attend.

CHAPTER VI.—Controlling Officers.

Section XXV.—Signature on travelling allowance bills.

Controlling officer to be declared by competent authority

152. A competent authority shall declare what authority shall be the controlling officer, for travelling allowance purposes, of each Government servant or class of Government servants. It may, if it think fit, declare that any particular Government servant shall be his own controlling officer.

Signature of controlling officer necessary on a travelling allowance bill.

153. Except as provided in rule 154, no bill for travelling allowance, other than permanent travelling allowance, shall be paid unless it be signed or countersigned by the controlling officer of the Government servant who presents it.

Exceptions.

154. The following classes of Government servants may present bills for travelling allowance without the countersignature of the controlling officer :—

(*a*) Chaplains ; provided that the bill is accompanied by the order authorising the journey, of—

(*i*) the Bishop or Commissary of the diocese, in the case of a chaplain of the Church of England, or

(*ii*) the Presidency Senior Chaplain, in the case of a chaplain of the Church of Scotland.

(*b*) Non-gazetted Government servants; provided that detailed and countersigned bills are subsequently submitted to the audit officer for adjustment.

Delegation of duty of countersignature.

155. Except where expressly permitted by a competent authority, a controlling officer may not delegate to a subordinate his duty of countersignature.

Section XXVI.—Duties and powers.

156. It is the duty of a controlling officer, before signing or countersigning a travelling allowance bill :—

(*a*) to scrutinise the necessity, frequency and duration of journeys and halts for which travelling allowance is claimed, and to disallow the whole or any part of the travelling allowance claimed for any journey or halt if he considers that a journey was unnecessary or unduly protracted or that a halt was of excessive duration ;

(*b*) to scrutinise carefully the distances entered in travelling allowance bills ;

(*c*) to satisfy himself that, where the actual cost of transporting servants, personal effects, etc., is claimed under these rules, the scale on which such servants, effects, etc., were transported was reasonable ; and to disallow any claim which, in his opinion, does not fulfil that condition ;

(*d*) to check any tendency to abuse the option of exchanging daily allowance for mileage allowance ; and

(*e*) to observe any subsidiary rules which a competent authority may make for his guidance.

No. 19428 F., dated the 23rd December 1921.—In exercise of the powers conferred by rules 44 and 93 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules governing the drawing of compensatory allowances by officers under the administrative control of the local Government :—

1. Subject, in respect of house-rent allowance, to the provisions of rules 3 and 4, a compensatory allowance attached to a post will be drawn in full by the Government servant performing the duties of that post.

2. A compensatory allowance other than a house-rent allowance may be drawn up to a maximum period of four months by a Government servant who takes leave on average pay from the post to which the allowance is attached or is transferred therefrom for not more than four months to another post, as well as by the Government servant performing the duties of the post to which the allowance is attached ; provided that

(1) the authority sanctioning the leave or transfer, as the case may be, certifies that the Government servant is likely to return, on the expiry of his leave or his temporary duty, to the post to which the allowance is attached or to another post carrying a similar allowance ; and

(2) the Government servant certifies that he continues to incur the whole or a considerable part of the expense to meet which the allowance was granted.

3. A house-rent allowance may be drawn by a Government servant on leave or transfer in the circumstances specified in rule 2; provided that he certifies that his previous rate of expenditure for a house continues during his absence and that he places his house, free of rent, at the disposal of the Government servant, if any, who officiates in his post. The officiating Government servant cannot in such case draw the house-rent allowance attached to the post. If, however, the officiating Government servant, for a reason which the local Government considers to be sufficient, refuses the accommodation placed at his disposal, he, and not the absent Government servant, will draw the allowance.

This rule does not apply to any Government servant admitted to the benefits of the Calcutta House Allowance scheme, in so far as it is inconsistent with the rules governing that scheme.

No. 19429 F., dated 23rd December 1921.—In exercise of powers conferred by rule 45(*d*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rule prescribing the principles on which rent shall be assessed in the case of Government servants, who, owing to the nature of their duties, occupy Government residences for a part only of the year :—

1. When, owing to the nature of his duties, a Government servant occupies a Government residence for a part only of the year, he shall pay rent for the period of his occupation. The amount of rent payable shall be the amount that would be payable by the same Government servant under clause (*b*) or (*c*) of fundamental rule 45 as the rent of that residence, for the period of occupation.

No. 19430 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 47 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules dealing with the grant of honoraria to, and the acceptance of honoraria and fees by, Government servants under the administrative control of the local Government:—

1. Subject to the conditions prescribed in rules 2 to 6, a competent authority may sanction the grant of an honorarium from general revenues to a Government servant under its administrative control or the acceptance by such a Government servant of an honorarium or a fee from a source other than general revenues. No Government servant may accept an honorarium or fee without such sanction.

2. The amount of an honorarium or fee must be fixed with due regard of the value of the service in return for which it is given.

3. When the service rendered falls within the scope of the ordinary duties of the Government servant performing it, the test of exceptional merit prescribed in fundamental rule 46 must be very strictly applied.

4. Sanction must not be given to the acceptance of an honorarium or fee from a source other than general revenues unless the work for which it is offered has been undertaken with the knowledge and sanction of a competent authority, who must certify that its performance will involve no detriment to the official duties of the Government servant performing it.

5. When an honorarium or fee is paid from a source other than general revenues for work done by a Government servant during time which would otherwise be spent in the performance of official duties, the honorarium or fee must be credited to general revenues; provided that a competent authority may, for special reasons which should be recorded, direct that the whole or any part of it may be paid to the Government servant.

6. When a Government servant of an educational service is permitted to receive fees for private tuition, the financial limits of the powers of sanction accorded to a competent authority shall be considered to apply to the total amount of fees to be accepted by such Government servant during any particular scholastic term or vacation.

7. No Government servant may act as an arbitrator in any case which is likely to come before him in any shape by virtue of any judicial or executive post which he may be holding.

8. A Government servant called upon by a court of law to act as a commission to give evidence on technical matters may comply with the request; provided that the case is not of such a nature as will be likely to come before him in the course of his official duties, and may accept such fees as are fixed by the court.

No. 19431 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 66 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules specifying the authorities by whom leave other than special disability leave may be granted to officers under the administrative control of the local Government:—

1. Any leave, other than special disability leave, admissible under the fundamental rules may be granted to a non-gazetted Government servant by the authority whose duty it would be to fill up his post if it were vacant.

2. No leave may be granted to a gazetted Government servant until a report as to the admissibility of the leave has been obtained from the audit officer.

3. On the receipt of such a report, any leave, other than special disability leave, admissible under the fundamental rules, may be granted to a gazetted Government servant by a competent authority.

No. 19432 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 68 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules dealing with the combination of holidays with leave and joining time by officers under the administrative control of the local Government :—

1. When the day immediately preceding the day on which a Government servant's leave begins or immediately following the day on which his leave or joining time expires is a holiday or one of a series of holidays, the Government servant may leave his station at the close of the day before, or return to it on the day following, such holiday or series of holidays; provided that—

(*a*) his transfer or assumption of charge does not involve the handing or taking over of securities or of monies other than a permanent advance ;

(*b*) his early departure does not entail a correspondingly early transfer from another station of a Government servant to perform his duties, and

(*c*) the delay in his return does not involve a corresponding delay in the transfer to another station of the Government servant who was performing his duties during his absence, or in the discharge from Government service of a person temporarily appointed to it.

2. On condition that the departing Government servant remains responsible for the monies in his charge, a competent authority may declare that proviso (*a*) under rule 1 is not applicable to any particular case.

3. Unless the competent authority in any case otherwise direct—

(*a*) If holidays are prefixed to leave, the leave and any consequent rearrangement of pay and allowances take effect from the first day after the holidays, and

(*b*) if holidays are affixed to leave or joining time, the leave or joining time is treated as having terminated on, and any consequent rearrangement of pay and allowances takes effect from, the day on which the leave or joining time would have ended if holidays had not been affixed.

No. 19433 F., dated the 23rd December 1921.—The Governor General in Council has made the following rules under rule 71 of the Fundamental Rules and they are in force in Bengal :—

1. The Government servant who has taken leave in Asia on medical certificate may not return to duty until he has produced a medical certificate of fitness in the following form :—

"I, A. B., ——do hereby certify that I have examined C. D. of the —— Department and that I consider him fit to resume his duties in Government service.

2. If the Government servant on leave is a gazetted officer, such certificate should be signed by a commissioned medical officer or a medical officer in charge of a civil station. If the Government servant on leave is not a gazetted officer, the competent authority may, in its discretion, accept a certificate signed by any registered medical practitioner.

No. 19434 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 74 (*a*) (*i*) and (*ii*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules prescribing the procedure to be followed in Bengal in connection with leave :—

Section I.—Leave-Accounts.

1. The leave-account required by fundamental rule 76 shall be maintained in such form as the Auditor-General may prescribe.

2. (*a*) The leave-account of a gazetted Government servant shall be maintained by, or under the direction of, the principal auditor responsible for the audit of his pay.

(*b*) The leave-account of a non-gazetted Government servant shall be maintained by the head of the office in which he is employed.

Section II.—Application for leave.

3. Except as provided in rule 4, an application for leave or for an extension of leave shall be made to the authority competent to grant such leave or extension.

4. An application for leave by a chaplain must be forwarded, through the proper channel, to the Bishop of the Diocese, whether such Bishop is or is not competent to grant the desired leave.

5. A Government servant transferred to foreign service must, before taking up his duties in foreign service, make himself acquainted with the rules or arrangements which will regulate his leave during such service.

Section III.—Medical certificates.

General rules.

6. Medical officers must not recommend the grant of leave in any case in which there appears to be no reasonable prospect that the Government servant concerned will ever be fit to resume his duties. In such cases, the opinion that the Government servant is permanently unfit for Government service should be recorded in the medical certificate.

7. Every certificate of a medical committee or a medical officer recommending the grant of leave to a Government servant must contain a proviso that no recommendation contained in it shall be evidence of a claim to any leave not admissible to the Government servant under the terms of his contract or of the rules to which he is subject.

Procedure in the case of gazetted Government servants.

8. Before a gazetted Government servant can be granted leave, or an extension of leave, on medical certificate, he must obtain a certificate in the following form or as nearly in that form as the circumstances permit :—

"I, A. B., Surgeon at (*or* of).....do hereby certify that C. D. of the.....service (*or* Department), is in a bad state of health, and I solemnly and sincerely declare

that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to..... ....."

This certificate should be accompanied by a statement of the Government servant's case in such form as the local Government may prescribe.

9. Having secured such a certificate, the Government servant must, except in cases covered by rule 12, obtain the permission of the head of his office or, if he himself is the head of an office, of the head of his department to appear before a medical committee. He should then present himself with two copies of the statement of his case before such a committee. The committee will be assembled under the orders of the administrative medical officer of the province who will, where practicable, preside over it. The committee will be assembled either at the headquarters of the province or at such other place as the local Government may appoint.

10. Before the required leave or extension of leave can be granted, the Government servant must obtain from the committee a certificate to the following effect:—

"We do hereby certify that, according to the best of our professional judgment, after careful personal examination of the case, we consider the health of C. D. to be such as to render leave of absence for a period of..... months absolutely necessary for his recovery."

11. Before deciding whether to grant or refuse the certificate, the committee may, in a doubtful case, detain the applicant under professional observation for a period not exceeding fourteen days. In that case it should grant to him a certificate to the following effect:—

"C. D. having applied to us for a medical certificate recommending the grant to him of leave, we consider it expedient, before granting or refusing such a certificate, to detain C. D. under professional observation for..... days."

12. If the state of the applicant's health is certified by a commissioned medical officer of Government or by a medical officer in charge of a civil station to be such as to make it inconvenient for him to present himself at any place in which a committee can be assembled, the authority competent to grant the leave may accept, in lieu of the certificate prescribed in rule 10, either:—

(*a*) a certificate signed by any two medical officers, being commissioned medical officers or medical officers in charge of civil stations, in whatsoever province they may be serving; or

(*b*) if the authority considers it unnecessary to require the production of two medical opinions, a certificate signed by an officer in medical charge of a civil station and countersigned by the Collector of the District or the Commissioner of the Division.

13. The grant of a certificate under rule 10 or 12 does not in itself confer upon the Government servant concerned any right to leave. The certificate should be forwarded to the authority competent to grant the leave and the orders of that authority should be awaited.

Procedure in the case of non-gazetted Government servants in superior service.

14. An application by a non-gazetted Government servant in superior service for leave, or for an extension of leave, on medical certificate, must be accompanied by a certificate from the applicant's medical attendant. Such certificate should distinctly state the nature of the illness, its symptoms, probable causes and duration, and the period

of absence from duty considered to be absolutely necessary for the restoration of the applicant's health. It should be countersigned by a Presidency Surgeon, if the applicant is in a Presidency town; otherwise, by the officer in chief medical charge of the district in which the applicant resides. The authority competent to grant the leave may, however, in its discretion accept a certificate from the applicant's medical attendant without such countersignature; or, if the applicant be a female, may either dispense with countersignature or accept the countersignature of any female medical practitioner.

15. No certificate should be submitted for countersignature without the cognisance of the head of the office in which the applicant is serving.

16. The countersigning officer may, in his discretion, require the applicant to appear before him, unless it appears from the certificate of his medical attendant that he is too ill to bear the journey. In the latter case, the officer may, after careful investigation of the case, either countersign the certificate or refuse to do so, as he thinks fit.

Procedure in the case of non-gazetted Government servants in inferior service.

17. In support of an application for leave, or for an extension of leave on medical certificate, from a non-gazetted Government servant in inferior service, the authority competent to grant the leave may accept such certificate as it may deem sufficient.

Section IV.—Grant of Leave.

18. In cases where all applications for leave cannot, in the interests of the public service, be granted, an authority competent to grant leave should, in deciding which application should be granted, take into account the following considerations :—

(*a*) The Government servants who can, for the time being, best be spared.

(*b*) The amount of leave due to the various applicants.

(*c*) The amount and character of the service rendered by each applicant since he last returned from leave.

(*d*) The fact that any such applicant was compulsorily recalled from his last leave.

(*e*) The fact that any such applicant has been refused leave in the public interests.

NOTE.—Grant of leave on private affairs to the men of the Military Police is subject to the condition that the number absent on leave on half average salary, whether on medical certificate or not, does not exceed 5 per cent. of the Battalion from 15th October to 15th April, and 10 per cent. from 16th April to 14th October.

19. When a medical committee in India has reported that there is no reasonable prospect that a particular Government servant will ever be fit to return to duty, leave should not necessarily be refused to such Government servant. It may be granted, if due, by a competent authority on the following conditions :—

(*a*) if the medical committee is unable to say with certainty that the Government servant will never be fit for service in India again, leave not exceeding twelve months in all may be granted. Such leave should not be extended without a further reference to a medical committee.

(*b*) If the medical committee declares the Government servant to be completely and permanently incapacitated for further service in India, the Government servant should, except as provided in

clause (*c*) below, be invalided from the service, either on the expiration of the leave already granted to him, if he is on leave when examined by the committee, or, if he is not on leave, from the date of the committee's report.

(*c*) A Government servant declared by a committee to be completely and permanently incapacitated may, in special cases, be granted leave, or an extension of leave, not exceeding six months as debited against the leave-account, if such leave be due to him. Special circumstances justifying such treatment may be held to exist when the Government servant's breakdown in health has been caused in and by Government service, or when the Government servant has taken a comparatively small amount of leave during his service or will complete at an early date an additional year's service for pension.

20. Leave should not be granted to a Government servant who ought at once to be dismissed or removed from Government service for misconduct or general incapacity.

21. If, in a case not covered by rule 20, an authority competent to remove a Government servant from service decides, before such Government servant departs from India on leave, that he will not be permitted to return to duty in India, it must inform him to that effect before he leaves India.

22. If, when a Government servant is about to depart from India on leave, it is necessary to consider the propriety of removing him for incapacity, whether mental or physical, which is of such a nature that it is impossible to decide, before he leaves India, whether it will be permanent or temporary; or if for any reason it is considered inexpedient that a Government servant on leave should return to India, a full report of the circumstances must be made by the local Government to the India Office in time to enable the Secretary of State in Council to take any necessary measures before the Government servant would in the ordinary course be permitted to return to duty. The report should in any case reach the India Office at latest three months before the end of the Government servant's leave.

23. When leave on medical certificate has been granted to a Government servant or, in the case of a military officer in civil employ, when the grant of such leave has appeared in orders, if such Government servant or military officer proposes to spend his leave in Europe, North Africa, America or the West Indies, the local Government must without delay forward a copy of the medical statement of the case to the High Commissioner for India.

Section V.—Departure on leave.

24. Every Government servant proceeding on leave out of India should procure from the audit officer and take with him a copy of the memorandum of information issued for the guidance of Government servants proceeding on leave out of India. If the leave has been granted on a medical certificate, he must take a copy of the medical statement of his case also.

25. A Government servant taking leave out of India must report his embarkation, through the audit officer, to the authority which granted his leave in such form as the Auditor-General may prescribe.

Section VI.—Return from leave.

26. A gazetted Government servant, on return from leave, must report his return to the Government under which he is serving. A chaplain must report his return to the Bishop of his diocese also.

27. A Government servant returning from leave is not entitled, in the absence of specific orders to that effect, to resume as a matter of course the post which he held before going on leave. He must report his return to duty and await orders.

Section VII.—Commencement of leave.

28. Unless specially otherwise ordered, leave must begin within 35 days of the date on which it is granted.

No. 19435 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 74 (*a*) (*iv*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules prescribing the procedure to be followed in the maintenance of records of service of Government servants serving directly under the administrative control of the local Government :—

Gazetted Government servants.

1. A record of the services of a gazetted Government servant will be kept by such audit officer and in such form as the Auditor-General may prescribe.

Non-gazetted Government servants.

Service book.

2. A service book in such form as the Auditor-General may prescribe must be maintained for every non-gazetted Government servant holding a substantive post on a permanent establishment, with the following exceptions :—

(*a*) Policemen of rank not higher than that of head constable.

(*b*) Inferior servants of all sorts.

3. In all cases in which a service book is necessary under rule 2, such a book must be supplied for a Government servant, at his own cost, on his first appointment to Government service. It must be kept in the custody of the head of the office in which he is serving and transferred with him from office to office. It may be given up to the Government servant if he resigns or is discharged from the service without fault, an entry to this effect being first made in the service book.

4. Every step in a Government servant's official life must be recorded in his service book, and each entry must be attested by the head of his office or, if he himself is the head of an office, by his immediate superior. The head of the office must see that all entries are duly made and attested, and that the book contains no erasure or overwriting, all corrections being neatly made and properly attested.

5. Every period of suspension from employment and every other interruption of service must be noted, with full details of its duration, in an entry made across the page of the service book and must be attested by the attesting officer. It is the duty of the attesting officer to see that such entries are promptly made.

6. Personal certificates of character must not, unless the head of the department so directs, be entered in a service book, but if a Government servant is reduced to a lower substantive post, the reason of the reduction must be briefly shown.

7. It is the duty of every Government servant to see that his service book is properly maintained as prescribed in rule 4, in order that there may be no difficulty in verifying his service for pension. The head of the office should therefore permit a Government servant to examine his service book should he at any time desire to do so

8. If a Government servant is transferred to foreign service, the head of his office or department must send his service book to such audit officer as the Auditor-General may prescribe. The audit officer will return it after noting in it, over his signature, the order sanctioning the transfer, the effect of the transfer in regard to leave admissible during foreign service and any other particulars which he may consider to be necessary. On the Government servant's re-transfer to Government service, his service book must again be sent to the audit officer, who will then note in it, over his signature, all necessary particulars connected with the foreign service. No entry relating to the time spent in foreign service may be attested by any authority other than the audit officer.

Service-rolls.

9. In the case of policemen of rank not higher than that of head constable, there must be maintained for each district by the Superintendent of Police a service roll in English, in which the following particulars should be recorded for each man holding substantively a permanent post in the constabulary :—

(*a*) The date of his enrolment.

(*b*) His caste, tribe, village, age, height and marks of identification when enrolled.

(*c*) The rank which he from time to time holds ; his promotions and his reductions or other punishments.

(*d*) His absences from duty, with or without leave.

(*e*) Interruptions in his service.

(*f*) Every other incident in his service which may involve forfeiture of a portion of it or may affect the amount of his pension.

The roll must be checked by the vernacular roll and order book and the punishment register and every entry in it must be signed by the Superintendent of Police.

10. A service roll as described in rule 9 must be maintained for every other class of non-gazetted Government servants holding substantive appointments on a permanent establishment for whom no service book is necessary.

No. 19436 F., dated 23rd December 1921.—In exercise of the powers conferred by rule 82(*a*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules specifying the departments or parts of departments, which should be treated as vacation departments, and the conditions in which a Government servant should be considered to have availed himself of a vacation :—

1. The following should be treated as vacation departments :—

Judicial officers, including the officers of the High Court.

NOTE.—District and Sessions Judges are not treated as belonging to a vacation department.

2. A Government servant should be considered to have availed himself of a vacation, if he has been absent from his station except on duty for more than 15 days of the vacation.

No. 19437 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 101 (*a*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the grant of maternity leave to female Government servants under the administrative control of the local Government:—

1. A competent authority may grant to a female Government servant maternity leave on full pay for a period which may extend up to the end of three months from the date of its commencement or to the end of six weeks from the date of confinement, whichever be earlier.

2. Leave of any other kind may be granted in continuation of maternity leave if the request for its grant be supported by a medical certificate.

No. 19438 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 101(*b*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the grant of leave on account of ill health to members of specified subordinate services, under the administrative control of the local Government, whose duties expose them to special risk of accident or illness:—

1. A competent authority may grant hospital leave to Government servants of the following classes while under medical treatment for illness or injury, if such illness or injury is directly due to risks incurred in the course of their official duties:

(*a*) Police officers of rank not higher than that of head-constable, and men of the Military Police.

(*b*) Forest subordinates, other than clerks, in receipt of pay not exceeding Rs. 40.

(*c*) Head warders or warders, male or female, of jails and matrons of the Jail Department.

(*d*) Government servants employed in Government Presses, whether on fixed pay or on piece rates.

(*e*) Subordinates employed in Government laboratories.

(*f*) Subordinates employed on the working of Government machinery.

(*g*) Peons and guards in permanent employ.

2. Hospital leave may be granted on leave-salary equal to either average or half average pay, as the authority granting it may consider necessary.

3. The amount of hospital leave which may be granted to a Government servant is limited to three months on average pay in any period of three years. Hospital leave on half average pay counts, for the purpose of this limit, as half the amount of leave on average pay.

4. Hospital leave is not debited against the leave account and may be combined with any other leave which may be admissible: provided that the total period of leave, after such combination, shall not exceed twenty-eight months.

No. 19439 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 102 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the grant of leave on account of ill-health to officers and seamen of vessels under the administrative control of the local Government:—

1. A Government servant serving as an officer, warrant officer or petty officer on a Government vessel may, while undergoing medical treatment for sickness or injury, either on his vessel or in hospital, be granted by the Commander of the vessel leave on leave-salary equal to full pay for a period not exceeding six weeks; provided that such leave shall not be granted if a responsible medical officer certifies that the Government servant is malingering or that his ill-health is due to drunkenness or similar self-indulgence or to his own action in wilfully causing or aggravating disease or injury.

2. A seaman disabled in the exercise of his duty may be allowed leave on leave-salary equal to full pay for a maximum period not exceeding three months, if the following conditions are fulfilled:—

(*a*) A Government medical officer must certify the disability.

(*b*) The disability must not be due to the seaman's own carelessness or inexperience.

(*c*) The vacancy caused by his absence must not be filled.

No. 19440 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 103(*a*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the leave earned by temporary and officiating service by officers under the administrative control of the local Government:—

1. Leave may be granted to any Government servant without a lien on a permanent post while officiating in a post or holding a temporary post, provided that the grant of the leave involves no expense to Government. On this condition such a Government servant may be granted—

(*a*) leave on leave-salary equivalent to full pay up to one-eleventh of the period spent on duty, subject to a maximum of four months at a time, or

(*b*) on medical certificate, leave on leave-salary equivalent to half pay for three months at any one time, or

(*c*) extraordinary leave for three months at any one time.

2. If such a Government servant is, without interruption of duty, appointed substantively to a permanent post, his leave account will be credited with the amount of leave which he would have earned by his previous duty if he had performed it while holding a permanent post substantively, and debited with the amount of leave actually taken under rule 1. Leave taken under rule 1 is not an interruption of duty for the purpose of this rule.

No. 19441F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 103(*b*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the amount of leave which may be earned by non-continuous service by officers under the administrative control of the local Government:—

1. A Government servant on an establishment whose duties are not continuous, but are limited to certain

periods in each year, may be granted the following leave, if he was on actual duty on the date the establishment was discharged after completion of its work, and was on actual duty on the first day on which the establishment was again re-employed :—

(*a*) Leave on medical certificate for one month at any one time during the period the establishment is employed for any one term.

(*b*) Extraordinary leave for one month at any one time during the period the establishment is employed for any one term.

2. A competent authority may make exceptions, in case a Government servant remains absent from duty on the date of discharge or date of re-employment of the establishment owing to sickness, provided that the total period of leave on medical certificate under clause (*a*) in rule 1 does not exceed two months in one term.

No. 19442 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 103(*c*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the leave admissible to part time law officers under the administrative control of the local Governmen :—

1. A law officer holding one of the posts mentioned in fundamental rule 99, if his pay is fixed at a definite rate but his whole time is not retained for the service of Government, may be granted leave as follows :—

(*a*) Leave on full pay during the vacation of the High Court; provided that no extra expense is thereby caused to Government. Such leave will be counted as duty.

(*b*) Leave on half pay for not more than six months once only in his service after six years of duty.

(*c*) On medical certificate, leave on half pay up to a maximum of 20 months at any one time; provided that three years of duty must intervene between any two periods of leave on medical certificate.

(*d*) On the conditions prescribed in fundamental rule 85, extraordinary leave.

2. Leave under any one of the clauses of rule 1 may be combined with leave under any other clause.

No. 19443 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 103(*c*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the leave admissible to officers remunerated by fees or daily wages under the administrative control of the local Government:—

1. A Government servant remunerated by fees may be granted leave on the terms laid down in supplementary rules framed under fundamental rule 103 (*c*) for part-time law officers, provided that he makes satisfactory arrangements for the performance of his duties, that no extra expense is caused to Government, and that, during leave of the kind contemplated by clause (*b*) of rule 1 of the said rules, the whole of the fees are paid to the person who officiates in his post.

2. A labourer employed on daily wages in a workshop, when temporarily absent from work owing to injuries received while on duty, may be granted by a competent authority leave on full wages up to a maximum of six

months. A competent authority may, in similar circumstances, sanction the grant of leave-salary not exceeding Rs. 50, or one month's wages, or the wages which the absentee would have earned during the period of leave if he had been present on duty, whichever of these is least.

No. 19444 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 104 (*b*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the grant of leave to probationers and apprentices under the administrative control of the local Government:—

1. In these rules—

(*a*) *Probationer* means a Government servant employed on probation in or against a substantive vacancy in the cadre of a department.

(*b*) *Apprentice* means a person deputed for training in a trade or business with a view to employment in Government service, who draws pay at monthly rates from Government during such training but is not employed in or against a substantive vacancy in the cadre of a department.

2. Leave may be granted to a probationer if it is admissible under the leave rules which would be applicable to him if he held his post substantively otherwise than on probation.

3. Leave of the following kinds may be granted to an apprentice:—

(*a*) On medical certificate, leave on leave-salary equivalent to half pay for a period not exceeding one month in any year of apprenticeship.

(*b*) Extraordinary leave under fundamental rule 85.

No. 19445 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 106 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the joining time admissible to officers under the administrative control of the local Government:—

Joining time.

1. Not more than one day is allowed to a Government servant in order to join a new post when the appointment to such post does not necessarily involve a change of residence from one station to another. A holiday counts as a day for the purpose of this rule.

2. In cases involving a necessary change of station, the joining time allowed to a Government servant is subject to a maximum of 30 days. Six days are allowed for preparation and, in addition, a period to cover the actual journey calculated as follows:—

(*a*) A Government servant is allowed—

For that portion of the journey which he travels or might travel.			*One day for each.*
By railway	...	250 miles.	
By ocean steamer	...	200 „	or any longer time actually occupied in the journey.
By river steamer	...	80 „	
By motor-car or horse-drawn conveyance plying for public hire	...	80 „	
In any other way	...	15 „	

(*b*) For any fractional portion of any distance prescribed in clause (*a*), an extra day is allowed.

(*c*) When part of the journey is by steamer, the limit of six days for preparation may be extended to cover any period unavoidably spent in awaiting the departure of the steamer.

(*d*) Travel by road not exceeding five miles to or from a railway station at the beginning or end of a journey does not count for joining time.

(*e*) A Government servant whose pay does not exceed Rs. 100 is not ordinarily expected to travel by motor-car or horse-drawn conveyance plying for public hire, and his joining time is calculated accordingly.

(*f*) A Sunday does not count as a day for the purpose of the calculations in this rule, but Sundays are included in the maximum period of 30 days.

3. When a Government servant, returning from leave out of India exceeding four months, takes joining time before joining his post, his joining time shall be calculated as prescribed in rule 2; provided that it shall, if he so desire, be subject to a minimum of ten days.

4. By whatever route a Government servant actually travels, his joining time shall, unless a competent authority for special reasons otherwise order, be calculated by the route which travellers ordinarily use.

5. If a Government servant is authorized to make over charge of a post elsewhere than at its headquarters, his joining time shall be calculated from the place at which he makes over charge.

6. If a Government servant is appointed to a new post while in transit from one post to another, his joining time begins on the day following that on which he receives the order of appointment.

7. If a Government servant takes leave while in transit from one post to another, the period which has elapsed since he handed over charge of his old post must be included in his leave, unless the leave is taken on medical certificate. In the latter case, the period may be treated as joining time.

8. If a Government servant is appointed to a new post while on leave of less than four months' duration, his joining time will be calculated from his old station or from the place in which he received the order of appointment, whichever calculation will entitle him to the less joining time.

9. A competent authority may in any case extend the joining time admissible under these rules, provided that the general spirit of the rules is observed.

10. Within the prescribed maximum of 30 days, a competent authority may, on such conditions as it thinks fit, grant to a Government servant a longer period of joining time than is admissible under the rules in the following circumstances:—

(*a*) when the Government servant has been unable to use the ordinary mode of travelling or, notwithstanding due diligence on his part, has spent more time on the journey than is allowed by the rules; or

(*b*) when such extension is considered necessary for the public convenience or for the saving of such public expenditure as is caused by unnecessary or purely formal transfers; or

(*c*) when the rules have in any particular case operated harshly; as, for example, when a Government servant has through no fault on his part missed a steamer or fallen sick on the journey.

No. 19446 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 106 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rule specifying the places and stations to which Fundamental Rule 105 (*d*) applies :—

The following places and stations are declared to be not easy of access :—

(1) Sikkim, Tibet, Bhutan.

(2) Chittagong Hill Tracts.

No. 19447 F., dated the 23rd December 1921.—Orders issued by the Governor-General in Council under Fundamental Rule 114.

The Governor-General in Council is pleased to issue, under fundamental rule 114, the following orders regulating the amount of remuneration which may be sanctioned by a local Government for a Government servant transferred to foreign service in an Indian State :—

1. When the transfer of a Government servant to foreign service in an Indian State is sanctioned, the pay which he shall receive in such service must be precisely specified in the order sanctioning the transfer. If it is intended that he shall receive any remuneration, or enjoy any concession of pecuniary value, in addition to his pay proper, the exact nature of such remuneration or concession must be similarly specified. No Government servant will be permitted to receive any remuneration or enjoy any concession which is not so specified : and, if the order is silent as to any particular remuneration or concession, it must be assumed that the intention is that it shall not be enjoyed.

2. No order of transfer to foreign service shall be issued by a local Government without previous consultation with its Finance Department. It shall be open to that Department to prescribe, by general or special order, cases in which its consent may be presumed to have been given.

3. The following two general principles must be observed by local Governments in sanctioning the conditions of transfer :—

(*a*) The terms granted to the Government servant must not be such as to impose an unnecessarily heavy burden on the Indian State which employs him.

(*b*) The terms granted must not be so greatly in excess of the remuneration which the Government servant would receive in Government service as to render foreign service appreciably more attractive than Government service.

4. Provided that the two principles laid down in paragraph 3 above are observed, a local Government may sanction the grant of the following concessions by the foreign employer. Such concessions must not be sanctioned as a matter of course, but in those cases only in which their grant is in accordance with local custom and the wishes of the Darbar and is, in the opinion of the local Government, justified by the circumstances. The value of the concessions must be taken into account in determining an appropriate rate of pay for the Government servant in foreign service :—

(*a*) The payment of contributions towards leave-salary and pension under the ordinary rules regulating such contributions.

(*b*) The grant of travelling allowance under the ordinary travelling allowance rules of the local Government or under the local rules of the Darbar, and of permanent travelling allowance, conveyance allowance and horse allowance.

(*c*) The use of State tents, boats and transport on tour, provided that this is accompanied by a corresponding reduction in the amount of travelling allowance admissible.

(*d*) The grant of free residential accommodation, which may be furnished, in cases in which the local Government considers this to be desirable, on such scale as may seem proper to the local Government.

(*e*) The use of State motors, carriages and animals.

5. The grant of any concession not specified in paragraph 4 above requires the sanction of the Governor-General in Council.

No. 19448 F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 119(*b*) read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules prescribing the rate of interest if any, to be levied on foreign service contributions in the case of officers under the administrative control of the local Government:—

1. If a contribution for leave-salary or pension which is due from a Government servant in foreign service is not paid within fifteen days from the end of the period to which it relates, the Government servant concerned must pay to Government interest on the unpaid contribution, at the rate of four pies a day per 100 rupees upon the amount due, from the date of expiry of the period of fifteen days up to the date on which the contribution is finally paid.

Charge of office.

1. Unless for special recorded reasons of a public nature a competent authority, under whose orders the transfer takes place, permits or requires it to be made in any particular case elsewhere, or otherwise, the charge of an office must be made over at its headquarters, both the relieving and the relieved officers being present.

NOTE.—The condition regarding the presence of both the relieving and the relieved officers is not enforced, when a District and Sessions Judge is permitted to combine vacation with leave under fundamental rule 82 (*d*), or a Government servant is permitted to prefix and affix holidays to his leave.

2. The headquarters of a Government servant shall be in such place as a competent authority may prescribe.

NOTE 1.—As a general rule, and subject to any special orders to the contrary in any particular case, the headquarters of an officer on the staff of Government as, for instance, a Secretary to Government or a clerk in the Government Secretariat, are the headquarters for the time being of the Government.

NOTE 2.—The headquarters of any other officer are, in the absence of any orders to the contrary, the station where the records of his office are kept.

Age of admission into superior pensionable Government service.

1. A person whose age exceeds twenty-five years may not ordinarily be admitted into the service of Government in superior pensionable service. A competent authority may, however, relax this rule in special cases.

NOTE.—The ordinary age limit is extended to thirty years in the case of a person appointed to a Judicial Office.

No. 19449 F., dated the 23rd December 1921.—The Governor in Council is pleased to declare that the orders contained in the notes to the articles of the Civil Service Regulations, and in the Bengal Companion to the Civil Service Regulations, and also, so far as they relate to Bengal, the appendices to the Civil Service Regulations, which are not inconsistent with the Fundamental Rules, or with any rules made thereunder, are confirmed, and shall, in the case of Government servants to whom the Fundamental Rules in that respect apply, remain in force until they are revoked, varied, or added to.

1. A medical certificate of fitness for Government service shall be in the following form :—

CHAPTER I.—Grades of Government Servants.

Section I.—Distribution into grades.

General rules.

1. For the purpose of calculating travelling allowance, Government servants are divided into four grades as follows:—

(*a*) The first grade includes all Government servants in receipt of pay exceeding Rs. 600.

(*b*) The second grade includes all Government servants in receipt of pay exceeding Rs. 125 but not exceeding Rs. 600.

(*c*) The third grade includes all Government servants in superior service, except forest guards, in receipt of pay not exceeding Rs. 125.

(*d*) The fourth grade includes forest guards and all Government servants in inferior service.

NOTE.—Any individual Government servant who held, prior to the introduction of these rules, a post on progressive pay and was included, in view of the maximum pay of such post, in a grade higher than that to which he is entitled under this rule, shall not be reduced in grade unless he is reduced to a lower post.

Special concessions.

2. A competent authority may, for reasons which should be recorded, order that any Government servant or class of Government servants shall be included in a grade higher than that prescribed in rule 1.

Government servants in transit from one post to another.

3. A Government servant in transit from one post to another ranks in the grade to which the lower of the two posts would entitle him.

Part-time Government servants, etc.

4. A Government servant whose whole time is not retained for the public service, or who is remunerated wholly or partly by fees, ranks in such grade as a competent authority may declare.

CHAPTER II.—The different kinds of travelling allowance.

Section II.—General.

General rule.

5. The following are the different kinds of travelling allowances which may be drawn in different circumstances by Government servants:—

(*a*) Permanent travelling allowance.

(*b*) Conveyance or horse allowance.

(*c*) Mileage allowance.

(*d*) Daily allowance.

(*e*) The actual cost of travelling.

The rules in this chapter explain the nature of these allowances and the method of calculating them. The circumstances in which they can be drawn for particular journeys are described in Chapters III to V.

Section III.—Permanent travelling allowance.

Conditions of grant.

6. A permanent monthly travelling allowance may be granted by a competent authority to any Government servant whose duties require him to travel extensively. Such an allowance is granted in lieu of all other forms of travelling allowance for journeys within the Government servant's sphere of duty and is drawn all the year round, whether the Government servant is absent from his headquarters or not.

When inadmissible.

7. A permanent travelling allowance cannot be drawn during joining time nor, unless in any case it be otherwise expressly provided in these rules, during any period for which travelling allowance of any other kind is drawn. Its drawal during leave is governed by rules made under fundamental rule 93.

Combination of posts.

8. When a Government servant holds, either substantively or in an officiating capacity, two or more posts to each of which a permanent travelling allowance is attached, he may be granted such permanent travelling allowance, not exceeding the total of all the allowances, as the competent authority may consider to be necessary in order to cover the travelling expenses which he has to incur.

Section IV.—Conveyance and horse allowance.

Conditions of grant.

9. A competent authority may grant, on such conditions as it thinks fit to impose, a monthly conveyance or horse allowance to any Government servant who is required to travel extensively at or within a short distance from his headquarters under conditions which do not render him eligible for daily allowance. The competent authority should also decide, at the time of granting the allowance, if a Government servant should give, for purposes of audit, a certificate of possession of a means of conveyance.

When drawn.

10. Except as otherwise provided in these rules and unless the authority sanctioning it otherwise direct, a conveyance or horse allowance is drawn all the year round, is not forfeited during absence from headquarters and may be drawn in addition to any other travelling allowance admissible under these rules; provided that a Government servant, who is in receipt of a conveyance allowance specifically granted for the up-keep of a motor-car or motor-cycle, shall not draw mileage or daily allowance for a journey by the motor-car or motor-cycle, except on such conditions as the authority which sanctions the conveyance allowance may prescribe.

During leave and joining time.

11. A conveyance or horse allowance may not be drawn during joining time. Its drawal during leave is governed by rules made under fundamental rule 93.

Section V.—Mileage allowance.

Sub-section (1).—General.

Definition.

12. A mileage allowance is an allowance, calculated on the distance travelled, which is given to meet the cost of a particular journey.

Principles of calculation.

13. (*a*) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short: provided that, when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(*b*) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of doubt, a competent authority may decide which shall be regarded as the shortest of two or more routes.

(*c*) If a Government servant travels by a route which is not the shortest but is cheaper than the shortest, his mileage allowance should be calculated on the route actually used.

Special concessions.

14. A competent authority may, for special reasons which should be recorded, permit mileage allowance to be calculated on a route other than the shortest or cheapest provided that the journey is actually performed by such route. Where, however, this concession is allowed because the shortest route was impracticable for travelling at the time the journey was performed, the competent authority should obtain and record a certificate from the Collector of the district that no shorter route was practicable than that which was adopted.

Point of commencement and end of journey.

15. The point in any station at which a journey is held to commence or end is the chief public office or such other point as may be fixed for the purpose by a competent authority.

NOTE 1.—When an officer travels from, or to, a place which is the headquarters of a police-station, his journey should, for the purposes of calculating travelling allowance, be held to commence from, or end at, the police-station.

NOTE 2.—The Court-house of the Chief Local Executive Authority should be considered as the point from which a journey is held to commence or at which it is held to end.

Different rates for different classes of journey.

16. Mileage allowance is differently calculated, as shown in the following rules, according as the journey is, or could be, made by railway, by steamer or by road.

Sub-section (ii).—Mileage allowances for journeys by railway.

Classes of accommodation for which Government servants are considered to be eligible.

17. For the purpose of calculating mileage allowance, Government servants when travelling by railway are considered to be entitled to class accommodation according to the following scale:—

(*a*) *A Government servant of the first grade.*—Accommodation of the highest class, by whatever name it may be called, provided on the railway by which he travels.

(*b*) *A Government servant of the second grade.*—Second or, if the line by which he travels provides no second class accommodation on any train, highest class.

(*c*) *A Government servant of the third grade.*—

(*i*) If travelling on the Darjeeling-Himalayan Railway, except the Siliguri-Kissenganj extension, third class.

(*ii*) If travelling on any other railway which provides no intermediate class accommodation on any of the trains which stop at the stations to and from which he is travelling, including the Siliguri-Kissenganj extension—

(1) where there are two classes only, lower class, and

(2) where there are three classes, second class if his pay is not less than Rs. 50 and third class if it is less than Rs. 50.

(*iii*) If travelling on any railway which provides intermediate class accommodation on trains which stop at the stations to, and from which he is travelling: intermediate class.

(*d*) *A Government servant of the fourth grade.*—The lowest class, whether it be called lower, third or fourth.

NOTE.—The expression "where there are two classes only" in this rule is to be taken as meaning where only two such classes are provided in the general passenger trains of the railway concerned.

Special concessions.

18. A competent authority may, for special reasons which should be recorded, declare any particular Government servant or class of Government servants to be entitled to accommodation of a higher class than that prescribed for his grade in clause (*b*), (*c*) or (*d*) of rule 17.

Rate of mileage allowance.

19. The mileage allowance admissible to a Government servant of the first, second or third grade is double the fare of the class in which he is entitled to accommodation. The mileage allowance admissible to a Government servant of the fourth grade is the fare of the lowest class.

Where the class to which the Government servant is entitled is not provided on the train.

20. If a Government servant of the second or third grade actually travels by a train which does not provide the class of accommodation to which he is entitled under rule 17, he may be allowed to draw the mileage allowance of the next higher class, provided that the controlling officer attaches to his travelling allowance bill a certificate that it was necessary in the public interest that he should travel by that train. This concession does not apply to a Government servant of the third grade whose pay is less than Rs. 50 and who travels on a line which provides intermediate class accommodation on one or more of its trains but not on the particular train on which he travels, if there be third class accommodation on that train. Such a Government servant is restricted to mileage allowance calculated for intermediate class accommodation.

Through booking.

21. When through booking involves the payment, for part of a journey, of rates for accommodation of a class higher than that to which the Government servant concerned is entitled, the Government servant may draw mileage allowance based on the higher rates for that part of the journey.

Sub-section (iii).—Mileage allowances for journeys by sea or river in a steamer.

Classes of accommodation to which Government servants are considered to be entitled.

22. For the purpose of calculating mileage allowance for journeys by sea or river in a steamer, Government servants are considered to be entitled to class accommodation according to the following scale :—

(*a*) *A Government servant of the first grade.*—Highest class ;

(*b*) *A Government servant of the second grade.*—If there be two classes only on the steamer, the higher class ;

if there be more than two classes, middle or second class.

(*c*) *A Government servant of the third grade.*—If there be two classes only on the steamer, the lower class ;

if there be three classes, middle or second class ;

if there be four classes, third class :

Provided that a competent authority may direct that any Government servant whose pay does not exceed Rs. 35 is entitled, for journeys generally or for particular journeys, to accommodation in the lowest class only.

(*d*) *A Government servant of the fourth grade.*—Lowest class.

NOTE.—A steam vessel of more than 90 tons gross tonnage, or one of whatever size which belongs to a regular steamer service for the conveyance of passengers at fixed fares is " a steamer " for the purpose of regulating travelling allowances.

Rates of mileage allowance.

23. The mileage allowance admissible to a Government servant of the first, second or third grade is double the fare of the class in which he is entitled to accommodation. The mileage allowance admissible to a Government servant of the fourth grade is the fare of the lowest class.

In cases where the steamer company has two rates of fare, one inclusive and one exclusive of diet, the word " fare " in this rule should be held to mean fare exclusive of diet.

Special concessions.

24. In cases of doubt or in which, owing to the arrangement of classes on a steamer, the provisions of rule 22 if strictly construed involve hardship, a competent authority may decide, for journeys generally or for particular journeys, to what class of accommodation a Government servant is entitled ; and whether, if a concession is sanctioned, he should be granted the full allowance admissible for the higher class in which he is permitted to travel.

Crossing a river or arm of the sea.

25. The rules in this sub-section apply to Government servants who cross a river or arm of the sea by steamer in the course of a journey, unless such crossing occurs during a railway journey and the charge for it is included in the railway fare. In the latter case, the crossing is treated as part of the railway journey.

Travelling by Government steamer.

26. If suitable accommodation on a Government vessel is offered to a Government servant, he is entitled to travelling allowance under rule 132 and not to mileage allowance. It is not open to him to refuse to accept such accommodation and to draw mileage allowance.

Sub-section (iv).—Mileage allowance for journeys by road.

Definition of travelling by road.

27. For the purpose of these rules, travelling by road includes travelling by sea or river in any vessel other than a steamer and travelling by canal.

Ordinary mileage rates.

28. (*a*) For journeys by road, mileage allowance is calculated at the following rates for each mile travelled :—

A Government servant of the first grade—8 annas.

A Government servant of the second grade—4 annas.

A Government servant of the third grade—2 annas ; and

A Government servant of the fourth grade—1 anna.

(*b*) When a Government servant travels within the territories administered by a local Government which has fixed special rates for Government servants under its administrative control, he must draw mileage allowance at the rate so fixed for his grade.

NOTE.—Road mileage is admissible to an officer performing journeys by motor-car between places connected by rail, if any public interest is served by the road journey, which would not have been served had the officer travelled by rail, such as the savings of public time or inspection *en route*, etc. The necessity for such road journeys should be clearly set forth in the travelling allowance bill.

29. A competent authority may, for special reasons to be recorded, allow to a particular Government servant or class of Government servants mileage allowance at a higher rate than is prescribed in rule 28. **Special concessions.**

30. In calculating mileage allowance for journeys by road, fractions of a mile should be omitted from the total of a bill for any one journey but not from the various items which make up the bill. **Treatment of fractions of a mile.**

Section VI.—Daily allowance.

31. A daily allowance is a uniform allowance for each day of absence from headquarters, which is intended to cover the ordinary daily charges incurred by a Government servant in consequence of such absence. **Definition.**

NOTE.—For absence from headquarters not exceeding 24 hours beginning and ending in different calendar days, a Government servant is restricted to one day's daily allowance, which may be exchanged for mileage, rail fare or steamer fare under the provision of rule 58.

32. Unless in any case it be otherwise expressly provided in these rules, a daily allowance may be drawn while on tour by every Government servant whose duties require that he should travel, and may not be drawn except while on tour. **General rule as to drawing of daily allowance.**

33. (*a*) Daily allowances are drawn on the following scale :— **Rates of daily allowance.**

(*i*) *A Government servant of the first grade*—Rs. 5.

(*ii*) *A Government servant of the second grade*—As. 4 for every Rs. 25 or fraction of Rs. 25 of his pay, subject to a maximum of Rs. 3.

(*iii*) *A Government servant of the third grade*—As. 2 for every Rs. 12½ or fraction of Rs. 12½ of his pay, subject to a minimum of As. 4.

(*iv*) *A Government servant of the fourth grade*—As. 3 if he travels in more than one province and As. 2 if he travels in one province only.

(*b*) When a Government servant travels within the territories administered by a local Government which has fixed special rates of daily allowance for Government servants under its administrative control, he must draw daily allowance at the rate so fixed for his grade.

NOTE.—Any individual Government servant who held, prior to the introduction of these rules, a post on progressive pay and was entitled to calculate his daily allowance on the maximum pay of such post, shall retain this privilege unless he is reduced to a lower post.

34. A competent authority may, for reasons which should be recorded and on such conditions as it may think fit to impose, sanction for any Government servant or class of Government servants a daily allowance higher or lower than that prescribed in rule 33. **Special concessions.**

Section VII.—Actual expenses.

35. Unless in any case it be otherwise expressly provided in these rules, no Government servant is entitled to be provided with means of conveyance by or at the expense of Government, or to draw as travelling allowance the actual cost or part of the actual cost of travelling. **Actual expenses not admissible except under specific rule.**

CHAPTER III.—Travelling allowance admission for different classes of journey.

Section VIII.—General.

Travelling allowance calculated with reference to the purpose of the journey.

36. The travelling allowance admissible to a Government servant for any journey is calculated with reference to the purpose of the journey in accordance with the rules laid down in sections IX to XX.

Recovery of cost of transporting personal luggage etc.

37. Unless in any case it be otherwise expressly provided in these rules, a Government servant making a journey for any purpose is not entitled to recover from Government the cost of transporting his family or his personal luggage, conveyances, tents and camp equipage.

Higher rates for journeys in expensive localities

38. A competent authority may, by general or special order, direct that the ordinary rates of daily allowance or mileage allowance or both shall be increased either in a definite ratio or in any other suitable manner for any or all Government servants travelling in any specified locality in which travelling is unusually expensive.

Journeys by special conveyance.

39. When a Government servant of a grade lower than the first grade is required by the order of a superior authority to travel by special means of conveyance, the cost of which exceeds the amount of the daily allowance or mileage allowance admissible to him under the ordinary rules, he may draw the actual cost of travelling in lieu of such daily or mileage allowance. The bill for the actual cost must be supported by a certificate, signed by the superior authority and countersigned by the controlling officer, that the use of the special means of conveyance was absolutely necessary and specifying the circumstances which rendered it necessary.

NOTE.—It is not intended that any general orders should be given or that any general practice should prevail allowing a certain class of officials actual expenses for all journeys performed. The fact that travelling in any particular locality is unusually expensive does not warrant the indiscriminate use of this rule.

A Government servant of the fourth grade travelling by steamer.

40. A Government servant of the fourth grade, when travelling by steamer, may draw, in addition to mileage allowance, daily allowance at double the rate ordinarily admissible to him: provided that, whatever be the nature of other journeys which may be combined with the steamer journey, no further daily allowance may be drawn for any day for which this double allowance is drawn.

Section IX.—Journey on Tour.

Sub-section (I)—General Rules.

Definition of headquarters.

41. The headquarters of a Government servant shall be in such place as a competent authority may prescribe.

Limits of sphere of duty.

42. A competent authority may define the limits of the sphere of duty of any Government servant.

Definition of tour.

43. A Government servant is on tour when absent on duty from his headquarters either within or, with proper sanction, beyond his sphere of duty. For the purposes of this section, a journey to a hill station is not treated as a journey on tour.

44. In case of doubt a competent authority may decide whether a particular absence is absence on duty for the purpose of rule 43.

Restrictions on the duration and frequency of tours.

45. A competent authority may impose such restrictions as it may think fit upon the frequency and duration of journeys to be made on tour by any Government servant or class of Government servants.

Government servants who are not entitled to travelling allowance for journeys on tour.

46. If a competent authority declares that the pay of a particular Government servant or class of Government servants has been so fixed as to compensate for the cost of all journeys, other than journeys by rail or steamer, within the Government servant's sphere of duty, such a Government servant may draw no travelling allowance for such journeys. He may, however, draw mileage allowance, or, if he be in inferior service, travelling allowance under rule 60, for journeys by rail or steamer. When travelling on duty, with proper sanction, beyond his sphere of duty, he may draw travelling allowance calculated under the ordinary rules for the entire journey, including such part of it as is within his sphere of duty.

General principles on which travelling allowance is drawn for journeys on tour.

47. The travelling allowance drawn by a Government servant on tour ordinarily takes the shape of either permanent travelling allowance or daily allowance, if either of these is admissible to him. Permanent travelling allowance and daily allowance may, however, in certain circumstances be exchanged for mileage allowance or for the whole or part of the actual cost of travelling. In certain other circumstances actual cost may be drawn in addition to daily allowance or for journeys for which no daily allowance is admissible.

Carriage of tents supplied by Government.

48. (*a*) A competent authority may prescribe the scale of Government tents to be supplied to any Government servant or class of Government servants for office or, if it think fit, for personal use.

(*b*) When such tents are used by a Government servant on tour for office purposes only, they may be carried at Government expense.

When used partly for office and partly for private purposes, the Government servant must, except as provided in rule 63, pay half the cost of carriage. When used wholly for private purposes, the Government servant must, except as provided in rule 63, pay the entire cost of carriage.

Sub-section (ii).—Government servants in receipt of permanent travelling allowance.

Actual expenses in addition to, or in exchange for, permanent travelling allowance.

49. A permanent travelling allowance is intended to cover the cost of all journeys within the sphere of duty of a Government servant who draws it, and such Government servant may not draw any other travelling allowance in place of, or in addition to, permanent travelling allowance for such journeys: provided that—

(1) a Government servant of the fourth grade and any other class of Government servants to which a competent authority may extend this concession may draw, in addition to permanent travelling allowance, single fare for a journey by rail, and

(2) a competent authority may, by general or special order, permit a Government servant whose sphere of duty extends beyond the limits of a single district to draw, in addition to permanent travelling allowance, whenever his actual travelling expenses for a duly authorised journey by public conveyance exceed double the amount of his permanent travelling allowance for the period occupied in such journey, the difference between such double permanent travelling allowance and the mileage allowance calculated for the journey.

Mileage allowance in exchange for permanent travelling allowance.

50. When a Government servant in receipt of permanent travelling allowance travels on duty, with proper sanction, beyond his sphere of duty, he may draw mileage allowance for the entire journey, including such part of it as is within his sphere of duty, and may draw, in addition, permanent travelling allowance for any day of his absence for which he does not draw mileage allowance. This rule does not apply to a Government servant who travels beyond his sphere of duty in the course of a journey from one place within that sphere to another such place, or to a Government servant who makes, by road alone, a journey not exceeding 20 miles.

Sub-section (iii).—Government servants not in receipt of permanent travelling allowance.

Sub-division 1.—Daily allowance.

General rule.

51. Except where otherwise expressly provided in these rules, a Government servant not in receipt of permanent travelling allowance draws travelling allowance for journeys on tour in the shape of daily allowance.

Drawn during absence from headquarters on duty.

52. Daily allowance may not be drawn except during absence from headquarters on duty. A period of absence from headquarters begins when a Government servant actually leaves his headquarters and ends when he actually returns to the place in which his headquarters are situated, whether he halts there or not.

Distance to be travelled before daily allowance is admissible.

53. Daily allowance may not be drawn for any day on which a Government servant does not reach a point outside a radius of five miles from his headquarters or returns to his headquarters from a similar point, even though the distance travelled over may be more than five miles.

NOTE.—This rule applies to cases where the officer comes to a halt without reaching a distance exceeding five miles from headquarters. But it does not apply when the journey is continued without interruption to a point more than five miles distant from headquarters, even though at the expiration (midnight) of the day on which he started he has not yet reached such a point.

Halts on tour.

54. Subject to the conditions laid down in rules 55 and 56, daily allowance may be drawn during a halt on tour or on a holiday occurring during a tour.

NOTE.—Daily allowance is inadmissible unless the Government servant is actually, and not merely constructively, in camp, and also when he takes casual leave while on tour.

55. Daily allowance may not be drawn for a continuous halt of more than ten days at any one place; provided that a competent authority may grant general or individual exemptions from the operation of this rule, on such conditions as it thinks fit, if it is satisfied—

(*a*) that prolonged halts are necessary in the interests of the public service, and

(*b*) that such halts necessitate the maintenance of camp equipage or, where no camp equipage is maintained, continue, after the first ten days, to entail extra expense upon the halting Government servant.

56. For the purposes of rules 53, 54 and 55:—

(*a*) After a continuous halt of ten days' duration, the halting place shall be regarded as the Government servant's temporary headquarters.

(*b*) A halt is continuous unless terminated by an absence on duty at a distance from the halting place exceeding five miles for a period including not less than three nights.

(*c*) In calculating the duration of a halt, any day on which the Government servant travels or halts at a distance from the halting place exceeding five miles shall be excluded. On such a day the Government servant may draw daily allowance or exchange it for mileage allowance if admissible.

Subdivision 2.—Mileage allowance and actual expenses in place of or in addition to daily allowance.

Exchange of daily allowance for mileage allowance during the whole period of a tour.

57. A competent authority may, by general or special order and on such condition as it thinks fit to impose, permit any Government servant or class of Government servants to draw mileage allowance instead of daily allowance for the whole period of any absence from headquarters, if it considers that the nature of the Government servant's duty is such that daily allowance is not sufficient to cover his travelling expenses.

Exchange of daily allowance for mileage allowance on particular journeys.

58. (*a*) Subject to any conditions which a competent authority may by general or special order impose, a Government servant in superior service may exchange his daily allowance for mileage allowance on any day on which—

(*i*) he travels by railway or steamer or both, or

(*ii*) he travels more than 20 miles by road;

provided that, if a continuous journey extends over more than one day, the exchange must be made for all such days and not for a part only of them.

NOTE.—Short journeys within a radius of five miles from headquarters may not be added to other journeys, when calculating the distance travelled by road or the amount of mileage allowance admissible for road journeys.

(*b*) When a journey by road is combined with a journey by railway or steamer under clause (*a*) (*i*) of this rule:—

(*i*) Mileage allowance may be drawn on account of such combined journey, but mileage in respect of the road journey is limited to the amount of daily allowance unless the journey by road exceeds twenty miles, and

(*ii*) unless such journey by road be a journey to or from the Government servant's headquarters, mileage allowance shall be calculated on the distance actually travelled, without regard to the points fixed by or under rule 15.

59. Subject to any conditions which a competent authority may by general or special order impose, a non-gazetted ministerial or a menial Government servant may, for any day on which he travels by public or hired conveyance under a certificate from the head of his office that he is required to do so, exchange daily allowance for mileage allowance.

Travelling allowance admissible to a Government servant in inferior service

60. The following conditions are applicable to a Government servant in inferior service:—

(*a*) For a journey by railway, he may draw mileage allowance in addition to daily allowance.

(*b*) For a journey by steamer, he may draw travelling allowance under rule 40.

(*c*) For a journey by road, he may exchange daily allowance for mileage allowance if the journey exceeds 20 miles or the condition of rule 59 is fulfilled.

(*d*) For a journey by road combined with a journey by railway or by steamer, he may draw mileage allowance, limited as in rule 58 (*b*) (*i*) except as provided in rule 59, for the road journey, in addition to the allowances admissible under clause (*a*) or (*b*) of this rule.

Actual expenses of maintaining camp during a sudden journey away from it.

61. A competent authority may permit any Government servant, who is compelled by a sudden emergency to leave his camp and travel rapidly on duty to a place more than twenty miles distant, to draw in addition to mileage allowance, the actual cost of maintaining his camp, whether the camp be moved or not; provided that the amount of actual cost drawn shall not exceed the daily allowance of his grade.

Actual expenses on first and last journey of an extensive tour.

62. A Government servant entitled to daily allowance, whose sphere of duty extends over a whole province, may, when making a journey of more than one hundred miles to the first or from the last camp of an extensive tour recover, in lieu of the daily allowance admissible for the days occupied by such journey, the whole necessary cost of the journey, including the cost of transportation of camp equipment and of servants, horses, motor-cars, motor-cycles, bicycles and private baggage on such scale as a competent authority may prescribe.

Actual expenses of conveying camp equipment, etc.

63. (*a*) When a competent authority is satisfied that it is in the interests of the public service that a particular Government servant on tour should send his horses, camels, motor-cars, motor-cycles, bicyles or camp equipment by railway or steamer, or by country craft when no steamer service exist capable of conveying the goods or animals or when such means of carriage is cheaper or more expeditious, it may, by special order in each case, permit him to recover, in addition to mileage allowance or daily allowance or both, the actual cost or part of the actual cost of transporting them.

NOTE 1.—In the case of a motor-car, the cost of transporting a chauffeur or cleaner, and for each horse the cost of transporting one syce and one grass-cutter may be drawn.

NOTE 2.—The "term motor-cycle" in this rule includes a side-car.

NOTE 3.—The application of this rule is restricted to journeys on tour.

NOTE 4.—Cost of carriage of bicycles by rail is admissible under this rule to officers on tour within a district when it is necessary for the officer to arrive at his destination ready equipped for a further journey.

NOTE 5.—This rule refers primarily to private motor-cars. The cost of carriage of Government motor-cars is contingent expenditure.

(*b*) A competent authority may by general or special order prescribe limitations on the weight of camp equipment and the number of conveyances and animals to be carried at Government expense under clause (*a*) of this rule by a particular Government servant or class of Government servants.

Government servants whose duties require them to travel constantly by railway.

64. (*a*) The following provisions are applicable to any Government servant or class of Government servants whose duties involve constant travelling by railway, to whom a competent authority may declare them to be applicable.

(*b*) When such a Government servant makes a journey by railway on tour—

(*i*) He is entitled either to a free pass under the free pass rules of the railway or to the fares for himself and the servants and baggage accompanying him which a free pass would cover.

(*ii*) He may draw daily allowance for any day on which he is absent from headquarters for more than eight consecutive hours.

(*iii*) He may not exchange for mileage allowance the allowances admissible under sub-clauses (*i*) and (*ii*) of this rule.

(*iv*) If he combines with a railway journey a journey by steamer or road, he may, if he travels to a place distant at least five miles from the point where he leaves the railway or returns to the railway from a place similarly distant, draw mileage allowance for the journey by steamer or road, in addition to daily allowance, if any, admissible under this rule or under rule 40; provided that the time spent on the journey by steamer or road shall be deducted in calculating the duration of his absence from his headquarters.

Sub-division (3).—Travelling allowance admissible for journeys and halts within five miles of headquarters.

Conveyance hire.

65. A competent authority may, by general or special order, permit any Government servant or class of Government servants to draw the actual cost of hiring a conveyance on a journey for which no travelling allowance is admissible under these rules.

NOTE.—When conveyance hire is granted under this rule, daily allowance under rule 54 is inadmissible.

Ferry charges, tolls and railway fare.

66. A Government servant travelling on duty within five miles of his headquarters is entitled to recover the actual amounts which he may spend in payment of ferry and other tolls and fares for journeys by railway or other public conveyance.

NOTE.—If an officer while halting at headquarters and drawing allowance under rule 67 makes a journey of five miles or less, returning the same day to headquarters, he may be granted allowances under both these rules and rule 67 subject to the restriction that the total sum received shall not exceed the daily allowance.

Actual expenses of maintaining camp equipage during a halt at headquarters.

67. On the following conditions and any other conditions which it may think fit to impose, a competent authority may, by general or special order, permit any Government servant or class of Government servants to recover the actual cost of maintaining camp equipage during a halt at headquarters or within five miles of head quarters or during the interval between the Government servant's departure from or arrival at headquarters and that of his camp equipage :—

(*a*) The amount drawn, together with any amount recovered under rule 66, should not exceed the daily allowance of his grade.

(*b*) The period of the halt or interval for which it is granted should not exceed ten days. An absence on duty from the halting place for less than three nights should not be treated as interrupting the halt or interval.

(*c*) The Government servant must certify that he has maintained the whole or part of his camp equipage during the halt or interval and that the expense of maintenance has not been less than the amount drawn. In the case of a non-gazetted or a menial servant, the head of the office must certify that such maintenance was necessary.

NOTE.—The actual expense of keeping up camp equipage during halts at headquarters is the difference between the actual outlay incurred by an officer in maintaining the equipage during that time and the outlay he would incur if he could discharge it and had nothing to do with it till he wanted it again. Interest on capital outlay, and charges on account of depreciation and repairs as well as the up-keeping of horses, palkies, etc, used only for the conveyance of the officer on his marches, and the cost of maintaining private conveyances of any sort cannot be reckoned in "actual expenses" of keeping up camp equipage.

Sub-section (iv)—Special rules for high officers.

Ministers.

68. A minister, when travelling on tour, may recover the cost of carrying a motor-car under the conditions specified in rule 63, provided that the local Government is satisfied that the car has been employed for all practical purposes, only as a means of performing, in the public interest, a journey off the line of railway. In cases where the presence of his car with the minister has, apart from the advantages to Government of the particular tour or journey, saved him expense in hiring a conveyance or served his personal convenience to an appreciable extent, he must pay one-fifth of the cost of carriage.

69. (*a*) Ministers when travelling by rail are entitled to a reserved first class carriage, to railway fares actually paid for not more than ten personal servants at lowest class rates, and to the conveyance of all their personal luggage at the public expense, whether taken in the luggage-van of the train to which the reserved carriage is attached or sent by any other trains.

(*b*) They must pay the usual fares for any persons travelling with them in the reserved accommodation, and if Government pays full tariff rates for the reserved accommodation, such fares must be credited to Government.

(*c*) When travelling by road or steamer they are entitled to charge to Government their personal *bonâ fide* travelling expenses, appending to their bills, a certificate as follows :—

"I certify that I have actually paid the amount of this bill and that it does not include any charges for the freight of any stores or goods, other than my personal luggage, or any charge for refreshments, hotels or staging bungalows."

NOTE 1.—Stores taken for consumption on tour are treated as personal luggage.

NOTE 2.—*See* also rule 68.

Amount of luggage admissible.

70. Except where otherwise expressly provided in these rules, the amount of luggage which may be transported, free of cost, by a Government servant travelling in reserved accommodation is the amount covered by the number of tickets which a member of the public would have to purchase in order to reserve such accommodation.

Section X.—Journey of a newly-appointed Government servant to join his first post.

General rule.

71. Except as otherwise provided in this section travelling allowance is not admissible to any person for the journey to join his first post in Government service.

Exception.

72. A competent authority may, by general or special order, permit any person, whether appointed to a temporary or a permanent post, to draw travelling allowance for the journey to join his first post in Government service.

Concession to persons re-employed in Government service.

73. When a pensioner, or a Government servant who has been thrown out of employment owing to a reduction of establishment or the abolition of his post, is reappointed to Government service, the authority which sanctions his reappointment may permit him to draw travelling allowance for so much of his journey to join his new post as falls within India.

Concession to persons joining by sea.

74. When a person is appointed to a post in Government service which he cannot join except by sea, a competent authority may grant him a free passage by sea.

Concession to a minister.

75. When a person is appointed to be a minister he is entitled, when travelling by railway to join his post, to the concession described in rule 82.

76. Any person appointed, while resident in Europe, by the Secretary of State in Council to Government service in India, other than a person whose case is covered by rules made by the Secretary of State in Council under sections 85 and 104 of the Act, may draw mileage allowance for the journey to join his first post from any port in India at which, with the permission of the Secretary of State, he may disembark. **Concession to person appointed in Europe.**

77. Travelling allowance under rules 72 and 73 should be calculated as for a journey on tour, but no allowance may be drawn for halts on the journeys. **Rates of travelling allowance under this section.**

78. When mileage allowance is drawn under rules 72, 73 and 76 the rate admissible is that of the grade to which the Government servant will belong after joining his post.

Section XI.—Journeys on transfer.

79. Travelling allowance may not be drawn under this section by a Government servant on transfer from one station to another unless he is transferred for the public convenience and is entitled to pay during the period occupied by the journey. A transfer at his own request or in consequence of misconduct should not be treated as a transfer for the public convenience unless the authority sanctioning the transfer, for special reasons which should be recorded, otherwise direct. **General conditions of admissibility.**

80. A Government servant may draw mileage allowance for a journey on transfer, including transfer from military to civil employ. **General rule.**

81. (*a*) Unless in any case it be otherwise expressly provided in these rules or in rules made under other sections of the Act, a Government servant in superior service is entitled, for a journey on transfer, to the following concessions:— **Special concessions to Government servants in superior service.**

I.—For journeys by rail or steamer.

(*i*) He may draw one extra fare of the class to which his grade entitles him.

(*ii*) He may draw one extra fare for each adult member of his family who accompanies him and for whom full fare is actually paid and one half fare for each child for whom such fare is actually paid.

(*iii*) He may draw the actual cost of transporting by goods train, steamer or other craft personal effects up to the following maxima:—

Grade of Government servant.	If travelling alone.	If accompanied by family.
	Mds.	
First ...	40 ...	60
Second ...	20 ...	30
Third ...	12 ...	15

Provided that a competent authority may prescribe lower maxima in the case of any specified class of Government servants.

NOTE 1.—If a Government servant carries his personal effects by passenger, instead of by goods train, he may draw the actual cost of carriage up to a limit of the amount which would have been admissible had he taken the maximum number of maunds by goods train.

NOTE 2.—If a Government servant carries his personal effects by road between stations connected by rail or steamer he may draw actual expenses up to the limit of steamer freight or goods train freight.

(*iv*) Provided that—

(1) the distance travelled exceeds 80 miles;

(2) the Government servant is travelling to join a post in which the possession of a conveyance or horse is advantageous from the point of view of his efficiency; and

(3) conveyances or horses are actually carried by rail, steamer or other craft;

he may draw the actual cost of transporting at owner's risk conveyances and horses on the following scale:—

Grade of Government servant	Scale allowed.
First	Two horses, and a carriage or motor-car or motor-cycle.
Second	One horse, and a carriage or motor-cycle.
Third	One horse or a motor-cycle or ordinary cycle.

NOTE:—In the case of a motor car the cost of transporting a chauffeur or cleaner, and for each horse the cost of transporting one syce and one grass-cutter may be drawn

Exception.—A Government servant who travels by a Government steamer, is not entitled, for the journey by steamer, either to mileage allowance under rule 80 or to the concessions allowed by this clause. He is entitled to free transport of himself, his family, servants and their *bonâ fide* personal effects, and of conveyances and horses subject to the limits prescribed in sub-clause (*iv*); and may draw in addition the daily allowances of his grade.

II.—For a journey by road.

(*i*) He may draw one extra mileage allowance at the rate to which his grade entitles him.

(*ii*) He may draw a second extra mileage allowance if two members of his family accompany him and a third if more than two members accompany him.

(*iii*) For the transportation of personal effects within the limits prescribed in sub-clause I(*iii*) of this clause, he may draw mileage allowance at a rate to be fixed by a competent authority. This rate will be calculated on the average cost of conveying goods by the cheapest method of conveyance.

(*b*) The following explanations are given of terms employed in clause (*a*) of this rule:—

(*i*) The term "personal effects" is not subject to definition, but the controlling officer must satisfy himself that a claim to reimbursement on account of their transportation is reasonable.

(*ii*) The term "motor-cycle" includes a side-car.

(*iii*) A member of a Government servant's family who follows him within six months from the date of his transfer or precedes him by not more than one month may be treated as accompanying him. If such member travels to the new station from a place other than the Government servant's old station, the Government servant may draw either the actual fare for the journey made or the fare admissible for the journey from the old to the new station whichever is less.

(*c*) Tents supplied by Government are transported at the expense of Government. Tents purchased and maintained by a Government servant himself may be transported at the expense of Government: provided that they do not exceed a scale to be prescribed in this behalf by a competent authority as suitable to a particular Government servant or class of Government servants. If they exceed this scale, the excess may be treated as a part of personal effects.

(*d*) A Government servant who claims higher travelling allowance on the ground that members of his family accompanied him on transfer must support his claim by a certificate showing the numbers and relationship of the said members.

(*e*) A Government servant claiming the cost of transporting personal effects, a conveyance or a horse, must support his claim by a certificate that the actual expense incurred was not less than the sum claimed. Such a certificate must give details of the conveyances or horses transported.

Journey to join the post of a minister.

82. When a minister after his appointment as such, travels by railway to join his post, he may, at his option, travel on the following terms, in lieu of drawing travelling allowance under the ordinary rules governing a journey on transfer :—

(*a*) Any accommodation which he will be entitled, under section XXI of these rules, to reserve by requisition after joining his post will, if practicable, be placed at his disposal.

(*b*) The charge for haulage of the reserved accommodation will be paid by Government.

(*c*) He must pay to Government the fare which he would have paid if no accommodation had been reserved, and must, in addition, pay in cash to the station master of the station from which the journey commences full fares for any members of his family accompanying him, whether they share his reserved accommodation or not. When Government pays full tariff rates for the accommodation, all such fares will be credited to Government.

Government servants whose duties involve constant travelling by railway.

83. The Government servants specified in rule 64 may draw travelling allowance under that rule for journeys on transfer within the limits of the railway to which they are attached, and are entitled, in addition, to a free pass or fares for their families : provided that they must not draw daily allowance for halts in the course of the journey unless such halts are made in connection with their duty. When transferred from one railway to another, they are entitled to travelling allowance under rules 79 to 81.

Concession to peons of the combined Excise and Salt Department.

84. The peons of the combined Excise and Salt Department when transferred from one district to another, are entitled, if accompanied by their families, to mileage allowance at the following special rates :—

(*a*) For a journey by railway or steamer, double fare of the lowest class.

(*b*) For a journey by road, two annas for each mile travelled.

(*c*) For a journey by boat, one anna for each mile travelled.

Inferior servants.

85. Except as provided in rule 84, a Government servant in inferior service is entitled on transfer to draw travelling allowance as for a journey on tour.

Government servant appointed to a new post while in transit.

86. A Government servant appointed to a new post while in transit from one post to another is entitled to draw travelling allowance under this section for so much of the journey on transfer as he has accomplished when he receives the fresh orders and for the journey from the place at which he receives such orders to his new station.

Government servant taking short leave before joining a new post.

87. A Government servant who takes leave, not exceeding four months, after he has given over charge of his old post and before he has taken charge of his new post is entitled, whether the order of transfer is received before or after the commencement of his leave, to travelling allowance under this section.

Government servant taking long leave while in transit.

88. A Government servant who takes leave exceeding four months while in transit from one post to another may draw travelling allowance under rule 81(*a*), I (*i*) and (*ii*) and II (*i*) and (*ii*) for so much of the journey to join the new post as he has accomplished before the order granting his leave is received, in addition to any allowance admissible under rule 89.

Government servant posted to a new station on return from long leave.

89. In that case, the attendant, if a Government servant, shall be deemed to have been travelling on duty and may draw travelling allowance for the outward and return journey as for a journey on tour; if not a Government servant, he shall be entitled to actual expenses.

When a Government servant is entitled to or is allowed free transit by railway otherwise than accommodation reserved by requisition, whether on a free pass or otherwise, the mileage allowance which he draws for the journey must be reduced by the amount of the fare which, but for such free transit, he would have paid. This rule applies to cases in which a free pass is issued on any railway, whether worked by Government or not. The reduction made must include the full number of fares covered by the pass, unless the Government servant certifies that he did not use the pass in respect of any fare or fares for which no reduction is made.

NOTE.—The circumstances under which a free pass may be given are irrelevant and it is immaterial whether it is held by the officer in his official capacity or not.

133. When a Government servant is allowed free transit by steamer, otherwise than in a Government vessel, the mileage allowance which he draws for the journey must be reduced by the amount of the fare which, but for such free transit, he would have paid. If he travels on a free pass, the reduction made must include the full number of fares covered by the pass unless the Government servant certifies that he did not use the pass in respect of any fare or fares for which no reduction is made.

Sub-section (iii).—Other Journeys.

Free transit by boat, road, etc.

134. Except where otherwise expressly provided in this section, when, on a journey other than a journey by railway or by steamer, a Government servant uses a means of locomotion provided at the expense of Government, a local fund or an Indian State, and does not pay the cost of its use or propulsion, he is entitled to travelling allowance as follows :—

(*a*) If he has not to provide separate conveyance at his own expense for his servants or luggage, he may draw the daily allowance of his grade and may not exchange it for mileage allowance. If, however, part of the journey is made by other means of locomotion, he may at his option draw in lieu of daily allowance the mileage allowance admissible for that part.

(*b*) If he has to provide separate conveyance at his own expense for his servants or luggage, he may, if the conditions of rule 58 or 59 are fulfilled, exchange his daily allowance for half the mileage allowance calculated for the journey and draw in addition the mileage allowance admissible for any part of the journey made by other means of locomotion.

When the Government servant pays the cost of propulsion.

135. When a Government servant is provided with means of locomotion as in rule 134, but pays all the cost of its use or propulsion, he may draw travelling allowance under the ordinary rules, subject to the deduction of such fixed hire or charge as a competent authority may fix.

137. A Government servant, who travels by a motor-car which has been supplied to him at the expense of Government on the condition that he himself bears the ordinary cost of maintenance, may draw travelling allowance as for a journey on tour, but the amount of the mileage allowance which he may draw is limited by the following conditions :—

(*a*) If he travels by the motor-car more than 20 miles in one day, he may draw for the first 20 miles the mileage allowance of his grade and for the remainder of the journey three-fourths of such mileage allowance.

(*b*) If he combines with a journey by the motor-car a road journey by other conveyance, he may draw the mileage allowance admissible for the first 20 miles or for the journey by other conveyance whichever is greater, and for the remainder of the journey three-fourths of such mileage allowance.

(*c*) If he combines with a journey by road, whether made wholly or partly in the motor-car, a journey by railway or steamer, he may draw mileage allowance for the journey by railway or steamer in addition to the allowances admissible under clauses (*a*) and (*b*) of this rule for the journey by road.

For a journey which does not involve such an absence he is entitled to no travelling allowance.

CHAPTER V.—Grant of travelling allowance to persons who are not in the Civil Service of the Crown.

Section XXIII.—Government servants in military employ.

General rule.

139. Except as provided in rule 140, the travelling allowance admissible to Government servants in military employ is governed by military regulations.

Military officers invited to attend a durbar or levee.

140. When a commissioned Indian military officer of the regular forces, whether on the active or the retired list, is invited to attend a darbar or levee at a place other than that at which he is stationed or has his residence, a competent authority may grant him travelling allowance for the journey subject to the following limits :—

(*a*) For the journey from his station or place of residence to the place at which the darbar or levee is held and thence back to his starting point, single railway and steamer fares actually paid, and actual travelling expenses for journeys by road subject to the maximum admissible to a Government servant of the first grade.

(*b*) In a case of the kind contemplated by clause (*a*) of this rule, a competent authority may, in its discretion, grant to the person concerned his actual travelling, hotel and carriage expenses instead of travelling allowance under that clause.

Signature of controlling officer necessary on a travelling allowance bill. Exceptions.

143. Except as provided in rule 144, no bill for travelling allowance, other than permanent travelling allowance, shall be paid unless it be signed or countersigned by the controlling officer of the Government servant who presents it.

144. The following Government servants may present bills for travelling allowance without the countersignature of the controlling officer :—

Non-gazetted Government servants : provided that detailed and countersigned bills are subsequently submitted to the audit officer for adjustment.

Delegation of duty of countersignature.

145. Except where expressly permitted by a competent authority, a controlling officer may not delegate to a subordinate his duty of countersignature.

Section XXVI.—Duties and powers.

146. It is the duty of a controlling officer, before signing or countersigning a travelling allowance bill—

(*a*) to scrutinise the necessity, frequency and duration of journeys and halts for which travelling allowance is claimed, and to disallow the whole or any part of the travelling allowance claimed for any journey or halt if he considers that a journey was unnecessary or unduly protracted or that a halt was of excessive duration;

(*b*) to scrutinise carefully the distances entered in travelling allowance bills;

(*c*) to satisfy himself that, where the actual cost of transporting servants, personal effects, etc, is claimed under these rules, the scale on which such servants, effects, etc., were transported was reasonable; and to disallow any claim which, in his opinion, does not fulfil that condition;

(*d*) to check any tendency to abuse the option of exchanging daily allowance for mileage allowance; and

1. Subject, in respect of house-rent allowance, to the provisions of rules 3 and 4, a compensatory allowance attached to a post will be drawn in full by the Government servant performing the duties of that post.

2. A compensatory allowance other than a house-rent allowance may be drawn up to a maximum period of four months by a Government servant who takes leave on average pay from the post to which the allowance is attached or is transferred therefrom for not more than four months to another post, as well as by the Government servant performing the duties of the post to which the allowance is attached; provied that—

(1) the authority sanctioning the leave or transfer, as the case may be, certifies that the Government servant is likely to return, on the expiry of his leave or his temporary duty, to the post to which the allowance is attached or to another post carrying a similar allowance; and

(2) the Government servant certifies that he continues to incur the whole or a considerable part of the expense to meet which the allowance was granted.

3. A house-rent allowance may be drawn by a Government servant on leave or transfer in the circumstances specified in rule 2; provided that he certifies that his previous rate of expenditure for a house continues during his absence and that he places his house, free of rent, at the disposal of the Government servant, if any, who officiates in his post. The officiating Government servant cannot in such case draw the house-rent allowance attached to the post. If, however, the officiating Government servant, for a reason which the local Government considers to be sufficient, refuses the accommodation placed at his disposal, he, and not the absent Government servant, will draw the allowance.

This rule does not apply to any Government servant admitted to the benefits of the Calcutta House Allowance Scheme, in so far as it is inconsistent with the rules governing that scheme.

1. When the day immediately preceding the day on which a Government servant's leave begins or immediately following the day on which his leave or joining time expires is a holiday or one of a series of holidays, the Government servant may leave his station at the close of the day before, or return to it on the day following, such holiday or series of holidays; provided that—

(*a*) his transfer or assumption of charge does not involve the handing or taking over of securities or of monies other than a permanent advance;

(*b*) his early departure does not entail a correspondingly early transfer from another station of a Government servant to perform his duties, and

(*c*) the delay in his return does not involve a corresponding delay in the transfer to another station of the Government servant who was performing his duties during his absence, or in the discharge from Government service of a person temporarily appointed to it.

2. On condition that the departing Government servant remains responsible for the monies in his charge, a competent authority may declare that proviso (*a*) under rule 1 is not applicable to any particular case.

3. Unless the competent authority in any case otherwise direct—

(*a*) if holidays are prefixed to leave, the leave and any consequent re-arrangement of pay and allowances take effect from the first day after the holidays, and

(*b*) if holidays are affixed to leave or joining time, the leave or joining time is treated as having terminated on, and any consequent re-arrangement of pay and allowances takes effect from, the day on which the leave or joining time would have ended if holidays had not been affixed.

The Governor-General in Council has made the following rules under rule 71 of the Fundamental Rules and they are in force in Bengal.

1. The Government servant who has taken leave in Asia on medical certificate may not return to duty until he has produced a medical certificate of fitness in the following form:—

"I, A. B.,_____ do hereby certify that I have examined C. D. of the Department and that I consider him fit to resume his duties in Government service.

2. If the Government servant on leave is a gazetted officer, such certificate should be signed by a commissioned medical officer or a medical officer in charge of a civil station. If the Government servant on leave is not a gazetted officer, the competent authority may, in its discretion, accept a certificate signed by any registered medical practitioner.

Minister in charge : The Hon'ble Mr. P. C. Mitter, C.I.E. (Ministry of Education).

Minister in charge : The Hon'ble Nawab Saiyid Nawab Ali Chaudhuri, Khan Bahadur, C.I.E. (Ministry of Agriculture and Public Works).

No. 19457F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 74(*a*) (*i*) and (*ii*) read with rule 5 of the Fundamental Rules, His Excellency the Governor is pleased to make the following rules prescribing the procedure to be followed in Bengal in connection with leave.

Section I.—Leave-Accounts.

1. The leave-account required by fundamental rule 76 shall be maintained in such form as the Auditor-General may prescribe.

2. (*a*) The leave-account of a gazetted Government servant shall be maintained by, or under the direction of, the principal auditor responsible for the audit of his pay.

(*b*) The leave-account of a non-gazetted Government servant shall be maintained by the head of the office in which he is employed.

Section II.—Application for leave.

3. Except as provided in rule 4 an application for leave or for an extension of leave shall be made to the authority competent to grant such leave or extension.

4. An application by a commissioned medical officer in permanent or temporary civil employ for leave exceeding four months, other than leave on medical certificate, or for an extension of such leave, must be submitted to the local administrative medical officer, by whom it will be forwarded to the Director-General, Indian Medical Service. The Director-General will countersign the application, if the state of the public service admits of the grant of the leave; otherwise, he will abstain from countersigning it. In either case, he will forward the application for disposal to the authority competent to grant the leave

5. A Government servant transferred to foreign service must, before taking up his duties in foreign service, make himself acquainted with the rules or arrangements which will regulate his leave during such service.

Section III.—Medical certificates.

General rules.

6. Medical officers must not recommend the grant of leave in any case in which there appears to be no reasonable prospect that the Government servant concerned will ever be fit to resume his duties. In such cases, the opinion that the Government servant is permanently unfit for Government service should be recorded in the medical certificate.

7. Every certificate of a medical committee or a medical officer recommending the grant of leave to a Government servant must contain a proviso that no recommendation contained in it shall be evidence of a claim to any leave not admissible to the Government servant under the terms of his contract or of the rules to which he is subject.

Procedure in the case of gazetted Government servants.

8. Before a gazetted Government servant can be granted leave, or an extension of leave, on medical certificate, he must obtain a certificate in the following form or as nearly in that form as the circumstances permit :—

"I, A. B., Surgeon at (*or* of).....,do hereby certify that C. D. of the.....service (*or* Department), is in a

bad state of health, and I solemnly and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to..... ....."

This certificate should be accompanied by a statement of the Government servant's case in such form as the local Government may prescribe.

9. Having secured such a certificate, the Government servant must, except in cases covered by rule 12, obtain the permission of the head of his office or, if he himself is the head of an office, of the head of his department to appear before a medical committee. He should then present himself with two copies of the statement of his case before such a committee. The committee will be assembled under the orders of the Administrative Medical Officer of the province, who will, where practicable, preside over it. The committee will be assembled either at the headquarters of the province or at such other place as the local Government may appoint.

10. Before the required leave or extension of leave can be granted, the Government servant must obtain from the committee a certificate to the following effect:—

"We do hereby certify that, according to the best of our professional judgment, after careful personal examination of the case, we consider the health of C. D. to be such as to render leave of absence for a period of ..... months absolutely necessary for his recovery."

11. Before deciding whether to grant or refuse the certificate, the committee may, in a doubtful case, detain the applicant under professional observation for a period not exceeding fourteen days. In that case it should grant to him a certificate to the following effect:—

"C. D. having applied to us for a medical certificate recommending the grant to him of leave, we consider it expedient, before granting or refusing such a certificate, to detain C. D. under professional observation for ..... days."

12. If the state of the applicant's health is certified by a commissioned medical officer of Government or by a medical officer in charge of a civil station to be such as to make it inconvenient for him to present himself at any place in which a committee can be assembled, the authority competent to grant the leave may accept, in lieu of the certificate prescribed in rule 10, either:—

(*a*) a certificate signed by any two medical officers, being commissioned medical officers or medical officers in charge of civil stations, in whatsoever province they may be serving; or

(*b*) if the authority considers it unnecessary to require the production of two medical opinions, a certificate signed by an officer in medical charge of a civil station and countersigned by the Collector of the District or the Commissioner of the Division.

13. The grant of a certificate under rule 10 or 12 does not in itself confer upon the Government servant concerned any right to leave. The certificate should be forwarded to the authority competent to grant the leave, and the orders of that authority should be awaited.

Procedure in the case of non-gazetted Government servants in superior service.

14. An application by a non-gazetted Government servant in superior service for leave, or for an extension of leave, on medical certificate, must be accompanied by a certificate from the applicant's medical attendant. Such certificate should distinctly state the nature of the illness,

its symptoms, probable causes and duration, and the period of absence from duty considered to be absolutely necessary for the restoration of the applicant's health. It should be countersigned by a Presidency Surgeon, if the applicant is in a Presidency town; otherwise, by the officer in chief medical charge of the district in which the applicant resides. The authority competent to grant the leave may, however, in its discretion accept a certificate from the applicant's medical attendant without such countersignature; or, if the applicant be a female, may either dispense with countersignature or accept the countersignature of any female medical practitioner.

15. No certificate should be submitted for countersignature without the cognisance of the head of the office in which the applicant is serving.

16. The countersigning officer may, in his discretion, require the applicant to appear before him, unless it appears from the certificate of his medical attendant that he is too ill to bear the journey. In the latter case, the officer may, after careful investigation of the case, either countersign the certificate or refuse to do so, as he thinks fit.

Procedure in the case of non-gazetted Government servants in inferior service.

17. In support of an application for leave, or for an extension of leave on medical certificate from a non-gazetted Government servant in inferior service, the authority competent to grant the leave may accept such certificate as it may deem sufficient.

Section IV.—Grant of Leave.

18. In cases where all applications for leave cannot, in the interests of the public service, be granted, an authority competent to grant leave should, in deciding which application should be granted, take into account the following considerations:—

(*a*) The Government servants who can, for the time being, best be spared.

(*b*) The amount of leave due to the various applicants.

(*c*) The amount and character of the service rendered by each applicant since he last returned from leave.

(*d*) The fact that any such applicant was compulsorily recalled from his last leave.

(*e*) The fact that any such applicant has been refused leave in the public interests.

19. When a medical committee in India has reported that there is no reasonable prospect that a particular Government servant will ever be fit to return to duty, leave should not necessarily be refused to such Government servant. It may be granted, if due, by a competent authority on the following conditions:—

(*a*) If the medical committee is unable to say with certainty that the Government servant will never be fit for service in India again, leave not exceeding twelve months in all may be granted. Such leave should not be extended without a further reference to a medical committee.

(*b*) If the medical committee declares the Government servant to be completely and permanently incapacitated for further service in India, the Government servant should, except as provided in clause (*c*) below, be invalided from the service, either on the expiration of the leave already granted to him, if he is on leave when examined by the committee, or, if he is not on leave, from the date of the committee's report.

(c) A Government servant declared by a committee to be completely and permanently incapacitated may, in special cases, be granted leave, or an extension of leave, not exceeding six months as debited against the leave account, if such leave be due to him. Special circumstances justifying such treatment may be held to exist when the Government servant's breakdown in health has been caused in and by Government service, or when the Government servant has taken a comparatively small amount of leave during his service or will complete at an early date an additional year's service for pension.

20. Leave should not be granted to a Government servant who ought at once to be dismissed or removed from Government service for misconduct or general incapacity.

21. If, in a case not covered by rule 20, an authority competent to remove a Government servant from service decides, before such Government servant departs from India on leave, that he will not be permitted to return to duty in India, it must inform him to that effect before he leaves India.

22. If, when a Government servant is about to depart from India on leave, it is necessary to consider the propriety of removing him for incapacity, whether mental or physical, which is of such a nature that it is impossible to decide, before he leaves India, whether it will be permanent or temporary; or if for any reason it is considered inexpedient that a Government servant on leave should return to India, a full report of the circumstances must be made by the local Government to the India Office in time to enable the Secretary of State in Council to take any necessary measures before the Government servant would in the ordinary course be permitted to return to duty. The report should in any case reach the India Office at latest three months before the end of the Government servant's leave.

23. When leave on medical certificate has been granted to a Government servant or, in the case of a military officer in civil employ, when the grant of such leave has appeared in orders, if such Government servant or military officer proposes to spend his leave in Europe, North Africa, America or the West Indies, the local Government must without delay forward a copy of the medical statement of the case to the High Commissioner for India.

Section V.—Departure on leave.

24. Every Government servant proceeding on leave out of India should procure from the audit officer and take with him a copy of the memorandum of information issued for the guidance of Government servants proceeding on leave out of India. If the leave has been granted on a medical certificate, he must take a copy of the medical statement of his case also.

25. A Government servant taking leave out of India must report his embarkation, through the audit officer, to the authority which granted his leave in such form as the Auditor-General may prescribe.

Section VI.—Return from leave.

26. A gazetted Government servant, on return from leave, must report his return to the Government under which he is serving.

27. A Government servant returning from leave is not entitled, in the absence of specific orders to that effect, to resume as a matter of course the post which he held before going on leave. He must report his return to duty and await orders.

Section VII.—Commencement of leave.

28. Unless specially otherwise ordered, leave must begin within 35 days of the date on which it is granted.

Minister in charge : The Hon'ble Mr. P. C. Mitter, C.I.E., (Ministry of Education).

No. 19458F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 74 (*a*) (*iv*) read with rule 5 of the Fundamental Rules, His Excellency the Governor is pleased to make the following rules prescribing the procedure to be followed in the maintenance of records of service of Government servants serving directly under the administrative control of the local Government.

Gazetted Government servants.

1. A record of the services of a gazetted Government servant will be kept by such audit officer and in such form as the Auditor-General may prescribe.

Non-gazetted Government servants.

Service book.

2. A service book in such form as the Auditor-General may prescribe must be maintained for every non-gazetted Government servant holding a substantive post on a permanent establishment, with the exception of inferior servants of all sorts.

3. In all cases in which a service book is necessary under rule 2, such a book must be supplied for a Government servant, at his own cost, on his first appointment to Government service. It must be kept in the custody of the head of the office in which he is serving and transferred with him from office to office. It may be given up to the Government servant if he resigns or is discharged from the service without fault, an entry to this effect being first made in the service book.

4. Every step in a Government servant's official life must be recorded in his service book, and each entry must be attested by the head of his office or, if he himself is the head of an office, by his immediate superior. The head of the office must see that all entries are duly made and attested, and that the book contains no erasure or overwriting, all corrections being neatly made and properly attested.

5. Every period of suspension from employment and every other interruption of service must be noted, with full details of its duration, in an entry made across the page of the service book and must be attested by the attesting officer. It is the duty of the attesting officer to see that such entries are promptly made.

6. Personal certificates of character must not, unless the head of the department so direct, be entered in a service book, but if a Government servant is reduced to a lower substantive post, the reason of the reduction must be briefly shown.

7. It is the duty of every Government servant to see that his service book is properly maintained as prescribed in rule 4, in order that there may be no difficulty in verifying his service for pension. The head of the office should therefore permit a Government servant to examine his service book should he at any time desire to do so.

Service-rolls.

8. If a Government servant is transferred to foreign service, the head of his office or department must send his service book to such audit-officer as the Auditor-General may prescribe. The audit officer will return it after noting in it, over his signature, the order sanctioning the transfer, the effect of the transfer in regard to leave admissible during foreign service and any other particulars which he may consider to be necessary. On the Government servant's re-transfer to Government service, his service book must again be sent to the audit officer, who will then note in it, over his siguature, all necessary particulars connected with the foreign service. No entry relating to the time spent in foreign service may be attested by any authority other than the audit officer.

9. A service roll in which the following particulars should be recorded, must be maintained for every other class of non-gazetted Government servants holding substantive appointments on a permanent establishment for whom no service book is necessary.

(*a*) The date of his appointment.

(*b*) His caste, tribe, village, age, height and marks of identification when appointed.

(*c*) The posts which he from time to time holds; his promotions, and his reductions or other punishments.

(*d*) His absences from duty, with or without leave.

(*e*) Interruptions in his service.

(*f*) Every other incident in his service which may involve forfeiture of a portion of it or may affect the amount of his pension.

Every entry in the roll must be signed by the head of the office.

No. 19467F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 106 read with rule 5 of the Fundamental Rules, His Excellency the Governor is pleased to make the following rules regulating the joining time admissible to officers under the administrative control of the local Government.

Joining time.

1. Not more than one day is allowed to a Government servant in order to join a new post when the appointment to such post does not necessarily involve a change of residence from one station to another. A holiday counts as a day for the purpose of this rule.

2. In cases involving a necessary change of station, the joining time allowed to a Government servant is subject to a maximum of 30 days. Six days are allowed for preparation and, in addition, a period to cover the actual journey calculated as follows :—

(*a*) A Government servant is allowed—

For that portion of the journey which he travels or might travel.		*One day for each.*
By railway ...	250 miles.	
By ocean steamer ...	200 „	Or any longer time actually occupied in the journey.
By river steamer ...	80 „	
By motor-car or horse-drawn conveyance plying for public hire	80 „	
In any other way ...	15 „	

(*b*) For any fractional portion of any distance prescribed in clause (*a*) an extra day is allowed.

(*c*) When part of the journey is by steamer, the limit of six days for preparation may be extended to cover any period unavoidably spent in awaiting the departure of the steamer.

(*d*) Travel by road not exceeding five miles to or from a railway station at the beginning or end of a journey does not count for joining time.

(*e*) A Government servant whose pay does not exceed Rs. 100 is not ordinarily expected to travel by motor-car or horse-drawn conveyance plying for public hire, and his joining time is calculated accordingly.

(*f*) A Sunday does not count as a day for the purpose of the calculations in this rule, but Sundays are included in the maximum period of 30 days.

3. When a Government servant, returning from leave out of India exceeding four months, takes joining time before joining his post, his joining time shall be calculated as prescribed in rule 2; provided that it shall, if he so desire, be subject to a minimum of ten days.

4. By whatever route a Government servant actually travels, his joining time shall, unless a competent authority for special reasons otherwise order, be calculated by the route which travellers ordinarily use.

5. If a Government servant is authorized to make over charge of a post elsewhere than at its headquarters, his joining time shall be calculated from the place at which he makes over charge.

6. If a Government servant is appointed to a new post while in transit from one post to another, his joining time begins on the day following that on which he receives the order of appointment.

7. If a Government servant takes leave while in transit from one post to another, the period which has elapsed since he handed over charge of his old post must be included in his leave, unless the leave is taken on medical certificate. In the latter case, the period may be treated as joining time.

8. If a Government servant is appointed to a new post while on leave of less than four months' duration, his joining time will be calculated from his old station or from the place in which he received the order of appointment, whichever calculation will entitle him to the less joining time.

9. A competent authority may in any case extend the joining time admissible under these rules, provided that the general spirit of the rules is observed.

10. Within the prescribed maximum of 30 days, a competent authority, on such conditions as it thinks fit, grant to a Government servant a longer period of joining time than is admissible under the rules in the following circumstances :—

(*a*) when the Government servant has been unable to use the ordinary mode of travelling or, notwithstanding due diligence on his part, has spent more time on the journey than is allowed by the rules ; or

(*b*) when such extension is considered necessary for the public convenience or for the saving of such public expenditure as is caused by unnecessary or purely formal transfers ; or

(*c*) when the rules have in any particular case operated harshly ; as, for example, when a Government servant has through no fault on his part missed a steamer or fallen sick on the journey.

No. 19468F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 106 read with rule 5 of the Fundamental Rules, His Excellency the Governor is pleased to make the following rules specifying the places and stations to which Fundamental Rule 105D applies.

1. The following places and stations are declared to be not easy of access :—

(1) Sikkim, Tibet and Bhutan.

(2) Chittagong Hill Tracts.

Orders issued by the Governor-General in Council under fundamental rule 114.

The Governor-General in Council is pleased to issue, under fundamental rule 114, the following orders regulating the amount of remuneration which may be sanctioned by a local Government for a Government servant transferred to foreign service in an Indian State :—

1. When the transfer of a Government servant to foreign service in an Indian State is sanctioned, the pay which he shall receive in such service must be precisely specified in the order sanctioning the transfer. If it is intended that he shall receive any remuneration, or enjoy any concession of pecuniary value, in addition to his pay proper, the exact nature of such remuneration or concession must be similarly specified. No Government servant will be permitted to receive any remuneration or enjoy any concession which is not so specified ; and, if the order is silent as to any particular remuneration or concession, it must be assumed that the intention is that it shall not be enjoyed.

2. No order of transfer to foreign service shall be issued by a local Government without previous consultation with its Finance Department. It shall be open to

that Department to prescribe, by general or special order, cases in which its consent may be presumed to have been given.

3. The following two general principles must be observed by local Governments in sanctioning the conditions of transfer:—

(*a*) The terms granted to the Government servant must not be such as to impose an unnecessarily heavy burden on the Indian State which employs him.

(*b*) The terms granted must not be so greatly in excess of the remuneration which the Government servant would receive in Government service as to render foreign service appreciably more attractive than Government service.

4. Provided that the two principles laid down in paragraph 3 above are observed, a local Government may sanction the grant of the following concessions by the foreign employer. Such concessions must not be sanctioned as a matter of course, but in those cases only in which their grant is in accordance with local custom and the wishes of the Darbar and is, in the opinion of the local Government, justified by the circumstances. The value of the concessions must be taken into account in determining an appropriate rate of pay for the Government servant in foreign service:—

(*a*) The payment of contributions towards leave-salary and pension under the ordinary rules regulating such contributions.

(*b*) The grant of travelling allowance under the ordinary travelling allowance rules of the local Government or under the local rules of the Darbar, and of permanent travelling allowance, conveyance allowance and horse allowance.

(*c*) The use of State tents, boats and transport on tour, provided that this is accompanied by a corresponding reduction in the amount of travelling allowance admissible.

(*d*) The grant of free residential accommodation, which may be furnished, in cases in which the local Government considers this to be desirable, on such scale as may seem proper to the local Government.

(*e*) The use of State motors, carriages and animals.

5. The grant of any concession not specified in paragraph 4 above requires the sanction of the Governor-General in Council.

Minister in charge, The Hon'ble Sir S. N. Banerjea, Kt. (Ministry of Local Self-Government).

Minister in charge: The Hon'ble Mr. P. C. Mitter, C.I.E. (Ministry of Education).

Minister in charge: The Hon'ble Nawab Saiyid Nawab Ali Chaudhuri, Khan Bahadur, C.I.E. (Ministry of Agriculture and Public Works).

No. 19469F., dated the 23rd December 1921.—In exercise of the powers conferred by rule 119 (*b*), read with rule 5 of the Fundamental Rules, His Excellency the Governor is pleased to make the following rules prescribing the rate of interest, if any, to be levied on foreign service contributions in the case of officers under the administrative control of the local Government.

1. If a contribution for leave-salary or pension which is due from a Government servant in foreign service is not paid within fifteen days from the end of the period to which it relates, the Government servant concerned

must pay to Government interest on the unpaid contribution, at the rate of four pies a day per 100 rupees upon the amount due, from the date of expiry of the period of fifteen days up to the date on which the contribution is finally paid.

Charge of office.

1. Unless for special recorded reasons of a public nature a competent authority, under whose orders the transfer takes place, permits or requires it to be made in any particular case elsewhere, or otherwise, the charge of an office must be made over at its headquarters, both the relieving and the relieved officers being present.

2. The headquarters of a Government servant shall be in such place as a competent authority may prescribe.

NOTE 1.—As a general rule, and subject to any special orders to the contrary in any particular case, the headquarters of an officer on the staff of Government, as for instance, a Secretary to Government or a clerk in the Government Secretariat, are the headquarters for the time being of the Government.

NOTE 2.—The headquarters of any other officer are, in the absence of any orders to the contrary, the station where the records of his office are kept.

Age of admission into superior pensionable Government service.

1. A person whose age exceeds twenty-five years may not ordinarily be admitted into the service of Government in superior pensionable service. A competent authority may, however, relax this rule in special cases.

NOTE.—The ordinary age-limit is extended to twenty-eight years in the case of a Civil Assistant Surgeon.
